Large Audience Hears Lecture on Christian Science

A lecture on Christian Science, was delivered Friday evening, before a large assemblage at the Elm Place School auditorium, by Frank Bell, C.S.B. of New York city, a member of the Board of Lectureship of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

You will find, if your experience does not differ from that of countless thousands of your fellow-men, that the setting into operation of these processes of Christianly scientific thinking will begin to be made manifest in most practical ways in your experience, in healing of sickness, overcoming of sin, mastery of lack, suppression of discord, elimination of fear. There is rich reward in taking your stand mentally on the side of the good God and His good creation.

There is in spiritual reality nothing the matter with God or His creation. The trouble is with our sense of things. We need to take on the Mind that was in Christ Jesus, which enabled him to say with absolute conviction, "Be ye therefore perfect, even as your Father which is in heaven is perfect." We need not merely to believe this theoretically, but to af-

The Sanitarium Tax proposal carried the township by a small margin, with close to 1800 voting for and 1500 against in seven precincts. In one precinct, the proposal was rejected.

Only a small portion of Lake county voters, cast the small ballot on the tax proposition of levying a tax not to exceed 15 cents on a \$100 property valuation in the county for the purpose of establishing and maintaining a county tuberculosis hospital. However incomplete returns showed that it carried in the county.
