

Mr. and Mrs. James Cabonargi and daughters spent last week end in West Lafayette, Ind., attending the Mothers Day Services at Purdue University where Ted Cabonargi is a sophomore.

Mr. and Mrs. Thomas Duffy, Miss Mabel Duffy, Miss Julia Duffy and Mrs. Mary Gordon attended the funeral of Mr. Duffy's aunt, Sister Mary Osamas, which took place last Wednesday at Davenport, Ia.

Mr. and Mrs. John Foster of Lake Bluff are announcing the birth of a son born Friday, May 7, at the Highland Park hospital.

Ten couples from Highland Park will attend the Coronation ball in the Cameo room at the Morrison hotel Saturday, which is being given by United Air Lines.

Mr. and Mrs. John Cummings of North Greenbay road are the happy parents of a daughter born Tuesday at the Highland Park hospital.

Mr. and Mrs. M. C. Risjord, accompanied by Dr. and Mrs. J. E. Walters of Waukegan, are leaving Friday for Pelican Lake, Wis., for the opening of the fishing season. They will return Monday.

Mrs. A. S. Burdick of Oakland ave. has returned from a ten days stay in Hot Springs, Va., with friends.

On Friday, May 14, from 3 to 6 o'clock, the Principia Alumnae group of the North Shore will give a silver tea at the home of Mrs. Alfred Pittman, 204 Davis st., Evanston. The proceeds will go to the Principia chapel fund. All interested in Principia are cordially invited to attend. Mrs. C. L. Perkins of this city will serve as one of the hostesses.

Ruth Bolt of Deerfield, a special student at Lake Forest College, last night (Wednesday) gave a talk on the introduction of various plants into the United States from foreign countries, at the regular meeting of Beta Beta Beta, national biology fraternity. Miss Bolt was graduated from Lake Forest last year, having majored in biology. This year she is taking graduate work in addition to serving as an assistant in the laboratory.

SCHOOL NEWS

RAVINIA SCHOOL NEWS

May Day
The Ravinia school held its annual May Day assembly Friday, April 30. True to the saying of "April showers," it rained. As to the "May flowers" part, the rhyme was incomplete, because we used pussy willows in the place of flowers. We opened by singing "Welcome Sweet Spring Time."

Edith held the honor of being May Queen. There was one poet and one poetess from each and every grade. The eighth grade girls presented the poets to the May Queen, then took them to the front of the stage to say their poems. The poets afterward returned to the Queen and received their pussy willows. I'm sure the Ravinia school enjoyed this assembly very much. We then joined in a chorus of "For the Beauty of the Earth."

The representatives of the rooms were as follows: Kindergarten (Alyn Loeb, Welton Mansfield, Suzanne Hartman, Richard Krueger); First grade W (Group poems) Patsy Harris, Billy Bates; First grade E (Group poem) Susan Lautmann, Mary Pantfoeder, David Levinson; Second grade N (Group poems) Louise Sanborn, Bobbie Johnson; Second grade S (Group poems) Mary Ann Mitchell, Richard Peters; Third grade—Patsy Foreman, Bud Hartman; Third-Fourth grades—Renee Ramond, Peter Uhlmann; Fourth grade—Catherine Carroll, Kirk Fischer; Fifth grade N—Nancy Holt, Nikes Severin; Fifth grade S—Betty Loeb, Kenneth Bennett; Sixth Grade N—John Holt, Jim Thomson; Sixth Grade S—Ruth Thompson, Don Vail; Seventh grade N—Paula Raff, Robert Hoffman; Eighth grade—Frances Holmgren, Barbara Bede, Dick Kuhns.

A Visit to the Water Works
The children of the eighth grade

went to the Water Works Plant in Highland Park. Prindle showed us around and explained everything.

The water enters the plant thru two large pipes and is aerated. This is done to remove certain unwanted gases from the water. Then chemicals are added. Aluminum sulphate is added to collect impurities, which are in suspension in the water. To remove from the water undesirable odors and gases, carbon is added. Chlorine is added to kill germs.

After the addition of the chemicals, the water goes into tanks to settle out solid impurities. Ninety-five per cent of the impurities are taken out by sedimentation. The rest are removed when the water goes through the filter beds. The filter beds are composed of sand and are cleaned every two days.

After filtering, the water is pure enough for drinking, although it is not chemically pure. It is then put into storage tanks for distribution.

Peter, the Piper

The eighth grade will give its annual play on Thursday afternoon and Friday evening, May 13 and 14. It will be held in the Ravinia Village House, at 8 o'clock in the evening. They are hoping for a good attendance as they expect to use the proceeds for a gift for the school.

LINCOLN SCHOOL

Our Dutch Party
Our room has been studying about Holland. We thought it a very, very interesting country. Cheese making is a big industry. The Dutch people ship cheese all over the world. We thought we'd like to make some cheese, ourselves. That gave us an idea for a Dutch party. We decided to invite our mothers. We wrote

invitations in rhyme. We had our party Wednesday, April 28th.

When we showed our mothers to their seats, they saw many Dutch things we had made. Next to the door was our singing-tower with its carillons. Near by stood a milk-cart made by Donald Botker. It had large milk cans in it and was drawn by a dog made of wallboard. In a corner there was a Dutch fireplace copied from a picture from Maarken. We all painted tiles of Dutch designs in Delft blue on white for it and were very proud of it. Near it we had a Dutch bed. We had colored the curtains and spread to look like gay embroidery. We had a real mattress that one child brought. On the plate rail were Delft plates that we all made.

Monday, we had put a gallon of milk by the radiator to sour. Wednesday, after cooking it, we put it in a bag to drain the whey from the curds. Next we stirred in cream, salt, and chopped chives. Our cheese was done!

While we were doing this we told mothers interesting acts about Holland. Martin, Jeane, Peggy and Bobby played our carillons. Then we served rye bread, our cottage or Dutch cheese, Edam cheese from Holland, Java, Droste cocoa, Holland rusks, and sweetcakes. We all enjoyed our party very much.
—The Third Grade Ph.

Mrs. Viola Conrad is entertaining at a dessert bridge party Friday afternoon.

Anthony Dottavio of McDaniel ave., and a former student of the Lake College of Commerce in Waukegan, is employed in the offices of the Ahlbell Battery Container Corporation of Waukegan.

On Sunday, May 23, Mrs. A. A. Pantelis, first vice-president of the Department of Illinois of the American Legion Auxiliary, will broadcast over station WJJD at 9 a.m. (Central daylight saving time), using as her subject "Wear a Poppy." Ask your friends and neighbors to listen in. Mrs. Pantelis is a resident of Highland Park. In co-operation with the Department of Illinois, National Poppy day in Highland Park will be observed Monday, May 24, instead of Saturday, May.

On Saturday, May 15, the Royal Neighbors of Highland Park will hold a rummage sale at 17 N. Second St. There will be many useful articles of clothing and household goods offered for sale. Anyone having articles to donate is asked to communicate with Mrs. Florence Yager, phone H. P. 3307, who will arrange to call for them if necessary.
