

### The Spotlight

Washington plans survey of every mile of highway in the country, under Sec. Wallace, with the object of giving farmer better farm to market roads. . . Twelve representative automobiles leave Detroit this week on Texaco's 25,000 mile road laboratory test. . . Observers

will make 44 observations every 15 minutes. . . which makes the hive-troubled one-armed paper hanger's job look like a cinch. . . Fourteen car makers to exhibit at National Horse Show. . . It somehow doesn't seem fair to the horses, but we suppose they'll all be at the auto show in November. . . Cleveland plans Studebaker Day at their Fair, June 13, with a special train carrying

South Bend dignitaries and the Studebaker "Mighty Sweet" girl. . . Total registration of cars for entire country shows more than 28 million are on the roads—no wonder the highway safety problem looms ever larger. . . Detroit car owners choose hydraulic brakes as most wanted feature on new cars—two years ago, everyone wanted streamlined radiators. . . Live and learn—Don't learn, and you don't

live. When you get into a tight place and everything goes against you, till it seems as though you could not hold on a minute longer, never give up then, for that is just the place and time the tide will turn." —Harriet Beecher Stowe.
