BRAESIDE SCHOOL

A Warning to Drivers
A bad thing happened the other day. When I got out of the car in Ravinia, I heard a violent yelping. I wondered what was amiss and hurried to the spot. There, I saw a dog lying in the street badly injured by a hit and run driver. A few minutes later, a policeman came along. He carried the dog to the side of the road. Everybody thought it best to shoot the little dog because he was suffering so and could not get well. So the policeman shot him. A little later, I saw the police car taking the poor little dog away.

Lake Forest Winter Club vs. Braeside
fought the Winter Club Seniors to a 5-6 tie. Braeside made a touchdown in the first few minutes of play, Turner knifing off the tackle for the touchdown. Harrington tried for the extra point but was smeared on the line of scrimmage. The hall changed hands several times till the third quarter when Winter Club apparently formed the simple box and tee formations of Braeside. Braeside, however, couldn't figure out Winter Club's off tackle smashes and other plays. When Winter Club crossed the white line, Braeside became desperate and they didn't make the extra point. Captain Turner and Bracken played an outstanding game along with many other members of the team on both sides. A return game will be played at Ravinia next Friday.

Last Sunday I went to the Stock Show in Chicago. The most interesting part to me was the horses. In a parade all the different breeds of horses and steers were shown. The champion pig and sheep were also shown. Two shepherd dogs of New York had an act with the sheep. One dog took some sheep he had never seen before and lined them up in two lines. Then he herded them into a pen. The other dog was let loose and took the sheep out of the pen and put them into the cart they had been brought in. Another event was a polo game between the 34th Artillery and Fort Sheridan.

RAVINIA SCHOOL
Preparations for Thanksgiving
In the Ravinia school it is a custom to celebrate Thanksgiving. In each room we chose two children, a boy and a girl, to be in our pageant. The children chosen are some of the best citizens in the rooms. There was a program on the stage in the assembly room. The spirit of Autumn was on a throne decorated with leaves. Each child had something to give to the Autumn spirit. They said verses about Thanksgiving. In between the verses we sang songs. All the children brought many kinds of foods such as canned fruits, and vegetables, apples, pumpkins, and potatoes too. All this food went to the

Doras Home. The Queen was Margaret Gronlund and her attendants were: Kin, Susanne Hartman — Welton Mansfield; 1st E. Barbara Gutmann—Freddy Merrill; 1st W. Phyllis Long—John Weber; 2nd S. GREENBAY ROAD SCHOOL

Our Main Street As Seen by a Reporter
If, too, was sent out as a reporter, and as I started walking along Sheridan road, down Central avenue to Green Bay road, I saw many interesting sights.
Florence Beach has moved her store two doors west from her old location. The new store is very attractive, and I stood there looking in the window, with my mouth watering for the tempting candy.
All the stores are decorated for Christmas, with sparkling tinsel, bright ornaments, and beautiful gifts. The windows are also decorated with Santa Clauses and Christmas trees.
When I passed the bakery window I stopped again and wished I could help myself to the fruits, nuts, spice cakes, and other Christmas goodies. Prosperity seems to have returned because the stores are all crowded with Christmas shoppers.
I saw many new 1937 cars and there was much traffic so I had to watch my step crossing the streets.

Police Department Visited
Wednesday, December 2, we had the pleasure of visiting the H. P. Police Force, and interviewing Sergeant Kopp of the force. He told us many interesting facts about the force.
He said there were fourteen regular policemen and five substitutes. There are three radio equipped cars. The radio has been in use about fifteen months. The police force cars protect about twelve and one-half square miles which include Braeside and Ravinia.
Chief Moroney has been on the force for service twenty-one years, the longest period of time of any of the men. Sergeant Kopp said there had been only three or four fatal accidents during the past years. He said people who drive are trying to be more careful. For all drivers, the 1937 vehicle licenses are ready. They went on sale December 2, at the City hall.
We think that all Highland Park should be thankful for such a splendid protection and dependable police force.

Reporters Visit H. P. Hospital
Last week Edward Uhlmann and I went over to the H. P. hospital to gather information and write a story. The office girl called Miss Ibsen,

the superintendent, who took us into the library just started for the doctors, and answered our questions. Fewer automobile accidents have occurred lately, due to the Safety Week programs, and to the better light and signal system that has been installed on Skokie avenue and other roads.
There has been an increase in the number of patients over last year—a fact which is not surprising because of better times. People have more money and more time to spend on doctors and hospital care.
After answering some of our questions, Miss Ibsen offered to show us around the hospital. We passed out of the library into a spotless hall where white robed nurses passed noiselessly to and fro. This led us to ask how big a staff the hospital had. Miss Ibsen said that there were twenty-seven doctors, fifteen nurses, five nurse helpers, two internes, and a house physician.
We were not able to see the baby ward, but we did see the Joe Vail room dedicated to him by his parents, and the beautiful murals painted by Miss Elizabeth Jones.
If I am ever sick, the H. P. Hospital will be the place I go. That is my opinion.
