Cheese is the most highly concentrated source of highest quality protein known, yet pound for pound it is among our cheapest protein foods that can be purchased. It is an excellent source of Vitamin A, calcium and phosphorus. It contains almost all the protein and fat and much of the sugar and mineral matters of milk from which it is made.

Cheese Cake

1/2 cup shortening
1/2 cup sugar
2 eggs
1/2 teas. baking powder.
2 cups flour.
Cream butter. Add sugar, eggs, flour and baking powder. Roll dough out to fit pan. Place in oiled pan, turning dough up to make a high rim. Pour filling over dough and put melted butter over top of filling. Bake at 425 degrees for 10 minutes. Reduce heat to 235 degrees F., and continue baking another 20 minutes.

Filling

1 1/2 lbs. cottage cheese.
1 cup cream
3 eggs
4 tbs. butter
1/2 teas. vanilla
1/2 cup sugar
1/2 teas. salt
Mix all ingredients thoroughly except the butter. Place filling in

the dough and bake as directed above.

Cheese Rarebit (Mexican)

2 cups grated cheese
1 cup canned corn
1/2 cup tomato juice
6 slices buttered toast
1/2 green pepper
1 egg
1/4 teas. salt
1/2 cup dry bread crumbs
Melt the fat. Add the chopped pepper and cook until slightly softened. Add cheese and stir until melted over low heat. Mix beaten egg, salt and corn and stir into cheese mixture. Add the tomatoes and crumbs. Allow the mixture to heat through and serve on toast.

Cheese Balls

2 tbs. butter
1/4 lb. grated cheese
1/2 teas. salt
3/4 tbs. flour
8 egg whites
dash cayenne
Melt the butter. Add the flour and stir until well blended. Remove from heat and add cheese, salt and cayenne. Beat the egg whites stiff and fold them into the cheese mixture. Drop from a spoon onto a greased baking sheet. Bake at 350 degrees F., until delicately browned, for about 12 minutes. Use the egg yolks in a sauce to serve over the balls, if desired.

Shoppers Guide

by Phil Libby

Pork shoulder suitable for roasting, is recommended as the most economical meat at the present writing. Those who are planning a boiled dinner during this week will find that pork shanks are selling at a rather low level.

Celery hit a new low recently. Lettuce is about the same. Fancy strawberries are a bit higher. Grapefruit is rising slightly.

Salerno butter crackers for soups . . . with salads or with cheese are delightful.
Potatoes are at the usual price for this time of year.

For a quickly prepared dinner . . . Wilson's Tender-made Ham is just the thing.

Imported Roquefort cheese is at its best right now. Serve it regularly.

Graylake gelatin for those frozen salads and aspics. You'll find Graylake to be "tops" in the gelatin field.

Dick-a-Roo paint cleaner for that spring cleaning. Just spread it on . . . wipe it off. That's all.

Annual Ravinia Scout Parents Dinner May 25

At 7 p.m. Tuesday, May 25, the Ravinia Boy Scout Troop will hold its annual Scout Parents' dinner at the Ravinia school auditorium.

An interesting program is being planned and catering arrangements have been made for a dinner you will enjoy, served by the members of the Ravinia Girl Scout Troop.

While the dinner is primarily an end of the year get-together for the boys and their parents, guests are cordially invited. If you have relatives and friends interested in Scout work, and in the activities of your boy in the work, feel free to have them join you on that evening.

Tickets will be 75 cents per person. Arrangements are being made to accommodate a large attendance.

Please be sure to set Tuesday, May 25, aside for an interesting and enjoyable evening with your boy and his friends in the Troop and their parents. It is also suggested that you extend an early invitation to those you would like to bring as your guests for the evening.

C. Edward Thorney, Scoutmaster.
R. C. Johnson, Chairman, Scout Troop Committee.
William Bromstedt, Chairman, Dinner Committee.

C. E. Williams Heads Deerfield Board

The Deerfield board of trustees met on Tuesday evening in the Village court room for their final session with President Harry E. Wing in the chair. Present were Clerk Chester Wessling, Corporation Counsel George McGaughey, and trustees Ralph Peterson, Marshall Pottenger, Monroe McKillip, Edwin Palmer, C. M. Willman, and C. S. Scribner.

Auditor Albert L. Roderick read a summary of the financial report for the past two years, a very creditable record, showing a decrease of \$16,341 on the old Highland Park water-bill; a wiping off the slate of a \$2,000 public service electric bill, and many others. Approximately \$23,170 has been paid in old bills during that period.

Chief of Police McLaughlin was asked the number of scarlet fever cases, but was unable to give the exact number, but reported the placing of a quarantine on the Thomas Sloat home the previous evening.

Further routine of business was hastily finished so that the newly elected board could be installed. Mayor Wing, in handing the gavel to his successor, Christian M. Willman, and realizing what a thankless task it is to hold that office, said, "I make no swan song, and cannot congratulate you." Mr. Willman accepted the hand of the outgoing head official and stepped into the chair, with the gavel.

Mayor Willman summoned the new board and roll call was taken. Present were Ralph Peterson, Harry Stuppel, Marshall Pottenger, John D. Schneider, and Edwin Palmer. The sixth member, William Hertel, was ill and unable to attend. Village Clerk Chester Wessling succeeds himself for a four year term. Mr. Willman's term is also four years.

Draw Lots

Following the statutes it was necessary to draw lots to determine which three trustees would have two year terms and which would have four years in office. Sealed envelopes containing numbers from one

to six were passed to the trustees by Mrs. R. E. Pettis, at the request of Mr. Willman and those drawing the three low numbers would have the two year terms. The drawing was as follows:

Two year terms—Ralph Peterson, Harry Stuppel, William Hertel.
Four year terms—M. A. Pottenger, John D. Schneider, Edwin Palmer.

The appointments made were:
Committee Chairman
Financial M. A. Pottenger
Health and Public Relations

Judiciary Edwin Palmer
License Harry Stuppel
Audit and Printing J. D. Schneider
Public Works M. A. Pottenger
Road and Bridge Wm. Hertel
Water Edwin Palmer

Police and Fire R. Peterson
Auditor Albert L. Roderick
Collector Florence Page Stryker
Treasurer George Page
Corporation Counsel

George McGaughey
Building Inspector A. J. Johnson
Chief of Police Percy McLaughlin
Fire Chief Jack Johnston
Water Works W. D. Johnston
Depository for Funds

Deerfield State Bank
Health Officer Dr. C. J. Davis

Three Ministers Speak

Mayor Willman presented the three local ministers, Dr. W. F. Weir of the Presbyterian church, Rev. F. G. Piepenbrok of St. Paul's church, and Rev. Earl J. Bruso of the Bethlehem Evangelical church. All three petitioned the board, as official representatives of their respective churches, in pleas to prohibit Sunday carnivals in the village and also to prohibit the sale of intoxicating liquors at such carnivals. Mayor Willman told them that they honored the board by their presence and the matter would be referred to the license committee for further consideration.

It was a large and appreciative audience that saw the new board take office and in the group was ex-mayor Harry Clavey, whose term was also very creditable. Mere words cannot express the appreciation of the majority of residents of Deerfield to Harry E. Wing, who because of his business position had many other duties, but found time to devote his fine ability and his valued services, free of charge, to the conducting of village affairs. His marvelous executive ability is shown in the financial statement, especially.

The new board has the best wishes of the community for a continued success.

Hazel Crow Ewell Gives Instructive Talk On Gardening

On Monday morning, Hazel Crow Ewell, a well-known artist, traveler and lecturer, who has been living in Ravinia for the past fifteen years gave a most delightful and instructive talk at the Art Institute on the subject "Color in the Garden."

Mrs. Ewell used a model garden as a background, and on a table in the garden, displayed twelve or fifteen different color combinations of flowers which would be attractive.

Two models also appeared in clothes suitable for working in suburban or country gardens, ranging from the most simple and practical to somewhat more attractive garden dress, and showed the types of tools needed in gardening. These models also displayed costumes suitable for afternoon teas or more formal garden parties.

The interested audience was able to absorb much useful information from this charming and enthusiastic speaker.

De Molay Order To Confer Degrees For Glencoe Masons

The officers and members of Glencoe Lodge No. 983 A. F. & A. M. extend a most hearty invitation to the members of all lodges in the twentieth district to visit Glencoe lodge on the evening of May 24th, at which time the Ravenswood Order of DeMolay will confer their degrees on a group of candidates and will be the guests of Glencoe lodge. The meeting is scheduled to start promptly at 7:30 p. m. and every Mason is urged to be present and support a most worth

while junior Masonic movement.

There has long been a feeling that the North Shore should have a chapter of the Order of DeMolay and it is more than possible that the visit of these young men from Ravenswood, under the leadership of Master Councilor Roy Erickson, and their sincere exemplification of the work, will crystallize that feeling into action.

No difficulty would be experienced in providing a meeting place and it is felt that there are plenty of good Masonic brethren who would be glad to sponsor a North Shore chapter, or even two chapters. It is therefore suggested that all those who are interested make it a point to be present at Glencoe on May 24 and turn in their names to District Deputy Charles B. Watson.
