**First Church of Christ, Scientist**  
 First Church of Christ, Scientist, Highland Park, Illinois, 381 Hazel avenue, is a branch of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

The Sunday morning service is held at 11 o'clock, and the Wednesday evening meeting, which includes testimonies of Christian Science healing, its at 8 o'clock.

Sunday school is open to pupils up to the age of 20 years, and is held Sunday morning at 9:30.

Subject for next Sunday's Lesson sermon, "Doctrine of Atonement." A free public reading room is maintained by this church at 43 N. Sheridan road, which is open daily from 9 o'clock in the morning to 6 in the evening, except on Saturday when it is open from 9 a.m. to 9 p.m.

On Sunday the reading room is open from 2:30 to 5:30. Here the Bible and all authorized Christian Science literature may be read, borrowed, or purchased.

All are cordially invited to attend the services and make use of the reading room.

### CHRISTIAN SCIENCE CHURCHES

"Are Sin, Disease, and Death Real?" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, October 11.

The Golden Text was, "Resist the devil, and he will flee from you. Draw nigh to God, and he will draw nigh to you" (James 4:7, 8).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Blessed be the Lord who daily loadeth us with benefits, even the God of our salvation. He that is our God is the God of salvation; and unto God the Lord belong the issues from death" (Psalm 68:10, 20).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "In the Gospel of John, it is declared that all things were made through the Word of God," and without Him (the *logos*, or word) was not anything made that was made. Whatever is valueless or harmful. He did not make,—hence 'tis uncreated" (p. 525).

**WIDEN YOUR ROADS WITH CONCRETE**

**RELIEVE CONGESTION SPEED TRAFFIC INCREASE SAFETY**

NO community today can afford narrow, congested roads and streets.

Today's swollen traffic clamors for "elbow room." The practical answer is to widen crowded roadways with concrete. Restores normal speeds. Eliminates congestion. Provides ample room for passing. Saves countless hours. Increases safety. And wider roads boost business.

Whether you build new roads or widen old, be sure to demand concrete—the safest and most economical pavement for modern traffic.
