# Boy Scout News

**Scouts New City in Washington**

Construction of a new American "city" within the national capital has just started. It will house thousands of Boy Scouts from every state who will hold their National Scout Jamboree next June 30 to July 9. Headed by Harvey A. Gordon, national director of engineering, the Scouts own engineering-service to busy making preliminary plans and surveys.

The federal government is lending the Scouts some 350 acres of its property on both sides of the Potomac river, nearly all within view of the Capitol, the Washington monument and the Lincoln memorial.

They will live together for ten days enjoying the unusual program of camp, pageantry, sightseeing and national functions.

The grounds surrounding the Washington monument will be available for demonstrations and massed gatherings of the Scouts. There an arena, seating 25,000 will be erected for afternoon and evening displays. Complete flood lights and an amplification system will be provided.

Each troop is bringing its own tentage and the Jamboree will be a show of camping methods used throughout America. The Scout's

engineering service is releasing a manual on the construction of tentage, sleeping bags, and will tell what gear each Scout should bring and will be furnished here. Many special trains bringing contingents will run onto sidings on the Jamboree grounds where the Scouts can detrain with their camping gear.

**Business Values — Eagle Scout Rating:** Boys who become Eagle Scouts, the highest rank in their organization, have a better chance of securing good positions in the business world; if a letter received by the Scout executive at Appleton, Wis., from a large insurance company, can be taken as an indication in that direction.

The letter requested a list of young men who became Eagle Scouts between 1921 and 1929, to be considered for a high position now open in that company.

It said in part, "Our purpose in asking for this list is one of increasing our personnel and we do so for the reason that we know Eagle Scouts are held in high esteem and should furnish the calibre of individual that we wish to have working in our organization."

**Executive Board Meets:** The executive board of the North Shore Area council is holding a meeting at the Boy Scout headquarters in Highland Park at 7:45 p.m. tonight, (Thursday). The business includes the reading of the annual report to the national council and the planning for the year 1937. Mr. Henry Fowler, president will preside.

**President Roosevelt Sends Greetings to Scouts from the White House:** The President of the United States is the honorary president of the Boy Scouts of America and an ardent and active scout. Herewith is his letter:

To the Boy Scouts of America:  
 Yours has been a worthy record upon the pages of which are written courage, dependability, faith, loyalty and service. You have won a signal place in the life of the youth of America. As today you are the Boy Scouts of America, so in the years to come may you be the men to whom your country can look for the realization of unselfish devotion and civic righteousness.

Franklin D. Roosevelt.

**New Scout Troop North of Arctic Circle:** The Boy Scouts of America, having jurisdiction over Scouting in the United States possessions now has a new troop north of the Arctic circle.

Sponsored by the St. Stephens' Mission at Fort Yukon, Alaska, the troop has 18 Scouts. Oliver Beahres, who had eight years Scouting experience at Pomona, Calif., is Scoutmaster. John Fredson, an Indian, is assistant Scoutmaster.

**Annual Meeting February 2:** The Tenth annual meeting and the fourth annual Scout Leaders appreciation dinner of the North Shore Area council will be held at the Ravinia school at 7 o'clock on Tuesday evening Feb. 2. The occasion will be that of the presentation of awards to distinguished North Shore Scouting personalities and election of officers for the year 1937.

Featured in the program will be some Scouting tableaux and stunts. The speaker of the evening will be Mr. Thomas J. Keane, national director of Senior Scouting, a former North Shore president. His talk will be the "Crusade of Youth." Reservations are to be limited to the capacity of the hall (350) and those desiring places should reserve their early.

All of the ladies are invited to attend with their scouters husbands.

**Survey Shows Boys' Gang Tendencies:** The gang spirit in most boys is evidently satisfied by what the Boy Scouts of America has to offer them in that line if charts reveal anything.

The Scout organization at Santa Barbara, Calif., has just completed a large map of the city on which is spotted by means of colored pins the homes of the 500 Scouts of the city. Besides showing that the organization has taken root in rich and poor sections alike, the survey reveals that one of the most important elements of Scouting growth is the tendency of boys to go with their "pals."

"There is an astonishing number of pairs of Scouts living on the same block," says Scout Executive Calvin McCray of Santa Barbara. Social service workers of the city are on record with the statement that since the Scout organization became active, there has been a decrease in juvenile delinquency of near 50 per cent.

THREE FOOD ELEMENTS ARE ESPECIALLY IMPORTANT...  
 CALCIUM, PHOSPHORUS AND VITAMIN D

## Bowman's Irradiated Vitamin D Milk

is rich in all three

You know that your children should regularly brush their teeth... that you should take them to the dentist at least twice a year. But do you know that diet plays an important part in building sound teeth?

Three food elements—calcium, phosphorus and vitamin D are particularly vital to oral health,

Bowman's Irradiated Vitamin D Milk is rich in all three!

It is regular Bowman Milk with an extra supply of the vitamin needed for the best use of food minerals in the building of teeth.

Give your children a quart of Bowman's Irradiated Milk daily. Telephone Highland Park 2700
