

Mothers Club Plans Cooking School at Y.W.C.A. May 11-13

The secrets of cooking green vegetables so that they keep their garden green, of making a yeast bread that produces a loaf and a coffee cake within two hours after starting, of broiling a whole meal without smoke or fumes, of preparing glazed appetizers and open-face sandwiches such as cateresses produce for parties, all these secrets and many more will be demonstrated at the cooking school held at the Y.W.C.A. on May 11, 12, and 13.

Sponsored by the Mothers' club, Mrs. Agnes Taylor, director of home service for the North Shore Gas Company, will not only prepare tasty recipes but will give menu suggestions and kitchen hints which the trained home economist knows. The big secret that no one will know until Thursday night is the name of the winner of the modern Universal gas range which will be given away at the last session. In return for a small registration fee which goes to the Mothers' club, each woman is given a ballot to nominate herself for the winner.

Each woman attending every session not only has the chance of winning the range but names will also be drawn to see who wins the foods demonstrated each time. Some lucky woman will carry home a roast chicken for the family dinner or a crown roast done to a turn, another will win a pan of biscuits or a coffee cake, someone else will win enough appetizers that she can entertain at a bridge luncheon. Perhaps the prize will be that delicious one meal dish of spaghetti and meat balls which Mrs. Taylor will demonstrate to prove the economy of the simmer burner for preparing many foods. An angel food that can never fail to be real food fit for angels will be prepared in a surprisingly short time.

Mimeographed copies of all recipes used at each session will be distributed so that the students will be able to go home and have as good luck as their teacher. The assembly room at the Y.W.C.A. is being transformed into a kitchen laboratory for the cooking school.

A specially built platform will hold two ranges, an Electrolux gas refrigerator, a kitchen cabinet, two tables, a kitchen stool and all the latest equipment for beating, mixing, stirring, and measuring.

Mrs. Taylor, who has had four years of experience putting on cooking schools all over the North Shore for churches, clubs, theaters, and newspapers, has twice before conducted successful schools at the Y.W.C.A. This year she will be assisted by Miss Leah Falconer, also a graduate home economist. Since they both visit homes to give their advice on baking and cooking problems they know the practical side of demonstrating foods and methods that can be repeated by the average housewife in her home kitchen.

On Thursday evening the program will center around the prize range and Harold E. Jalass, a Chicago demonstrator, will entertain the students by preparing a whole meal on top of the stove and a whole meal in the oven at the same time, assisted by Mrs. Taylor. He is a gay chef and laughs as well as approval of his efficiency methods are promised. Special features for the Tuesday afternoon, Tuesday evening, and Wednesday afternoon sessions as well will be announced next week. Mrs. H. V. Renner and members of her program committee are responsible for this interesting May program idea of the Mothers' club to which all women of the community are invited.

Deerfield Stagers Give Play Friday

Mrs. Bumpstead-Leigh is to be presented to Deerfield Friday night, April 30 by the Stagers. A new and different play—a tragedy within a comedy—the rise and downfall of two of societies blue-blooded families. Mrs. Bumpstead-Leigh, an Indiana country lass; versus New York's high and mighty. This play is to be the last of this season to be given by the Stagers, and it is predicted to be the best and most amusing comedy ever presented in Deerfield.

Miss Shirley Clark playing the title role has every one who has seen the rehearsals complimenting her on her marvelous interpretation

of the English society leader, who has had lowly beginnings in the United States. Shirley Clark is really doing an extraordinary job.

James Russell playing Pete Swallow, former sweetheart of Mrs. Bumpstead-Leigh, before she became society conscious, has another difficult part, and is receiving praise from all who have previewed the show.

The rest of the cast, under Kenneth Hunter's direction, includes J. D. Cole Jr., Lois Clark, Don Clark, Frank Mennell, William Pittenger, Ralph deSha, Dr. Dorothy Davis, Edith Sherman, and Kathleen Galoway.

Mrs. Bumpstead-Leigh will be presented in the Deerfield school auditorium Friday, April 30 at 8:15 p.m. Tickets may be secured at the door.—Contributed.

Rudolph S. Udell Is Buried Monday

Rudolph S. Udell of Lake Bluff, brother of John L. Udell, publisher of the Highland Park Press, passed away at the Veteran's Hospital at Great Lakes, Friday evening.

Mr. Udell served as first lieutenant in the Signal Corps during the World War, seeing action in France for over a year.

Funeral services were held at Wetzel and Peterson's funeral home in Waukegan Monday morning followed by interment in Northshore Garden of Memories. Military services at the grave were in charge of the Lake Bluff Legion post with Henry Hanson as chaplain. The Lake Forest firing squad and bugler also participated in the service.

Mr. Udell is survived by a wife and four children in Lake Bluff and two married children living in Grand Rapids, Mich., besides three brothers, Bertram B., John L., and Paul L. Udell, and one sister, Mrs. Ruth Cope.

Girl Scout Wins Archery Award

The first archery award to be given in the Skokie area by the Girl Scout Archery class has been won by Katherine Weber of the Lincoln school troop. Mr. Sidney Morris, Highland Park building inspector, who has organized and drilled the class, stated that "through faithful practice she has attained a skill in shooting over and above all scout requirements."

Archery is of old standing in Highland Park, since the Highland Park Archery club was formed in 1878.

Card Mailed in 1934 Arrives 3 Years Later

What might be termed "super-service" was recently reported by one of Highland Park's merchants. Four years ago, an order was sent to an eastern manufacturer for some shoes. The manufacturer was out of the stock ordered and mailed a card to that effect, May 7, 1934 from Auburn, Maine to the local business house. The card was received here, Feb. 1, 1937, almost three years after it had been mailed. Just where the card has been during this intervening time is not known, but at any rate the merchant has at last found out why his stock never came.

C.&N.W. Passenger Trainmen Plan for Unique Show May 8

Passenger trainmen working out of the Madison Street Terminal of the Chicago and North Western in Chicago have virtually completed plans for their 8th annual Streamline Dance to be held at the Madison Street Terminal Eitel's dining room, Saturday, May 8th, at 8 p.m. Daylight Saving Time.

The big affair will be staged under the auspices of the Passenger Trainmen's club and the early enthusiasm shown will attract a record crowd. The program to be presented is perhaps the finest that has ever been presented by the Trainmen's club. It includes a twenty-piece Kitchen Band of radio and vaudeville fame, juvenile tap dancers, solos by well-known contraltos and sopranos, the Pullman Quartette, and music for the dancing will be furnished by Art Laicy's Blue Devil Syncopators.

The affair is open to all trainmen and their friends who want to enjoy a fine evening of entertainment and dancing. Tickets may be secured at a nominal price a couple for trainmen.

The committee, among others, includes Andy Bloomfield, veteran of 48 years service and national treasurer of the B.A.R.E., Oscar Iversen, Jack O'Connor, and J. Walters. It is not stretching a point to say that for the price of admission nothing like it has ever been presented and all those who attend are assured of a splendid time by radio and other professional stars.

Community Garden Class Spring Plant Sale to Be May 29

The community garden class of the Highland Park Woman's club will hold its annual Spring Plant Sale on the grounds of the Northwestern freight station at Central avenue and First street, Saturday, May 29.

Pier and Boat Hoist to Be Built by Glencoe Resident

When an application is received for a War Department permit to authorize proposed work in or over a navigable water of the United States, the department regulations state that notices regarding the matter shall be sent to all persons deemed likely to be interested, in order that any protests from the standpoint of navigation may be received.

This notice is to inform interested persons that Mrs. Richard Mayer, 411 Lakeside terrace, Glencoe, has made application for a permit to construct a pier and boat hoist in Lake Michigan in front of her property at Glencoe, Ill., about five miles northerly of Wilmette Harbor.

The plans show the proposed pier to extend about 200 feet off-shore, normal to the shore line and then to extend an additional 16 feet to the south, approximately parallel to the shore line. The boat hoist will be located on the south side of the pier about 45 feet from the lake-ward end. The proposed work is of timber construction supported on steel H-beams, except for the 16-foot section of pier, which will be supported upon timber piles. The plans may be seen at the office of the undersigned and will be mailed to interested persons upon request. Any objection to the proposed work from the standpoint of navigation should be mailed to the undersigned within ten days from the date of this notice.

S. N. Karrick, Captain, Corps of Engineers

Harry Hall Again Elected Officer of T. B. Association

Harry A. Hall, treasurer of the Lake County Tuberculosis association, was re-elected vice president of the Illinois Tuberculosis association at its annual meeting held April 19 and 20 at Rockford. Dr. E. H. Smith, president of the local association, was again made a director of the State association to serve for a term of three years.

At the banquet held Tuesday evening, Winnebago county received two silver loving cups awarded by the state to the county having the largest gross seal sale in 1936 and for the highest per capita seal sale. Lake county was third with a seal sale of \$7,269.54.

Warn Shippers of Ft. Sheridan Firing

Lake Michigan shippers passing in the vicinity of Fort Sheridan have been notified that the annual target practice season has opened and that it is dangerous to pass too close to the shore.

The annual target practice season was opened on Monday of this week and will continue until May 11. There will be machine gun firing with service ammunition into Lake Michigan.

The notice and warning is of particular interest to shipping and sailing craft as the danger zone in many cases extends 4,000 yards out into the lake.

Bird Walk Tuesday
The next early morning bird walk will be on Tuesday, May 4, at 6:30. It will start from Sunset Park and the group will probably go in cars to the DesPlaines river. Community Service, Inc., and Mr. Bert Leech invite you to come along.
