Mrs. C. C. Bullock has gone to her home in California for the winter.
Miss Muriel Prato entertained at tea Sunday afternoon from five to seven o'clock, to meet her sister-in-law, Mrs. Peter Prato. Mrs. Prato was Miss Eleanor Conrad before her marriage to Muriel's brother on November 7th.
Mrs. Grover Q. Grady is entertaining at a family dinner on Thanksgiving Day.

Mrs. Homer Sleeman of S. St. Johns avenue, underwent a major operation at Victory Memorial hospital in Waukegan, Monday. Her mother, Mrs. Meredith, has come from her home in Mansfield to be with her daughter.

Mrs. James Collins of Lincoln place is entertaining relatives from Kenosha at dinner, Thanksgiving Day.

Mr. and Mrs. E. E. Parratt of St. Johns avenue, spent the week-end with Mrs. Parratt's sister in Badaxe, Mich.

Mrs. H. B. Roberts returned last week from a motor trip through the Blue Ridge and Cumberland mountains, visiting in their own cabins, some of the mountaineers or hill billies, in that section of Virginia. Mrs. Roberts accompanied her brother and family, the Frederic J. Browns of La Grange, Ind., and reports the foliage, weather and roads superb.

Mr. and Mrs. Joseph Falaseo of Winnetka are the proud parents of a daughter born Tuesday at the Highland Park hospital.

Mrs. Paul W. Blanchard of Walker avenue recently returned from Randolph Field, San Antonio, Texas, where she visited her son and his wife, Lt. and Mrs. Paul W. Blanchard, Jr., United States Army Air Corps.

Mr. and Mrs. Harry Spanton of County Line road are announcing the birth of a son born Saturday at the Highland Park hospital.

Mrs. William Hering of Detroit, Mich., is visiting her sister, Mrs. Bertha E. Kittman of N. St. Johns avenue.

Mr. and Mrs. Edgar C. Benson of Highland are receiving congratulations on the birth of a son born Sunday at the Highland Park hospital.

The W. C. T. U. will meet at the home of Mrs. William Pearce, 48 N. Green Bay road, on Wednesday, Dec. 2, at 2 o'clock.

Major William C. Goldsboro of Maxwell Field, Montgomery, Ala., is spending Thanksgiving with Mr. and Mrs. Harry Warren of 70 Elmwood drive.

Roy and George Delhaye spent

the early part of the week hunting on the Illinois river.

Carl Hefferson of S. St. Johns avenue returned Wednesday from Flemington, N. J. and Cortland, N. Y., where he has been visiting relatives the past three weeks.

Mr. and Mrs. D. Pierantoni announce the marriage of their daughter, Marie, to Dom Bartoli, which took place in Hubbard Woods on November 12. The young couple spent their honeymoon in Denver.

Mrs. U. S. Kiehl of Highwood entertained at a bridge-luncheon on Thursday afternoon.

County Firemen Meet in Deerfield

The Lake County Firemen's association held its November meeting Monday in the fire station at Deerfield. Richard E. Vernor, manager of the Western Actuarial Bureau, Chicago, was the speaker.

A second feature of the monthly session was a demonstration of the E. & J. life saving apparatus by a representative of that company.

The county firemen's association which comprises 15 volunteer and five paid fire departments, will be expanded to take in the organized departments of some of the industries along the north shore, it was announced by officials.

The Abbott Laboratories of North Chicago have already asked for membership in the county association and other industrial departments will be contacted. The move is considered an important one from the standpoint of more efficient fire fighting.

The 15 volunteer departments having membership in the county association are Antioch, Barrington, Deerfield, Fox Lake, Gurnee, Grayslake, Highwood, Lake Villa, Lake Bluff, Long Grove, Lake Zurich, Libertyville, Mundelein, Round Lake, and Wauconda.

Paid departments include Highland Park, Lake Forest, North Chicago, Waukegan, and Zion.

Joseph Dada, Gurnee, is president; Art Meyer, Lake Bluff, vice-president; Fred Hamlin, Lake Villa, treasurer, and A. W. Foss, Libertyville, sergeant-at-arms.

Firemen Want Toys for Needy Children

All children look forward to Christmas, and what a disappointment it is if they don't get any toys for Christmas? Your child may be fortunate enough to have these, but what of the child whose parents cannot afford to get them toys?

The Highland Park firemen, each year take old toys that are sent them, repaint and repair them, and on Christmas distribute them among the less fortunate. They do all the work and the only compensation they reap from this, is the real pleasure of helping the poor. You can help these men if you will just give them the discarded wagon, sled, doll or any other toy that Jimmie or Mary have no further interest in. They will repair them, and distribute them to a child who will have use for it. All they ask is your cooperation. By getting the toys early, the firemen can do a better job of repairing. Won't you help them in their efforts. Deliver your contribution to either the Highland Park or Ravinia station.

Every day the papers write of hunting accidents. "Hunter accidentally shot." "Rifle or shot gun explodes when hunter drops gun." And so on.

A loaded gun should not be taken into a house, hunting shack, or car. Many times some other person tries out the "sight," pulls the trigger, and a fatality is the result. Pulling a loaded gun through a fence by taking hold of the barrel is a dangerous stunt.

Do not clean a gun until you have made positive inspection of chamber and barrel. Never point a gun at anybody. It's foolish and senseless action.

The supposedly unloaded gun is the gun that has killed many people. If you cannot handle a gun, stay away from it.

Gives Life Story of an American Crusader, Sunday

"Justice Brandeis at Eighty" (the life story of an American crusader) will be the subject of Rabbi Charles E. Shulman's sermon on Sunday, November 29th, at the North Shore Congregation Israel in Glen-coe. Services start at 11 o'clock and visitors are always cordially welcome.

The service on Sunday, December 6th, will be conducted entirely by members of the B'nai Brith Hillel foundation at Northwestern university and will be devoted to the cause of peace. Rabbi Martin M. Weitz, director of the foundation at Northwestern, has written a special service for the occasion. Such youth services afford exceptional opportunities for contact with the thought and opinions of our university students.

Thursday, November 26

United Air Lines Buy 68 Engines

United Air Lines has purchased sixty-eight Pratt & Whitney Wasp 14-cylinder engines, the largest order ever placed for engines of 1,000 horsepower or more for commercial planes, it was announced here yesterday by W. A. Patterson, United's president. The engines are now being installed in United's new \$3,000,000 fleet of twenty-eight twin-engine Douglas transports, including fourteen and twenty-one passenger planes, and sleepers, for its New York-Chicago-Pacific coast route. The order was placed after competitive engine tests in one of the new twelve-tone Douglases.

United officials said the fourteen cylinder type motor will make United's fleet the most powerful passenger land planes in this country. They are rated at 1,000 horsepower, with maximum available horsepower 1,150 per engine. United's Douglases will be the only commercial planes in this country equipped with fourteen-cylinder engines, the nearest approach of other engines being nine cylinders.

Using only 62 per cent of available engine power United's new Douglases will cruise more than three miles a minute and with a cruising range of 1,500 miles will enable United to reduce its present coast-to-coast flying time. Reserve power of the twin-row engines will enable the airliner to maintain full flight with only one of the two motors in operation. It can climb two miles with only one engine in use. With both engines operating, the fully-loaded plane can climb 1000 feet per minute, and attain a ceiling of 24,300 feet.

The twin-row Wasp engines contain various exclusive design features. They produce approximately one horsepower for only one and one-quarter pounds of weight. They have patented automatic mixture control and constant speed three-blade propellers, United having been the first airline to equip its entire fleet with this device. These engines, the only twin-row powerplants in use on passenger land planes, are similar to those used on the trans-Pacific clippers and on high-powered military and naval aircraft, including the world record-breaking 3400-mile non-stop flight with flying boats from the Canal Zone to San Francisco.

Illinois Has Little Cause to Worry About "Tuleremia"

Quite often, in the fall, many localities develop rabbit scares arising in most cases from careless interpretation of articles regarding tuleremia (rabbit fever). The cottontail in Illinois is generally in excellent health this season and no more than the usual, comparatively few cases of tuleremia should develop. Simple precautionary measures will enable the person handling rabbits to avoid this infrequent but decidedly serious ailment.

The germ must enter the blood stream. To prevent this, refrain from rubbing the eyes while handling rabbits and absolutely protect any open cuts or sores that may come in contact with either the fur or flesh of rabbits. Immediate care should be taken of any wound, however slight, from a broken rabbit bone.

Cooking destroys the germ. Tuleremia is not contracted from eating the well-cooked flesh of rabbits.

Philathea Class Meets
The Philathea class of Bethany church will hold their meeting, originally scheduled to meet one week earlier, at the home of Mrs. Florence Brand, Deerfield road, Tuesday, Dec. 15. All members are urged to attend as well as any friends of Bethany.

12, 19, 22, February 2 and 9.

Brownie Packs for girls aged 7 to 10 are the stepping stones to Girl Scout Troops; but primarily they are a vital need both educationally and socially in the growth of the younger girls. At their meeting once a week the Brownies take part in active games, singing, stories, tests, nature observation, and ceremonies. The spirit of play pervades everything. With good fellowship, courtesy, kindness, friendliness always in the air, and joy the keynote to all the activities.

Highland Park women who will take the training course include Mesdames Louis Otteini, Felix Simon, Arthur Wolters, K. Anderson, Thomas Clark, Paul Clark, William Kitz and Miss Stockwell. Any other interested may call Mrs. Robert S. Alder, Brownie chairman, at Highland Park 2580 for information or enrollment.

Local Chapter Order of Builders Reorganizes

Reorganization of Deerfield-Shields chapter, No. 73, Order of the Builders is now being effected through the interest of former officers. The local chapter was very well known in the community, but two years ago forced to suspend meeting, due to pressing financial conditions of the time. Now, however, with rising conditions they are endeavoring to reestablish the organization.

The Order of Builders fills a very definite need of the young men in this area, and both Mr. Chester Wessling and Kenneth Vetter are interested in its behalf.

Very shortly a public meeting will be announced, to which all those interested in this work are cordially invited. Mr. Arthur M. Millard, Grand Master Builder of the order, and very well known for his interest in young men, will be the speaker. They meet in the Deerfield Masonic temple.
