

Deerfield Auxiliary Starts Busy Season

The regular monthly meeting of the Deerfield Auxiliary to the Legion post No. 738 was held on Monday evening, Nov. 16, at the home of Mrs. Earl Frost. There was a large attendance.

Americanism chairman Mrs. W. A. Tennermann reported that the year's program had been gone into with the Legion, and that they were in full accord with various programs suggested, the first having been the joint Armistice Day program.

The Americanism work is to be taken into the Deerfield-Shields high school this year with the Highland Park unit to work with us. Children of the three higher grades of three grammar schools are to be taken to the naturalization hearing at Waukegan at a later date.

Mrs. Phil Scully, Community Service chairman announced that the distribution of clothing would begin on Wednesday, Nov. 18th on the balcony of the grammar school, and that clothing of all kinds is badly needed at this time.

Contributions of the Treasure Chest, rehabilitation, Christmas gift and educational funds are being sent in to the department again this year. Magazines and used or new Christmas cards are asked for by the U.S. V.H. hospital No. 105, and our rehabilitation chairman will be glad to see that all such are called for should they be offered.

The next junior group meeting is to be held on Saturday, Nov. 21st, at the home of the Goodman girls on Central ave.

A fine report of the Tenth District held at Grays Lake was given by the president. At the Conference Caravan Americanism was again stressed, our object to the "To Foster and Perpetuate a 100 per cent Americanism in our community! The Essay contest subject for this year is to be "America, an Example to the World." Our program for this year promises to be a very worth while one, indeed.—Contributed.

Deerfield Board Buys New Truck

The November meeting of the Deerfield Village Board was held last Tuesday evening, with Mayor Harry E. Wing presiding. Present were trustees Edwin Palmer, Ralph Peterson, Marshall Pottenger and C. S. Scribner, and Clerk Chester Wessling. Absent trustees were Monroe McKillop and C. M. Willman.

Arrangements will be made by M. A. Pottenger to have septic tanks pumped out before winter sets in. Temporary repairs will be made on storm sewers on east Deerfield road.

Vehicle licenses for 1937 have been ordered and will be on sale before January 1.

A new Diamond T truck with dump body has been purchased for the village.

Public hearing before the Zoning Board of Appeals to amend the zoning ordinance, Section 3, of intensity of use of lots, will be held Tuesday evening, Dec. 1, at 8 o'clock at the Village hall. This meeting is in regard to the growth of the building industry in Deerfield. It concerns the Goldman subdivision south of the school and west of Briergate Golf club. Lots at present are platted at 100 foot frontage. The zoning ordinance allows only one dwelling to a lot. The petitioners wish to have it replatted as fifty foot lots. Plans are made to build 150 new homes to sell at approximately \$9,000 each, if the Board of Appeals approves the petition.

The usual reading of delinquent water users was read and the names posted for public inspection. The routine reading of due bills concluded the meeting.

Deerfield Club Hears Mrs. Mason

The Deerfield Woman's club met Tuesday, Nov. 10, in the Library. Mrs. Burr Hindahl, president, opened the meeting and club business was discussed. A nurse girl has been engaged to take care of small children in the kindergarten room during the meeting so it will be possible for mothers having young children to attend the Woman's club.

Eight new members were welcomed into the group. Mrs. Donald Easton, chairman of the social service department, is in charge of the local Red Cross roll call now being conducted.

Mrs. Leslie Brand introduced Mrs. Charles G. Mason, chairman of Americanism of the Tenth District, who read a paper on "American Citizenship," which was most worth while, followed by an informal discussion.

Tea was served by the hospitality committee, Mrs. George Truitt pouring. Because of the Thanksgiving holidays there will not be another meeting in November. The next meeting is scheduled for Dec. 8th.

The "open road" invites high speed, but a smart driver remembers that the rural highway is the scene of two out of every three automobile fatalities, says the Chicago Motor Club. The city, strange as it may seem, is actually safer in many respects than the country!

Aged Woman Struck by Car in Glencoe

Mrs. M. Bartling, age 80, of 334 North avenue, was hit by a car driven by H. Hudgins of 2190 Pine Point drive, at Glencoe road and Park avenue, Glencoe, November 7. She was removed to the Highland Park hospital, apparently suffering from a skull fracture. She is reported doing nicely at the local hospital.

The accident occurred when Mrs. Bartling, walking east, stepped into the traffic lane after the lights had changed.

Probate Will of Mrs. Martin Insull

The will of Mrs. Martin J. Insull, wife of the former president of the Middle West Utilities company,

was admitted to probate Monday by Judge Martin C. Decker in the Lake County Probate court at Waukegan. Mrs. Insull died May 11 at Toronto, Ont., where she lived with her husband. The Insulls were former residents of Highland Park.

According to Attorney Ely Aaron the will disposes of an estate estimated at \$50,000. It provides annuities of \$3,600 for her husband, \$1,200 for a daughter, Mrs. William K. Rafferty of Morocco, Ind., and an outright gift of \$5,000 to her son-in-law.

The major portion of the estate is being handled in Canada, according to Attorney Aaron, and yesterday's action was for the purpose of administering real estate valued at \$20,000 and \$2,500 in personal property belonging to Mrs. Insull in Lake county.

New American Home Garden Laid Out by Charles Fiore

Residents of Chicago's communities and suburbs may obtain practical suggestions for their fall and winter gardens by visiting the new American home at Michigan ave. and Roosevelt rd., Chicago.

This is the advice given by Stuyvesant Peabody, chairman of the New American Home committee which sponsored the home. The structure was erected under the auspices of the Federal Housing Administration.

Appropriate for the fall and winter months, junior was employed for the foundation planting, according to Mr. Peabody.

While the garden surrounding the new structure in the heart of downtown Chicago is a simple plantation,

it is highly effective and is drawing much favorable comment, he said. A rustic fence separates the formal garden from a vegetable and small fruits patch. This fence, which is unpainted, fits into the garden scene well with its woven strips of wood.

According to Mr. Peabody, cherry trees or gooseberries and blackberries could well be planted in such a garden.

The garden was laid out by Charles Fiore, our local landscape artist, who worked in cooperation with the Chicago Park district. Mr. Fiore has adjusted the grade to the house and the walk. Evergreens are potted in the corners and at the doorway. About the grounds are a liberal sprinkling of mountain ash.

"Sun Down, Slow Down," is a modern safety maxim which all motorists should heed, says the Chicago Motor club. Over half of all traffic deaths occur during dusk or darkness. Remember: you just can't see well after dark.
