Drama Club Makes Scenery
Building sets for plays for the coming season is the latest interesting project which the Stagers, dramatic organization of the Deerfield Presbyterian church, have well under way.

Miss Shirley Clark explains the activities thus:

"After much scurrying about in search of a suitable place in which to do their work, they were given gracious consent to the use of the Truitt barn on Waukegan road. This huge old barn was found very adaptable to the work and storing of the sets.

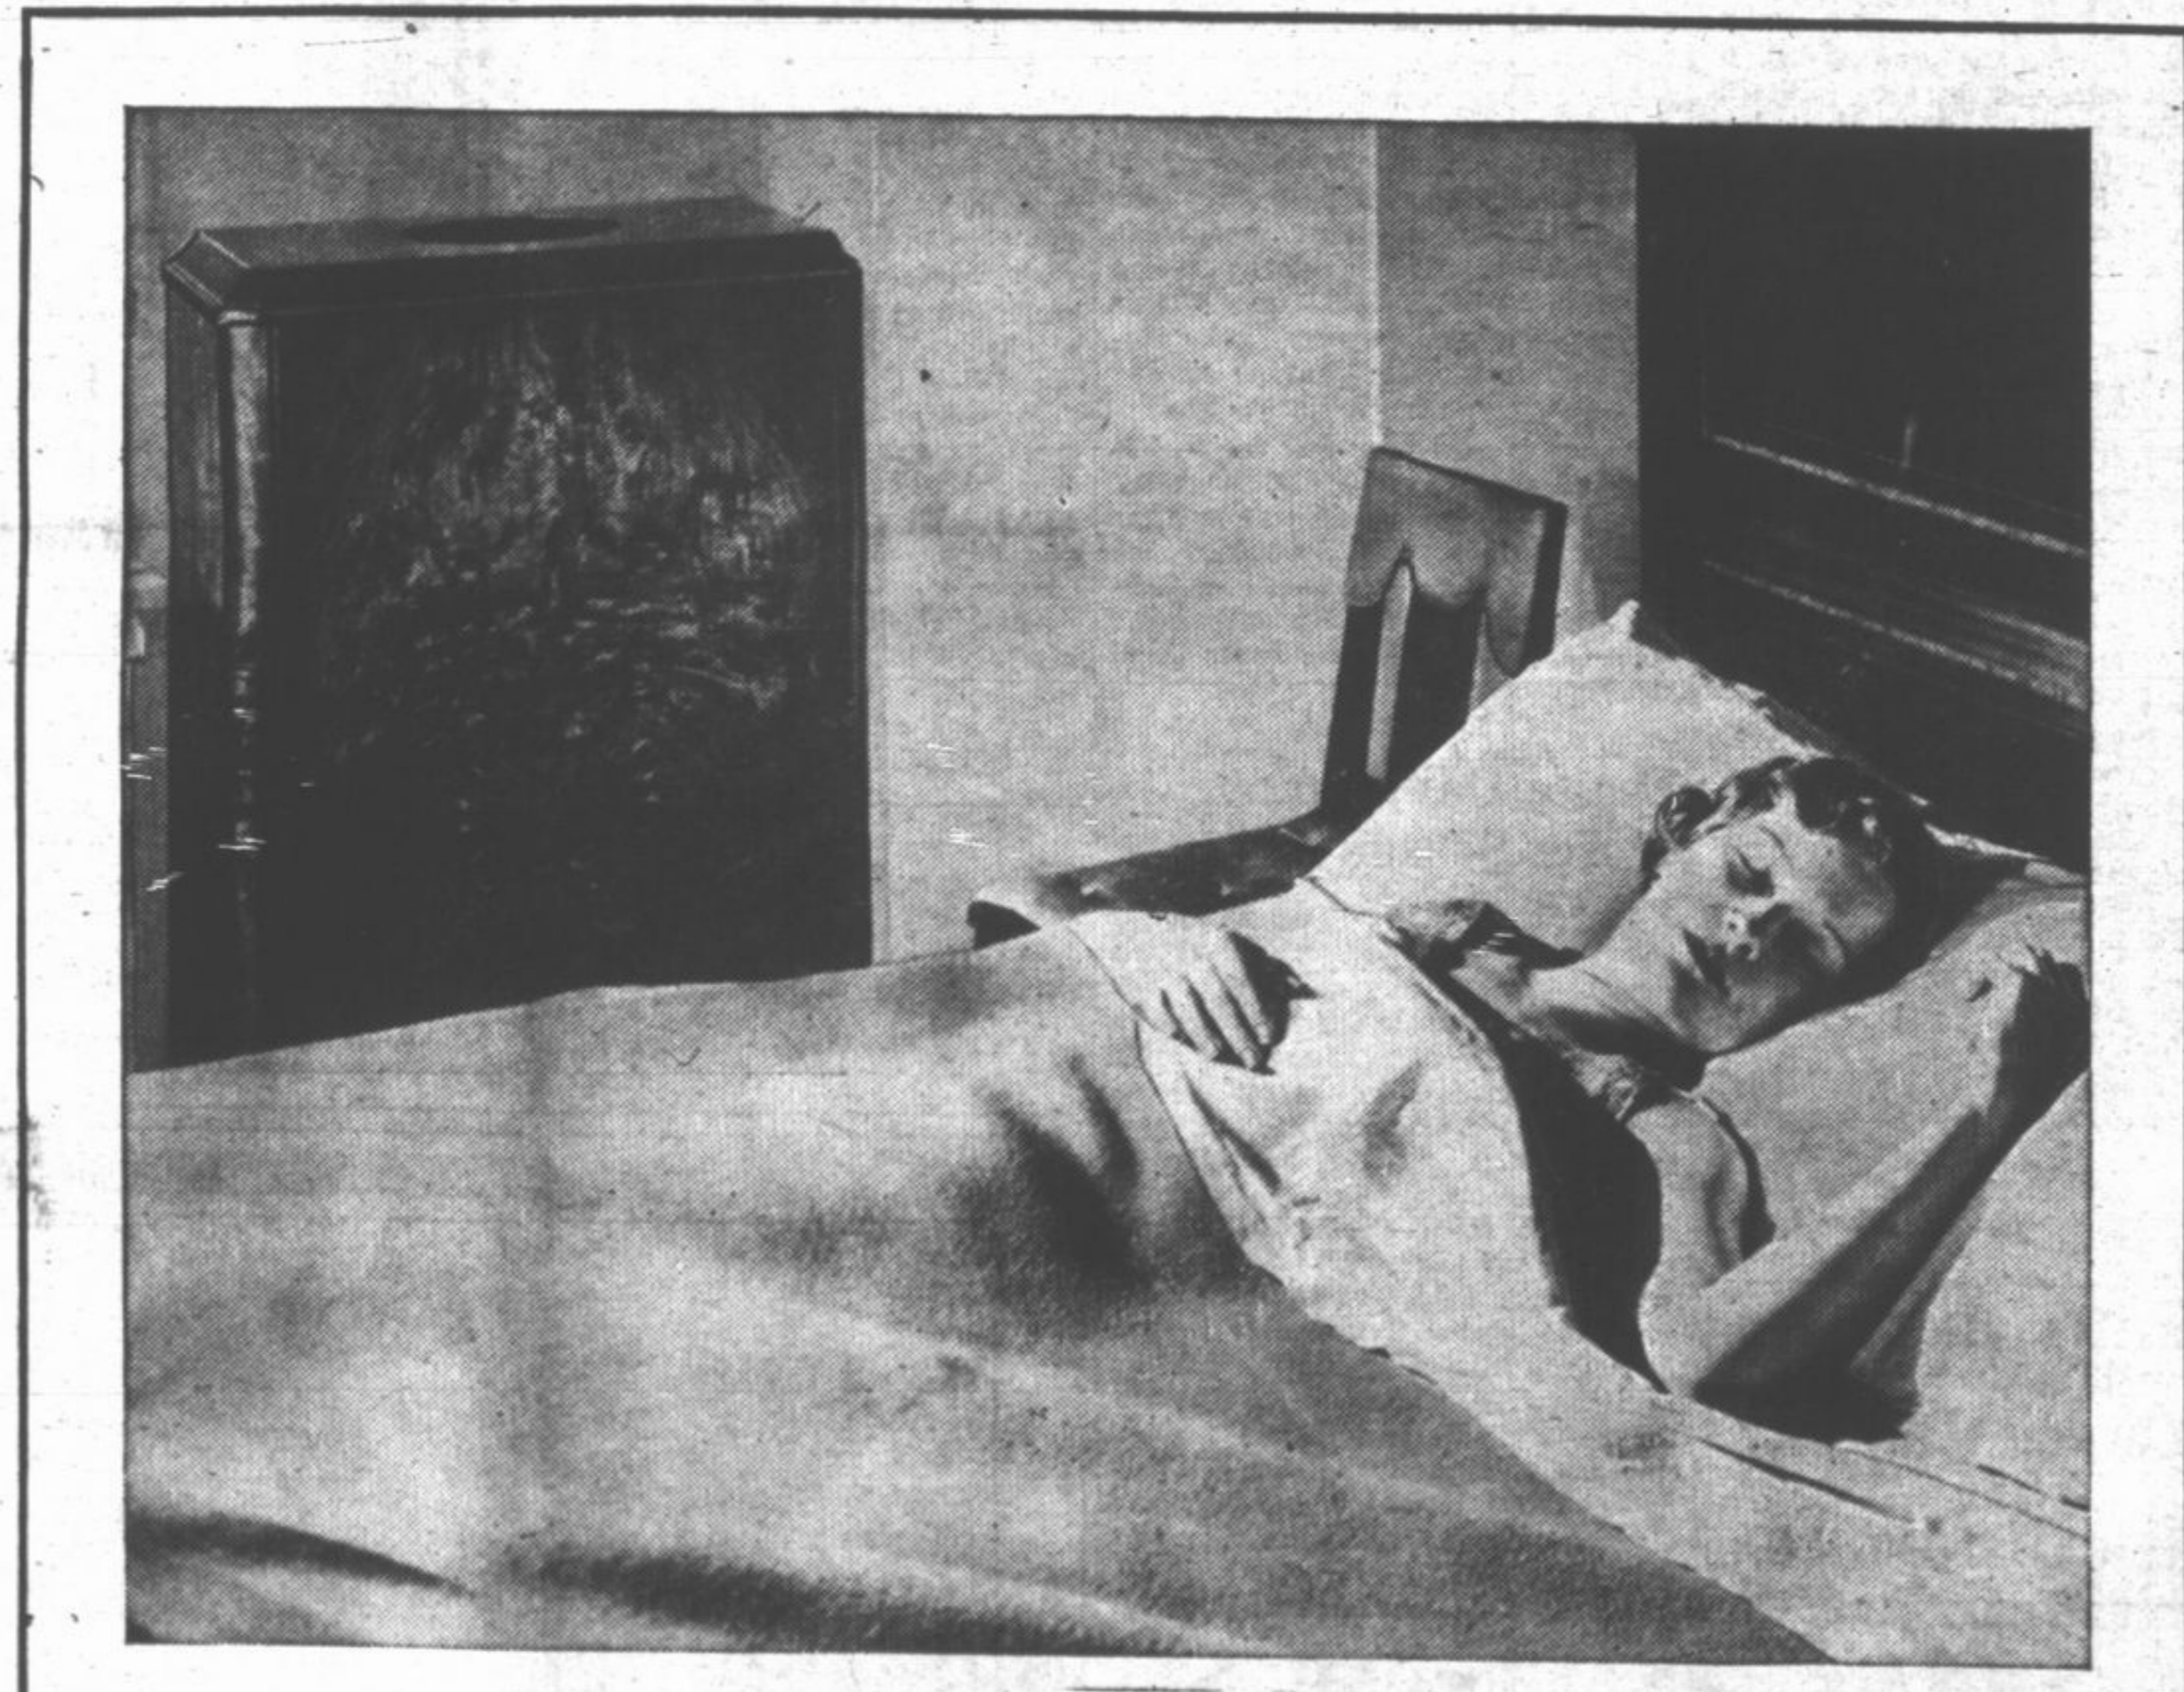

"And now, most any evening if you peak through the door, you will find a merry group hard at work: sawing, screwing, painting and admiring their work. With sleeves rolled up and mouths full of nails accenting their speech, the stagehands shout instructions to the worker in the last stall who is the toiler in the hay-mow who is painting the French doors.

"It may seem like hot weather to work on these things, but with the heavy schedule ahead that the Stagers have planned, they find it very necessary to get such articles well in hand quite early."

The Truitt barn of which Miss Clark speaks is on the George Truitt estate on Waukegan road at County Line road.
