HIGHLAND PARK PRESS

Last year the "Sunbeam" started its service to Florida for the first time and immediately began to set a record for transporting an ever increasing throng of winter vacationists from Chicago, Detroit, Cleveland and other middle western cities...

The Florida Sunbeam has the most modern type of coach and Pullman car equipment, including bedroom, drawing room and section sleeping cars, buffet lounge car and dining car...

The Florida Sunbeam is completely air-conditioned. Many who have not traveled in the winter time from the bitter cold weather of Chicago and the Great Lakes region to the very warm temperatures of Florida, often do not realize the importance of air-conditioning on such a trip...

In addition to the Florida Sunbeam, the Ponce de Leon and the Royal Palm will continue daily service to Florida. All three trains leave Chicago from Central station at Michigan avenue and Roosevelt road.

This season low rail fares in Pullman cars and coaches and the reduced charges for berths, sections, compartments, drawing rooms and bedrooms are winning many regular drive-to-Florida vacationists to the safety and comfort of rail travel.
