

SCHOOL NEWS

LINCOLN SCHOOL

Lincoln School Attendance
I'm sure our whole school is very happy about its attendance. I'm sure Miss Brymer should get half the credit at least. About 40 out of 400 were absent, and 360 were back raring to go. Those who were out, were not very sick.

Martin Detmer, Grade 3.
We have had a long vacation. We had a very merry Christmas and a Happy New Year.

Romona Cimballo, Grade 3.
Holland
We are now studying about Holland. We think it would be the nicest land to study about because they have a lot of fun in winter. They do a lot of skating because there are so many canals.

Patsy Starrels, Grade 3.
Skating
Monday when we came back to school we were so happy to see the pond flooded. Bill has started the pond with out enough money. Please give money for skating. If the rain goes away, then we shall have skating.

Jeanne Stratford, Grade 3.

RAVINIA SCHOOL

Christmas Party
On December 18, we had the pleasure of seeing and hearing the performance of the Bird's Christmas carol given by the 8th grade of Ravinia school.

This play had four scenes which took place as follows: The first two and the last took place in the bedroom of Carol Bird. The third scene was in the Ruggles' house. Carol Bird was played by Marjorie Garrison. The laughable, strict Mrs. Ruggles was acted very ably by Nancy Rosenthal. Carol Bird was an invalid and 10 years old. She invited the Ruggles household of nine children to spend Christmas day at her house.

Between the third and fourth scenes the announcers described what took place when the Ruggles saw the Christmas tree and all the food on the table. They all ran pell mell to the table and feasted 'til about 7:30 o'clock, just as Mrs. Ruggles had told them not to do. The play took place sometime around 1880.

The Ruggles fully enjoyed themselves as they had never done before. That night Carol Bird died of her peculiar sickness and that was the end of the performance. Every one liked it very much and it was given much applause.

Roland Hoermann, Grade 8.
Christmas Carol Program
On December 17, the Christmas carols were sung. Of course with Christmas carols there must be Christmas trimmings so when we walked in the village house on the night of the singing we saw many pretty decorations. At each end of the room on the basketball baskets were two-lighted Christmas trees. On the balcony rail there were sprigs of evergreen. After the singing started we saw many beautiful tableaux, which portrayed, The Manger, Caroling, The Three Kings, A Christmas Feast and an American Christmas. Another part of the program was the singing of the balcony choir. After the singing and the tableaux were over the curtains parted and before us was a beautiful lighted Christmas tree.

Arthur Dubin, Grade 8.
Mrs. Casperson's 3rd grade is reading stories about different animals and is making them. They have made the bears. The bears are made of clay and are painted black. They are also going to make camels. They are planning to make a tent.

Elizabeth Rizola, Grade 7.
Miss Pond's 2nd grade is studying about the Navajo Indians. They have made an Indian adobe hut with ladders going from one house to another. Make believe cactus plants are growing beside the adobe. They have colored corn poppers, gourds, and pottery for decorations in the window, and hanging from the roof. They have made an oven like the kind the Indians used. The inside of the adobe has skins, dolls, chairs, shelves, and a fireplace. They have also made a tomahawk. They have made a loom and have made one rug on it. The rug is hanging

over the roof. They have started another rug; the colors are blue, red, black, and white.

Three big murals are on the south wall. They are about Indians. One shows an Indian scraping a bear skin. Another shows an Indian making pottery. The third shows a girl weaving. I wish I was in 2nd grade now, because they are doing such interesting things.

Mary Dyer, Grade 7-8.

BRAESIDE SCHOOL

Trains
Many of us received trains for Christmas.

We have been talking about them. We have looked at pictures of them.

We made some pictures of our new trains.

We know some train songs.

We take turns being engines, and pulling our cars.

We like streamline trains the best.

The 1st Grade.

Churches

First Church of Christ, Scientist
First Church of Christ, Scientist, Highland Park, Illinois, 381 Hazel avenue, is a branch of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

The Sunday morning service is held at 11 o'clock, and the Wednesday evening meeting, which includes testimonies of Christian Science healing, its at 8 o'clock.

Sunday school is open to pupils up to the age of 20 years, and is held Sunday morning at 9:30.

Subject for next Sunday's Lesson sermon, "Life."

A free public reading room is maintained by this church at 43 N. Sheridan road, which is open daily from 9 o'clock in the morning to 6 in the evening, except on Saturday when it is open from 9 a.m. to 9 p.m.

On Sunday the reading room is open from 2:30 to 5:30. Here the Bible and all authorized Christian Science literature may be read, borrowed, or purchased.

All are cordially invited to attend the services and make use of the reading room.

CHRISTIAN SCIENCE CHURCHES

"Sacrament" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, January 10.

The Golden Text was "Thou preparest a table before me in the presence of mine enemies" (Psalms 23:5).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "And he said unto them, What would ye that I should do for you? They said unto him: Grant unto us that we may sit on thy right hand, and the other on thy left hand, in thy glory. But Jesus said unto them, Ye know not what ye ask: can ye drink of the cup that I drink of? and be baptized with the baptism that I am baptized with? And they said unto him, We can. And Jesus said unto them, Ye shall indeed drink of the cup that I drink of; but to sit on my right hand and on my left is not mine to give; but it shall be given to them for whom it is prepared" (Mark 10:35-40).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The finger-posts of divine Science show the way our Master trod, and require of Christians the proof which he gave, instead of mere profession" (p. 242).
