

H.P. GOLF TEAM IS UNDEFEATED UP TO PRESENT DATE

Winning every match played this year, including its league matches by high scores, the golf team of the Highland Park high school has the best chance for some time to win the Suburban league golf title.

Last Tuesday, May 11, the team beat Evanston by a score of 10 to 5. On Wednesday, May 12, they overcame Proviso by a score of 11½ to 3½. On Friday they defeated Lake Forest academy, which has a very good team this year, by a score of 9 to 6. New Trier beat Lake Forest academy this year by a score of 8½ to 6½. On Monday, May 17, at Sunset the team defeated Evanston by the high score of 12½ to 2½.

Morton has a good team, but our team should not have much trouble in beating them tonight after school. If our golf team does beat Morton, it will play New Trier tomorrow for the Suburban league Golf championship.

On Saturday, May 22, the Suburban League Medal match will be played.

Four boys will play for each school, and the team having the lowest aggregate score will win the Medal match. Our team has a very fine chance to win this because they are familiar with the course. The four boys who will probably play for our team are Ralph Piefer, Bud Bassler, Mario Goffo, and Leon Drew.

TO ADD FOUR NEW TEACHERS TO STAFF

There will be four new teachers at the Highland Park and Lake Forest high schools next year, two for each school. Both of the new Lake Forest instructors will teach English and social science, while the new Highland Park instructors will teach boys' and girls' gym.

Theodore Cavins, from the University school of Milwaukee, and Miss June Wasen, now at the Mar-selles high school, Marseilles, Illinois, will be added to the Lake Forest teaching staff. Miss Ruth Pipenhagen, who will graduate from the University of Wisconsin next month, will take Miss Horne's place in the girls' physical education department.

Was Big Ten Champion
The addition to the boys' physical education department is Mark Panther, who as a freshman at the University of Iowa, won the Big Ten javelin championship in 1934. He will graduate from Iowa this year.

Sex Problems To Be Discussed At High School P.T.A.

There should not be a vacant seat at the special meeting of the High School P.T.A. Friday evening, May 21st, at 8:15, in the English Club Room at the school when Mrs. Margaret Wells Wood of the staff of the State Department of Public Health is to address the members on the important subject of sex education. Mrs. Wood is a graduate of Mount Holyoke College and continued her education at Bryn Mawr where she majored in social research and industrial organization. She has a pleasing personality, a sane manner of approaching this delicate subject, particularly in a

mixed group, and presents the matter scientifically and spiritually. She has given these talks for a number of years and is considered an outstanding woman in the field of social hygiene. Known as one of the best speakers obtainable on this subject, Mrs. Wood will address the P.T.A. members on the vital subject of "Social Hygiene" in a forceful and intelligent manner, and her remarks should be of inestimable value to those who attend.

Poppy Day, Monday, May 24 In Deerfield

Monday, May 24, will be Poppy Day in Deerfield and in thousands of other cities and towns throughout the United States. Millions of bright red poppies will be worn in America's annual tribute to the World War dead.

Women of Deerfield unit of the American Legion Auxiliary will be on the streets early Monday morning with baskets of the memorial flowers, offering them in exchange for contributions to aid the war's living victims, the disabled veterans, their families and the families of the dead. They will continue working throughout the day, giving everyone an opportunity to "honor the dead and aid the living" by wearing a poppy.

Preparations for the observance of Poppy Day have been completed by the Auxiliary under the leadership of Mrs. Bessie Cruickshank, general chairman. Poppies will be distributed by a number of women and girls all working as unpaid volunteers. Money received for the flowers will be used to help maintain the welfare work of the Legion and Auxiliary among disabled veterans and fatherless families during the coming year.

The little red poppy worn above our hearts Monday, is the truest symbol of our remembrance for those who gave their lives in the nation's service during the World War. It is their flower. It grew on the fields where they died and it was the only floral tribute on the bare battle graves where they were buried. We or the Auxiliary are hoping that everyone in Deerfield will understand the poppy's significance and wear one with pride tomorrow.

Two recent cases in Chicago: Overland bus driver, enroute, suddenly collapsed at wheel. An alert passenger sitting next to him grabbed the wheel and stopped the bus, probably preventing a serious smashup. In another instance, a father, sitting at the wheel beside his son, suffered a heart attack, slumped over the wheel and died almost immediately.

Such cases certainly emphasize the necessity for drivers keeping in first-class physical condition at all times through right living and periodic physical examinations.

When you check up your motor, check up on yourself.
