

HIGHLAND PARK PUBLIC LIBRARY HIGHLAND PARK ILLINOIS

The annual meeting of the Illinois Library Association is to be held in Peoria, October 28, 29 and 30. These meetings offer a chance for an interchange of ideas of the State. Miss Dorothy Heicke and Miss Clover Flanders are planning to attend as representatives of the Highland Park Library.

Outstanding articles in the October issues of American periodicals cover many aspects of contemporary problems. The following articles may be read in the current issues now on file at the Highland Park Public Library.

The Confusion in Higher Education, by Robert Maynard Hutchins, in Harper's magazine. This is jammed full of revolutionary ideas the services that colleges and universities might be able to render to the nation, and specific means to accomplish these ends.

Issues in the Political Campaign, by Walter Millis in the Yale Review. The immediate vital issue of national policy which the voters will decide at the polls in November are five in number, says Wal-

ter Millis, well-known journalist and author of "Road to War"—agrarian benefits, labor organizations, relief, the budget, and social security.

Grass Did Not Grow, by Rexford Guy Tugwell in Fortune. "If the American people want a President they will have to re-elect the present one; his opponents seem to be promising, if they are elected, not to have any."

The International Monetary Situation, by Alvin H. Hansen in the Yale Review. This currency expert predicts early devaluation of the franc and price inflation in Europe if the huge military expenditures now planned are made, though he believes that with five or six years of peace, a considerable measure of international monetary stability could be achieved.

Constitutional Overtones in 1936, by Thomas Reed Powell in the Yale Review. "The Supreme Court is framing and adapting constitutional provisions to an extent comparable with the work of the original framers and ratifiers" argues Professor Powell of Harvard in a lucid article on the constitutional implications of the campaign.

Minneapolis—Jim Hill's Empire, by Charles R. Walker in Survey Graphic. A Municipal Profile in which the social tensions caused by militant labor unions in a flagging local economy, are traced back to the conquest of Jim Hill's Empire.

Annapolis—Stronghold of Mediocrity, by James Oliver Brown in Forum and Century. Mr. Brown charges his Alma Mater with three shortcomings: failure to develop the thought process; failure to provide a broad education; and failure to develop character, initiative and individuality.

All Children Should Pass, by Samuel Tenebaum in Survey Graphic. Don't discourage the dumb, warns a New York school teacher, quoting official studies of the truancy, maladjustment and crime caused by grading pupils according to what they've learned from books.

Resolution Adopted By Supervisors to Be Voted Upon

The following resolution adopted by the Board of Supervisors of Lake county, is to be voted upon at the coming election, next Tuesday. The proposition is of vital interest to all voters in this county and should be given considerable thought.

Resolution adopted by the Lake County Board of Supervisors at its meeting of June 8, 1936:

WHEREAS, tuberculosis among the residents of Lake county present to this county a serious public health menace and a great financial problem; and

WHEREAS, more than one hundred legal voters of Lake county have petitioned this body to submit the proposition for the levy of a special tax not to exceed one and one-half mills on the dollar of the taxable property in Lake county, Ill., for a referendum vote at the next general election to be held in November, 1936, in accordance with "An Act Relating to County Tuberculosis Sanitaria." As approved June 28, 1915, and as amended by Act approved June 21, 1923; and

WHEREAS, it is the opinion of this Board of Supervisors that Lake County needs tuberculosis sanitarium facilities to help control this disease among the residents of Lake county; and

WHEREAS, it is the opinion of this Board of Supervisors that the tax for the control of tuberculosis in this county, and for the establishment and maintenance of a county tuberculosis sanitarium for Lake county, should be in excess of the statutory tax limit of twenty-five cents on the one hundred dollars valuation of the taxable property in Lake county.

WHEREAS, the statutes of the State of Illinois provide through "An Act to raise taxes in excess of the statutory limit" a means to provide for the control of tuberculosis in Lake county.

THEREFORE, BE IT RESOLVED: That the County Clerk of Lake county, Illinois, be instructed, and he is hereby, to take all necessary legal steps to place before the voters of Lake county, Illinois, the question of raising tax in excess of the statutory limit of twenty-five cents per one hundred dollars valuation, said tax not to exceed one and one-half mills on the dollar of the assessed valuation of all taxable property in Lake county for the years 1937, 1938, 1940, 1941, 1942, 1943, 1944, 1945 and 1946; the aggregate of such tax to equal approximately \$80,000.00 per year. The purpose for which this tax shall be raised is for the establishment and maintenance of a County Tuberculosis Sanitarium in Lake county, Illinois, in accordance with "An Act Relating to County Tuberculosis Sanitaria."

The question which the County Clerk shall place before the voters at the next regular election, November, 1936, is:

"Shall there be levied in Lake county, Illinois, a tax for the years 1937, 1938, 1939, 1940, 1941, 1942, 1943, 1944, 1945, and 1946, said tax to be in excess of the statutory limit of 25 cents per \$100.00 valuation as assessed and equalized for State and County purposes; said excess tax not to exceed 1 1/2 mills on the dollar of the assessed valuation of the taxable property in Lake county, Illinois; said excess tax to be for the purpose of establishing and maintaining a Lake County Tuberculosis Sanitarium in accordance with the provisions of "An Act Relating to County Tuberculosis Sanitaria." (Approved June 21, 1915; L. 1915, p. 346; title as amended by Act approved June 21, 1923, L. 1923, p. 301.)" The excess tax is to be raised in accordance with "An Act to raise tax in addition to the statutory limit" and the proposition is to be submitted to the voters in accordance with the provisions of his Act.

Deerfield Legion Plans to Observe Armistice Day, Nov. 11

Deerfield Post No. 738, The American Legion, and its Auxiliary Unit, will present a special program in observance of Armistice Day, November 11, 1936. At an informal meeting in the Masonic Temple, at 8 o'clock on the evening of Armistice Day, ex-service men and women will relate their experiences on the first Armistice Day. The program, which is under the direction of William Cruickshank, representing the Post, and Mrs. William Tennermann, representing the Unit, will also include community singing and specialty numbers. Following the Post's established custom, this will be an open meeting, and a cordial invitation is extended to interested persons to attend.

Nature Hike for Girl Scout Leaders

The Forest Preserve will be the scene of a nature hike led by Mrs. Raymond Watts of Braeside, for Girl Scout Troop leaders of Highland Park, Glencoe and Winnetka on Wednesday, November 4, starting from Skokie House at 9:30. Nature study at first hand is one of the most important and interesting parts of the Girl Scout program. By observation and study, the Scouts get a comprehensive knowledge of trees, flowers, rocks, birds and insects, with the real love of the outdoors that only close association can give.

Highland Park women who volunteered their time as troop leaders include Mrs. William Mann, Mrs. Earl Moseley, Miss Miriam Steevers, Miss McLaren, Miss Elizabeth Rankin and Miss June Stockwell.
