That "haste makes waste" is clearly demonstrated by the accident report records. Too much speed, says the Chicago Motor club, is a factor in many serious accidents. Hold your speed down to a reasonable maximum and you'll greatly decrease the likelihood of accident. You'll save money, too, on gasoline, oil, tires, and motor wear.

### Cameron Re-elected by Rifle Club at Meeting Friday

At their annual meeting, held last Friday night, members of the Sheridan Rifle and Pistol club unanimously chose J. H. Cameron to head their organization again for the coming year, in view of the fact that he has succeeded in bringing this club to the fore, has donated

a great deal of time to its welfare, has assisted materially in building its treasury and has won the admiration of all its members for his acumen and sagacious guidance during the past year. Much more progress is looked forward to during the coming year.

The vice president, C. L. Smith; treasurer, C. B. Laegerler; executive officer, F. J. Weber; range officer, J. B. McCraren; secretary, J. F. Farneti and Director O. Ahlberg
