**BETTER TO GIVE THAN TO RECEIVE**

Which gives you greater pleasure—receiving a gift, or giving one? Do you, personally, get more satisfaction in passively accepting something that is handed you, however much you may have desired it, than you do in planning, selecting, perhaps sacrificing, in order that someone else may be happy? The chances are vastly in favor of your answering that you would rather give than receive—and you will mean it.

There is a peculiar and saving element in human nature that makes giving—especially when the giver feels that he is enduring some hardship by his act—a very attractive occupation to most people. Call it what you will—self justification, self righteousness or even outright exhibitionism—the fact remains that most people would rather help somebody out than themselves be helped; they would rather forego a pleasure than miss the opportunity of helping a neighbor out of a difficulty.

The Community Chest is a form of organized giving. Because it lacks the element of personal contact of an individual gift does not detract from its actual value. Other advantages outweigh this seeming lack.

Centralized collection and disbursement greatly enlarges the usefulness of small individual gifts. Accurate information as to needs makes possible the widest and wisest expenditure of funds. Centralized buying makes the money go further.

Public spirited citizens will support a Community Chest because it is an essential community activity—a group must supply the needs of all its members, and the stronger provide for the weaker. Others will support this activity because it appeals to their humanitarian sense—it satisfies their feeling that they should help those less fortunate than themselves. Still others will respond because they derive pleasure from giving. Whatever your personal reason for giving may be, you will want to give. Don't put off your contribution—give now.

**Nearly 500 Enroll In Adult Classes**

Classes in the adult education program at the high school are filling up fast. There are nearly 500 persons enrolled with others already on waiting lists. The following classes are definitely closed: public speaking, advanced typing, beginning typing, sewing, metal work. However those interested in the subjects are still advised to put their names on the waiting list as they will be notified as vacancies occur. There is still room for a few more applicants in woodwork, pottery, tap dancing, rhythmic dancing, advanced shorthand, English usage, child study, and unlimited space in current affairs, contract bridge, men's gym and badminton. The adult education board is also interested in receiving now, requests for new classes for the February term so that plenty of time may be had to consider the inclusion of subjects, not now on the schedule, for which there is a real demand.

**Music Appreciation Offered in Night Classes at High School**

A class in music appreciation is being offered at the high school on Monday evenings and will open as soon as there are 20 applicants. Mr. Finch of the high school will be the instructor and the class promises to be of very real value to music lovers. Composers and principal music forms will be studied in order that the listener may better understand music heard. Frequent use of phonograph recordings will be made to illustrate examples selected from the best musical literature. A serious attempt will be made to adapt the course to the needs of the majority of the class. Those interested should get in touch with either Mrs. G. G. Williams, H. P. 1942, or Mrs. Leslie Schauflyer, H. P. 1109.

**2nd ANNUAL CALL TO HIGHLAND PARKERS**  
 OCTOBER 15-26, 1936

For the benefit of **YOUR HOME and YOUR LOVED ONES** help the Highland Park Community Chest **CARRY ON**

• Of course, YOU do not need charity! You have a job! Your children are strong and healthy! Emergencies and welfare needs in your home can be met with assurance!

**BUT WHAT ABOUT YOUR NEIGHBOR?**

His lack of employment perils your own business. His ailing, uncared-for children may bring distress to your own fireside.

**CONTRIBUTE TO THE HIGHLAND PARK COMMUNITY CHEST**

... that he and his family may be helped. Don't call it "charity"! Call it "home insurance." Every penny you spend in this manner brings greater peace and security for your own family. Remember... no community, NO HOME, can abide in unthreatened happiness with local welfare work undone.

**THE COMMUNITY CHEST IS WELFARE WORK ON-A-BUSINESS-BASIS!**

It unifies in one concerted annual campaign what has hitherto been done in thirteen scattered and separate efforts. It enables the large contributor to avoid waste; it enables the small contributor to do the greatest possible good with every penny contributed.
