

**Scholarship Exams To Be Held June 5**

Examinations for scholarships to the University of Illinois from Lake county will be held Saturday, June 5, in the offices of the county superintendent of schools in the Lake county court house in Waukegan, it was announced today.

At least three four-year scholarships to the university will be available to students of this county on the basis of these examination results. They are the general county scholarship, a scholarship in agriculture, and another in home economics. Each exempts the winning student from matriculation and incidental fees, a total of \$290 during the four years of university study.

All are open to students who will be graduated from an accredited high school this year and are able to meet the requirements for admission to the university, or who have been graduated and have not entered any college or university, the county superintendent stated. The county scholarship may be used in any field of study. The scholarships in agriculture and home economics are restricted to those respective fields.

Candidates for the agriculture and home economics scholarships must fill out blanks available from H. O. Allison, secretary of the Illinois Farmers' Institute, Springfield, and return them to him before the end of May. Candidates for these two scholarships must be in the upper half of their high school graduating class.

The examinations in Lake county will begin in his office at 9 a.m. June 5. During the morning, English composition and literature will be the examination topics. In the afternoon session, starting at 1:30 o'clock, candidates may choose one of four fields: mathematics, foreign language, science, or social studies.

Mathematics tests will cover first year algebra and plane geometry; foreign languages the first two years of work in either Latin, German, French, or Spanish; science any two of six sections—chemistry, physics, botany, zoology, biology, or general science—with the exception of those fields mentioned above.

studies two subjects, at least one of them history, from six sections—American history, ancient and medieval history, modern history, economics and civics, civics and commercial geography, or commercial geography and economics.

The county scholarship will be awarded to the student making the highest average in the examination; the agriculture and home economics scholarships to the respective candidates in those fields scoring highest. Additional scholarships up to three in agriculture and home economics may be awarded later if other counties do not have qualified candidates.

**"Romeo and Juliet" At Deerpath Theatre**

Delightfully tuneful with a generous dash of light comedy, a romantic story with an unusual twist, and two lavish musical numbers, "Ready, Willing and Able," will receive enthusiastic acclaim Friday and Saturday, May 21 and 22, at the Deerpath theatre.

With a cast headed by the charming Ruby Keeler and ebullient Lee Dixon, supported by such well known players as Carol Hughes, Winifred Shaw, Allen Jenkins, Louise Fazenda, Addison Richards, E. E. Clive, and a bevy of beautiful Bobby Connolly girls, "Ready, Willing and Able" is certain to please the most critical theatre goer and prove a highly profitable investment in entertainment.

Deathless in its beauty, sublime in its passion, magnificent in its spectacle, "Romeo and Juliet," starring Norma Shearer and Leslie Howard in the world's most beloved romance, opens Sunday, May 23, for a three day run at the Deerpath theatre.

"Romeo and Juliet" as it has been produced by Irving Thalberg is

**Slow Motorist Is Menace To Highway Safety Says Hughes**

The motorist who mopes along the highways so slow as to block the normal flow of traffic is not only violating the state statutes, but is a menace to highway safety, declared Secretary of State Edward J. Hughes.

"While speeding is not to be condoned," said Secretary Hughes, "motorists should at least keep pace with traffic."

"To move slowly when many cars are on the road, is to slow traffic behind you, causing the impatient driver to take dangerous chances in passing which may result in serious accident. Collisions are frequently the result of failure on the part of some motorists to keep pace with traffic."

Secretary Hughes suggested that the motorist who takes an evening or Sunday drive for relaxation, will do well to choose some secondary road or country lane where traffic is not so heavy.

According to Secretary Hughes, Article VI, section 51, of the revised motor vehicle laws of Illinois pro-

"No person shall drive a motor vehicle at such a slow speed as to impede or block the normal and reasonable movement of traffic except when reduced speed is necessary for safe operation or in compliance with law."

"Police officers are hereby authorized to enforce this provision by directions to drivers, and in the event of apparent wilful disobedience to this provision and refusal to comply with direction of an officer in accordance herewith the continued slow operation of a driver shall be a misdemeanor."

**ELM PLACE SCHOOL**

**Hobby Show Next Week**

The Elm Place children are busily making preparations for the hobby show to be held next Thursday afternoon. About fifty or more hobbies have been listed, but we would like to have more. Some of the hobbies already obtained are stamp collections, match boxes, shells and samples. These are but a few of them, however. Even though one is not an exhibitor, one should plan to spend the afternoon at Elm Place viewing the many exhibits.

By Marjorie Renner, Grade 18, Elm Place Stamp Club

Among other clubs at Elm Place is the Stamp Club with nineteen members. The first officers elected were: President, Bob Reichman; vice president, Bill Okey; and secretary, Marjorie Renner. After the first half of the year all of the girls dropped out, and the officers were again elected. They were: President, Bob Reichman; vice president, Buster Olsen, and secretary, John Sloan.

The club, which includes 7th and 8th grades, meets every Tuesday afternoon for 45 minutes, in Miss Grunewald's room and has such activities as trading stamps and giving special reports from newspapers and magazines. We have also had a contest in which each boy wrote two questions, and the person that got the most right won. The prize was taken from the treasury. We also had a guest speaker who was Mr. Kay from the stamp store. By Bill Karger.

**The Pen and Brush Guild**

The Pen and Brush Guild, under the supervision of Miss Sprague, has fourteen members. Their aim was to have made, by the close of school, a book.

Some are illustrating it, while others write short explanations of the pictures. It contains parts taken from poems and short reports of Robinson Crusoe, David Copperfield, Little Women, and other books we have read.
