CHRISTIAN SCIENCE CHURCHES

"CHRISTIAN SCIENCE" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, June 27.

The Golden Text was, "The earth shall be full of the knowledge of the Lord, as the waters cover the sea" (Isaiah 11:9).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "My doctrine shall drop as the rain, my speech shall distill as the dew, as the small rain upon the tender herb, and as the showers upon the grass: Because I will publish the name of the Lord: ascribe ye greatness unto our God. He is the Rock, his work is perfect: for all his ways are judgment: a God of truth and without iniquity, just and right is he" (Deuteronomy 32:2-4).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "All Science is divine. Human thought never projected the least portion of true being. . . . No human pen nor tongue taught me the Science contained in this book, Science and Health; and neither tongue nor pen can overthrow it. This book may be distorted by shallow criticism or by careless or malicious students, and its ideas may be temporarily abused and misrepresented; but the Science and truth therein will forever remain to be discerned and demonstrated" (p. 128) 110.

Endorse Increase in Scope of State Civic Service Laws

The Illinois League of Women Voters Saturday announced its endorsement of nine bills introduced by William J. Gormley in the Illinois House of Representatives providing for an increase in scope and jurisdiction of the state civil service law.

With its endorsement the League of Women Voters issued a statement that the "enactment of House Bills 805-813 inclusive, would represent a signal advance in the administration and extension of the civil service."

"The bills provide," the statement continued, "that civil service be extended to the state maintenance police, employees of the State Library, the Illinois Commerce Commission, the Board of Vocational Education, the Department of Public Works and Building, and the Board of Natural Resources and Conservation. It also prevents the blanketing in of any groups under civil service without a qualifying examination and provides and safeguards the procedure in case of dismissals."

The Illinois League of Women Voters constitutes a major body among many civic groups that are supporting the passage of the bills, according to Henry P. Chandler, president of the Civil Service association of Chicago, which has given full approval of the proposed measures.

Among many important points brought out in the bills is the provision for broadening the scope of the hearing given to a discharged employee upon request. This would include the issue whether he was discharged without just cause instead of limiting him to proof that he was removed for political, racial or religious causes, as the present law provides.

House Bill 808 provides limiting civil service positions only to those persons who pass original examinations and qualify under civil service regulations. This means that whenever positions previously outside the civil service system are brought under it, the holders of such will be obliged to qualify in accordance with the law in order to obtain permanent tenure of office.

Ill. State Tennis Tournament to Be Played at Skokie

Headed by Wilmer Allison, former national champion, a field of ranking stars and crack intercollegiate players will begin play this Monday afternoon in the Illinois State Tennis tournament at the Skokie Country club. The finals will be held on Sunday, July 4.

Walter Senior, ranked No. 12 nationally, will come in hopes of evening matters with Allison who beat him in a nip and tuck duel last time they met. Having conquered Bobbie Riggs of the Davis Cup squad at Houston, Senior promises to step up several rungs on the national ranking this year.

In addition to Senior, who comes from San Francisco, Frank Kovacs, six-foot-three hard hitter, finalist for the California men's single title, will represent the Sunkist state as well as John J. Moreno, California junior champion, Myron McNamara and the Pacific Coast intercollegiate champion-doubles team of Louis Wetherell and Jack Knemeyer.

Don Leavens and Jack Hall of the University of Southern California will swell the list of university competitors, which includes Norman Bikel and Norbert Burgess of the University of Chicago who are Big Ten champions.

Northwestern university will be represented by George and Russell Ball and Marvin Wachman. John Foreman of the University of North Carolina will also play.

Other entries who may contribute to the downfall of seeded experts are: Eugene McCaulliffe of New York, Thane Halstead, and Al Winston. Dan Kreer, Dave Early and Gair Tourtellot are some of the local players who will compete.

Mrs. Marjorie Gladman Van Ryn will top the women's field with Catherine Wolf and Helen Fulton appearing the most likely to upset her. Sarah Hinde, Lucy Jane Hedberg, and Mrs. Clement will also play.

Any North Shore boys who would like to act as ball boys are asked to see Loring Fiske, Skokie tennis professional, at the tennis house some time this week.

The Exmoor club men's team went down before the squad from Skokie in an interclub match last Sunday afternoon at the loser's courts: Dan Kreer, Skokie, defeated R. Miles Warner of Exmoor, 3-6, 8-6, 6-1. J. Dudley Pope, Skokie, overcame Kenneth Ives, Exmoor, 6-3, 4-6, 6-1. The team of T. Weller Kimball and James Carry of Exmoor put up a stout defense against Skokie's tandem of Ray Bartelman and Bill Clover, but lost in three sets. The scores were 4-6, 6-4, 6-1.
