

# DEERFIELD LOCALS

## DEERFIELD'S PARK

The only park in the Village of Deerfield is the triangular piece of ground west of Waukegan road, with its other two boundary lines—Hazel Ave. and Journal place. The park has been uncared for the past year and the beautiful stone bench, a gift of the Deerfield Garden club, has been broken. The newly organized Civic Association of Deerfield made a request recently to Township Supervisor James O'Connor to ascertain if relief labor could care for the plot. The past week, through the supervisor's office, the grass was cut, bushes trimmed, and the grounds well cared for. It will not be a hayfield again this summer.

## FRESH PAINT

William Johnston, commissioner of the water department of the Village of Deerfield, has been supervising the work of repainting all fire hydrants red with silver nozzles and caps. On through streets each hydrant has two black and white striped tanks as guards against motorists who cannot stay in the streets. Street markers have also received new coats of paint. The upright posts are white, lettered in black.
