ANOTHER GREAT "COOLER" IS Bowman Milk!

● On these sultry summer days, remind your family of the cool Bowman Milk in the refrigerator. It is a reliable thirst quencher... marvelously refreshing.

And Bowman Milk also provides nutritive elements which are especially needed in the summer when youngsters are quite apt to lose their appetites and eat irregularly. So let your children have a big glass of Bowman's when they come in hot and tired.

Make it a part of your own summer diet. It will help you avoid that listless feeling you get from eating heavy food in warm weather.

Tomorrow morning start getting an extra quart of Bowman Milk. Fresh and pure and delicious to drink, it is a "cooler" your whole family will appreciate.
