

### Motorists Beware! Accidents Increase During Vacation

The joyful cry of "school's out" heralding the summer vacation period, may bring happiness to the hearts of Illinois' million and a half school children, but to the motorists and parents it means added responsibility, Secretary of State Edward J. Hughes declared in a safety bulletin issued here today.

"Temporarily relieved from the duty of acquiring an education, a major portion of this veritable army of youngsters will play in streets and roam the highways in search of pleasure, thus placing added responsibility on the shoulders of the motorists," Secretary Hughes pointed out.

"Careful drivers will bear in mind that even if not playing directly in streets, children will be darting back and forth over roadways at all hours of the day."

Mr. Hughes said that throughout the nation last year a total of 1,410 children were killed and more than 41,500 were injured while playing in streets.

"The appalling number of innocent children killed or maimed each year is a tragedy that cannot be tolerated," Secretary Hughes declared.

"When it comes to protecting the lives of our little ones," continued Secretary Hughes, "there can be no compromise or evasion of this duty on the part of either parents or motorists."

"Parents, older brothers and sisters are morally obligated to cooperate with the motorist by forbidding children to play in streets and by urging them to use the utmost caution while crossing roadways. Smaller children should be instructed as to the proper method in crossing streets."

### Harry Stuppel Is Temporary Chairman of Water Committee

Harry T. Stuppel was appointed temporary chairman of the village water committee, by Major C. M. Willman, to act for Edwin Palmer.

The "Hinsdale Hustler," a publication by the company for which Trustee Palmer works, contains the following:

Ed Palmer Host to Auto Credit Executives

Mecca of the nations credit executives next June will be Chicago, where elaborate preparations are well under way for the seventh annual Credit Congress of Industry. Forty-four major groups of industries will meet in what is contemplated as the first step in a Renaissance of Credit.

Naturally among the leaders of this assembly, which will also mark the 42nd annual convention of the National Association of Credit Men, will be the automotive industry. Supervising the activities of this group will be, Chairman A. W. Pfeiffer, United Motor Service Co., Detroit, Mich., and E. M. Palmer, Hinsdale Manufacturing Co., Chicago.

Mr. Palmer's many years of credit experience and his exceptional ability as an organizer and leader is well known to local credit men. His selection as a national group leader was automatic.

More recently Mr. Palmer has been requested to act on the Legislative committee of the Chicago Association of Credit Men. The committee will be active during the coming session of the Illinois Legislature and will also co-operate in work in other states.

### "Hiawatha," Speed Train Is Financial Success to Owners

A financial success at the tender age of two.

That's the enviable record achieved by the Hiawatha, streamlined speed train that will be two years in service Saturday (May 29) for every time it passes a mile post on its speedy run between Chicago-Milwaukee and St. Paul-Minneapolis it nets its owners, the Milwaukee road, \$2.49 and posts are passed every minute.

Probably the only individual train operation for which earning figures are made public, it was announced in a statement commemorating the Hiawatha's anniversary that during its two years operation it carried more than 550,000 paying passengers and its gross revenues exceeded \$2,600,000.

During 1936 gross earnings of the Hiawatha, and overflow sections operated frequently, amounted to \$3.62 a train mile. Operating costs, including interest and depreciation, were \$1.13 a train mile, leaving net earnings of \$2.49 a mile. However, a proportionate share of track expenses, taxes, solicitation and miscellaneous costs are not taken into consideration, it being difficult to accurately allocate such charges against the operation of a single train.

When the Hiawatha began service May 29, 1935, it consisted of eight cars, all newly built, and drawn by brightly hued streamlined steam locomotives. October 11, 1936, the original train was replaced by new and improved equipment, each unit now consisting of nine air-condi-

tioned cars. The original train is operated in auxiliary service.

The train has had an exceptionally fine "on-time" record during its approximately 615,000 miles of operation, amounting in distance to 25 times around the world.

Schedule of the Hiawatha provides for a 410 mile run in 390 minutes, including six station stops en route.

Attracted by its great speed and its gay coloring of maroon, orange and silver, even after two years throngs continue to congregate at the trackside to watch the Hiawatha flash by.

### Deerfield O. E. S. Luncheon, June 8

The Deerfield chapter of the Eastern Star is sponsoring a luncheon and card party on Tuesday, June 8, at the Deerfield Masonic temple. Mrs. Phil Scully is in charge of arrangements for the luncheon; Mrs. Ralph Peterson, the Style Show; and Mrs. Walter Page and Mrs.

Leonard North, the cards. There will be table and door prizes and the main prize is a crocheted bedspread. Serving of the luncheon begins at 1 o'clock.

### Wilmot Grade School Has Class of Seven

Commencement exercises were held on Friday evening at the Wilmot grade school at the west limits of the village of Deerfield. Mrs. Mary Ann McFaddon of Highland Park, music supervisor, presented the pupils in a musical program. Leonard Olson, the class president, gave the address and Frances Horenberger, presented the class gift. Dr. W. F. Weir, minister of the Deerfield Presbyterian church, gave the address. The graduates were: Frances Horenberger, Thomas Scavuzzo, Mary Behrens, Emmaline Walker, Leonard Olson, Glen Kapschull, and Jeannette Mailfald.

Teachers in the Wilmot school are Mrs. Delbert Meyer and Miss Donna Belle Jensen.

### Additional Service Offered Customers of North Shore Line

An additional service for customers has been put in effect by the North Shore line with the placing on sale of American Express Travelers Cheques at all principal stations of the company.

J. M. Michaels, general passenger agent, announces that agents at all important main line stations and at Libertyville and Mundelein will handle the cheques. Heretofore, this service was offered only at the Milwaukee terminal.

### Fire Hydrant Breaks; Deerfield Without Water, Tuesday A.M.

A fire hydrant was broken early Tuesday morning on Deerfield road across from the Brier Hill Country club in Deerfield. Repairing took considerable time and no water was

available to residents until after ten that morning. Ice cubes were melted for the commuters breakfasts and for what little washing could be done. This same hydrant was broken last fall. Being the main water main, the entire supply for the village was cut off.

Mrs. Wesley Stryker, employed in the village hall, said that more calls came from east siders than from the west side, inquiring about the water, presumably because the slope down the hill gave the west side a little pressure, which enabled them to draw some water.

Eaton's Moraine Grocery is open evenings for your convenience.
