**BEWARE OF the "Amateur Doctor!"**  
 You may enjoy amateurs on the radio. But beware of them in the role of Family Physician. Look out for those folks who are forever saying, "Have you tried . . ." or "I know just the thing for that." Believe us, they're bad medicine!  
 When you are ill, visit or call a competent medical practitioner. Heed his counsel, and exercise care in having his prescriptions filled. Entrust them only to an establishment that specializes in careful compounding from fresh, potent drugs. Yes, this is such a store.
