Health—Half-sick, half-well. Does that just about describe your condition? Somehow you lack the old-time energy and endurance; the spark and sparkle you used to have.

But don't be discouraged. Very likely there is a deficiency in certain food factors—vitamins or minerals, perhaps—which your Doctor will readily discover. And when you have his prescription, we'll appreciate it if you will bring it to this store to be filled. Our stock of food concentrates is fresh and complete.
