CHRISTIAN SCIENCE CHURCHES

"Soul and Body" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday May 23.

The Golden Text was, "Rejoice in the Lord ye servants: for unto thee, O Lord, do I lift up my soul" (Psalm 86: 4)

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "O bless our God ye people, and make the voice of his praise to be heard which holdeth our soul in life, and suffereth not our feet to be moved" (Psalm 66: 8-9)

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Science reveals Spirit, Soul, as not in the body, and God as not in man but as reflected by man. The greater cannot be in the lesser. The belief that the greater can be in the lesser is an error that works ill. This is a leading point in the Science of Soul, that Principle is not in its idea. Spirit, Soul, is not confined in man and is never in matter" (p. 467).

Warden L. E. Lawes Urges Attendance at Scout Jamboree

Lewis E. Lawes, Warden of Sing Sing prison for the past 18 years believes that the National Scout Jamboree to be held at Washington, D. C., June 30 to July 9, provides an unusual opportunity for Americans "to perform a constructive service for our future manhood."

The Jamboree, he says, will be one of the greatest events in the history of American boyhood. It will bring together more than 25,000 boys of every state in the nation and from 24 foreign lands for ten days of camping together, pageants, excursions and fellowship at their 350-acre "tented city" on both banks of the Potomac River.

"Today, in many communities of the country," Warden Lawes said, "boys are preparing to go to this great Jamboree. But, there will be countless others who though willing and deserving to attend, will not be able to do so because of economic reasons. Permit me, therefore, to make the following proposal, which I assure you is my own, and not suggested to be by the National Boy Scout organization: "May I propose that citizens pro-

least one Scout from every community to attend the Jamboree?"

Warden Lawes feels that in its 27 years the Boy Scouts of America has become a vital force in American life, having touched the lives of more than seven and a half million boys and men. He disclosed that an impartial survey of the Boy Scouts showed that while one of every 240 non-Scouts was a Juvenile Court delinquent, only one of every 978 active Scouts was a delinquent. While he believed it would be erroneous to conclude that scouting itself accounted for this vast difference in ratio, there can be no doubt, he said, that "the favorable influence of the Scout movement was to a large extent responsible."

"Children usually pattern their behavior upon that of someone with whom they come in contact, and respect. The ideals which are instilled in their minds represent an essential

preparation for later life. The influence of trained social leaders is therefore of vast importance. I urge as many of our citizens who can qualify, to take up this task of educating our youth along lines of good citizenship."

"When the National Scout Jamboree convenes in Washington, Scouts from this country will take part in many activities. Those young men—of our country and of other nations—represent the leaders of tomorrow. We know that very often complications between countries arise because men lack an understanding of their fellow beings. "Is it not desirable, therefore,"

Warden Lawes concludes, "to encourage as many young men from various nations to meet at a time when lasting friendships can be

made, and when the horizon of understanding can be broadened? Insight into the ideals and characteristics of those who live apart from us in other sections of the world tend to create a feeling of good will which augurs well for future peace among nations."
