### HOW TO SAVE ON DOCTOR BILLS

The one safe way to save on Doctor bills is to visit your Doctor—or call him in—at the first indication that all is not as it should be. Often his timely counsel may save a long and costly illness. It's poor economy to try to do your own prescribing.

And when your Doctor gives you a prescription, be sure to bring it to this Drug Store. Our registered pharmacists will fill it exactly as he directs. Our stocks are large and complete; our prices are always fair.
