THE HIGHLAND PARK PRESS

Entered as Second-Class Matter March 1, 1911, at the Post Office at Highland Park, Illinois... Issued Thursday of each week by the Udell Printing Company, Udell Building, Highland Park, Illinois.

CHICAGO OFFICES: 1016 Willoughby Tower - Tel. Central 3355 1203 North Wabash Ave. - Tel. State 6326

A member of THE CHICAGO SUBURBAN QUALITY GROUP

Communications intended for publication must be written on one side of the paper only, and signed with the name and address of the writer. They should reach the editor by Wednesday noon to insure appearance in current issue.

Subscription Price, \$1.50 per year. 5 cents per single copy. Resolutions of condolence, cards of thanks, obituaries, notices of entertainments, or other affairs where an admission charge is published, will be charged at regular advertising rates.

John L. Udell, Publisher and Managing Editor Mrs. Florence W. Bartel, Associate Editor Mrs. Robert W. Pettie, Deerfield Editor Gladys Udell, Classified Advertising

Law Abiding Unions

Every group of citizens has a right to organize to legitimately promote its interests. Labor has the right to organize. The fundamental theory of labor unions is sound, even though the fundamental theory has frequently been lost sight of by abuses resulting from bad leadership. Labor has in many ways injured its cause.

The attempted destruction of a Highland Park home this week, because there was a labor dispute involved in its erection, was wanton and illegal but more important to labor it turns the sympathy of many citizens away from the wage earners. If labor wants to promote its interests and make progress it is time that it put law-abiding, sane, sincere and honest men at the head of their organizations and that innocent citizens and property owners be safe from injury and that good leaders control radicals among their memberships.

Community House

Highland Park's history has been a history of progress—a history of advancing community life. There is now under consideration what may well be the next progressive step in the city's history.

Back in the days of the World War public spirited citizens organized the Community Service. Through the years it has rendered valuable services, always geared to the needs of the times. It has served the soldiers in our midst as a recreational center. It has carried on charity work, adult education. Of recent years its major work has been that of providing recreational facilities to the youth of Highland Park. As important as this work is, it should be broadened to be a "community service" in fact as well as in name—a service to the entire population.

Winnetka has a community house which serves as a center for the citizens of that suburb. Last year over 300,000 visits were made to this institution by residents of that city. They use its gymnasium, attended its many classes, enjoyed its parties, attended its lectures, and held many group meetings there. For many years, this building has rendered a civic service to Winnetka.

The directors of the Highland Park Community Service now have under consideration the erection of a community house for Highland Park. They already have on hand \$68,000 which might be used in the erection of such a structure. All citizens should co-operate with the directors in their effort to give our community a central meeting place where all our citizens can meet, play and study.

Dr. Leroy Vernon Noted Psychologist Speaks Here Feb. 18

Two weeks from this evening (Thursday), Feb. 18th, the second talk in the Current Topics series conducted by the Adult Education Council will be given promptly at 8:15 in the high school. The vital subject of "Will Our Boys and Girls Get Jobs?" will be discussed by Dr. Leroy Vernon, a psychologist of reputation and experience along the line of placing young people in positions for which they are best suited.

As a student, Dr. Vernon worked his way through Northwestern university as a choir master and organist in one of the churches, and even as a student worked in the Personnel department and as student councillor. His contact with hundreds of young people made him realize the differences in capacity that exist, and made him eager to help them to avoid choosing professions or jobs which would not be adapted to their personalities and capacities.

Today, Dr. Vernon is personnel director of the Emergency Educational Project, sponsored by Mrs. Franklin Roosevelt, in which but eight young men and women are examined daily, with long personal interviews, and aptitude and vocational tests, the results of which permit him to make suggestions concerning the type of work best suited to the individual. Hundreds of business houses connect up with this bureau, asking for workers, so the

work in which they will give and young people are steered toward the work in which they will give and receive the greatest satisfaction.

Dr. Vernon is still a fairly young man, with a pleasing personality, and he speaks fluently and in an attractive manner.

Dr. Simeon Leland Will Discuss Tax Problems Tonight

The opening lecture in the Thursday evening lecture series offered by the local Adult Education Council, will be one that should fill each seat in the hall of the high school. Promptly at 8:15, Dr. Simeon Leland will speak to an interested citizenry on the vital subject "What Becomes of Our Taxes?" Dr. Leland is especially equipped to handle this difficult subject, because he is an authority on the subject of taxes, is chairman of the Illinois Tax Commission, has recently made a survey of the state tax system, and has an engaging personality, and a clear way of explaining this complex matter.

Professor Leland will discuss the present conditions and prescribe for their improvement. He will speak of the present source of revenue in the state, how funds are collected, and how they are distributed, and he will also discuss the re-organization of the Illinois tax system. Being familiar with both the practical and the theoretical phases of this subject, Dr. Leland will be sure to give a most stimulating talk on tax problems.

LOOKING BACKWARD

at progressive Highland Park through the files of The Press.

Jan. 17, 1917 TWENTY YEARS AGO

On Saturday night, January 27, the Chicago Telephone company put into effect a new method of handling toll calls between Highland Park and Glencoe. Hereafter when a Highland Park subscriber wishes to call a Glencoe number, he may give his call to the local operator. It will, therefore, not be necessary to call the long distance operator.

Wednesday, January 31st was red letter day in Trinity church, for it marked the completion of twenty-five years of unbroken and affectionate relations between Rev. P. C. Wolcott pastor and the members of the church. A solemn Eucharist in the church was held in the morning with a luncheon in honor of Rev. and Mrs. Wolcott at noon. A reception was held in the evening.

Miss Anna Marie Peterson, oldest daughter of Mr. and Mrs. Pete Petersen of Deerfield was married to Mr. Christ Metzger of Shermerville, Thursday afternoon at 5:30 at the home of the bride's parents.

Mr. and Mrs. Roy Zimmer are the happy parents of a daughter born January 27th.

The Arthur Van Schaick reception and dance at the Moraine hotel, tomorrow evening will attract a large number of people. Those entertaining before the affair are: Mr. and Mrs. R. W. Buckley, who will be host and hostess at supper.

Feb. 3, 1927—Ten Years Ago

Miss Louise Norcross, 76, aunt of Dr. Edwin P. Norcross, was killed by a North Shore train last Thursday, near Ravinia Park.

One of the most serious fires which has occurred in the Highland Park residence district in recent years, last Thursday destroyed the residence of Roland Hastings, son of Mayor Samuel M. Hastings. Very little of the contents was saved. The loss is estimated between \$30,000 and \$50,000, which is said to be fairly well covered by insurance.

Indications from the building record of the first month of 1927 in Highland Park are that this will be a busy year in this line with good prospects to equalling or perhaps exceeding last year's record of more than \$2,000,000 worth of improvements. Permits issued show a total estimated cost of over \$151,000.

A few friends of Mr. and Mrs. Alfred Hill came in on Friday evening, to help Mr. Hill celebrate his sixty-eighth birthday anniversary.

Mrs. Edward A. Smith entertained on Monday at two tables of bridge in compliment to Miss Virginia Insull, whose engagement to Major Rafferty has been announced.

Mr. Charles Sack was badly hurt Tuesday evening of last week when he fell in front of the McKillip property on Central avenue, knocking out teeth and badly lacerating his mouth.

Mr. and Mrs. George Cates of Chicago announce the approaching

marriage of their daughter, Vera Mae to Mr. George Frederick Glader, son of Mr. and Mrs. George Glader of this city.

Announcement is made of the marriage of Miss Alice Gerken and Mr. Kenneth Margeson which took place Tuesday evening at the Bethany Evangelical parsonage, the Rev. J. G. Finkbeiner officiating.

Business Methods Can Apply to Home Homemakers Told

The successful homemaker is one who knows more about the business side of the household than the mere signing of a check in the opinion of Miss Gladys Ward, home management specialist from the College of Agriculture, University of Illinois.

Lake county local leaders meeting with her at the home bureau office, at Grays Lake, Wednesday and Thursday prior to giving the lesson on business and banking practices to local units in February, found that thousands of dollars worth of business are transacted within some homes each year.

Writing a check correctly will help the homemaker keep track of where the money has gone. A knowledge of how to deal with special checks, drafts, promissory notes is also highly important to the future of the family welfare, Miss Ward pointed out. Cancelled checks and receipts should be kept in a safe place.

Dates are most generally overlooked by the average person, Miss Ward pointed out. Keeping of important papers any place within the home is considered unsafe.

Eats from Easton's Moraine Grocery are dependable. Give them a trial.

Woman's Society to Sponsor Series of Vesper Services

With a special service sponsored by the Woman's Missionary society, the Bethlehem Evangelical church, Deerfield will begin a series of vesper services next Sunday afternoon at 4:30 p.m. These services will be held the first Sunday of each month and will take the place of the regular Sunday evening service for that day.

The service next Sunday will be of special interest because Rev. Edward Hemminger, minister of the South Shore Evangelical church, Chicago will be the guest speaker. Rev. Hemminger is one of the younger ministers of the conference who has distinguished himself in his service to the church. He is a regular contributor to the Evangelical Crusader, the national youth periodical of the denomination. Following the vesper service there will be a tea for and sponsored by the new young people's organization. All young people of the church and their friends are very cordially invited.

At the March vesper service the Novelty Quintette will present a special musical program in which both sacred and classical musical numbers will be presented. Negotiations are being made with the choir of a nearby church to present an Easter Cantata at the April vesper service. The public is very cordially invited to attend any or all of these services.

Card of Thanks Mrs. Arthur Vercoe and family wish to thank their many friends for their exceeding kindness and sympathy.

Those who have passed through trouble and sorrow know Highland Park at its truest and best.

Basketball Class Opens February 1

Starting Monday night, February 1, the basketball classes for young men were resumed in the boys gym of the Highland Park high school. These classes are conducted by Community Service Inc. in cooperation with the Adult Education Council as a part of the Adult Education program. The classes will continue until after the close of the basketball season. All boys and young men of the community are welcome to join the class for which there is no charge. During the class periods basketball is played exclusively and every member of the class is given an opportunity to take active part whether he belongs to an organized team or not. Ability is not stressed but the opportunity for all boys to participate in an active game is presented. Further information may be had by calling the office of Community Service Inc. Highland Park 858. Visitors to the class are welcome.
