

Lake County Will Receive \$4,325 for Student Work Aid

Lake county will receive approximately \$4,325 in the allocation of funds provided by the National Youth Administration for work aid to needy high school students of Illinois during the 1937-38 school term soon to open, according to an announcement made today by William J. Campbell, state NYA administrator.

The total allocation to the state for the term is \$465,000 which will permit approximately 18,000 boys and girls to continue their education, according to Mr. Campbell.

High school students receiving this aid are paid a maximum of \$6 per month for various types of necessary and socially desirable work after school hours. These part-time jobs include clerical work in offices and libraries; assistants to teachers in marking papers, laboratory and research work.

"Students seeking this aid," explained Mr. Campbell, "should apply directly to the principal of the school they will attend. The heads of each high school have charge of their own program and select the boys and girls who receive aid."

The National Youth Administration student aid program gives work experience to youths and likewise provides them with sufficient funds to defray such necessary expenses as carfare, lunches and clothes.

Noted London House to Be Torn Down

The residence of the second Earl of Shelbourne, later Marquis of Lansdowne, who as prime minister conceded independence to the United States, is being torn down to make way for a great office building.

The house, which stood on the east side of Berkeley square is one of twenty well-known Mayfair buildings that must be demolished, says Sherman A. Boyce, manager of the American Express travel service. Another, No. 11, was once the residence of Horace Walpole. Its front door has been bought by an American, who plans to take it to the United States No. 17 Bruton street, the birthplace of Princess Elizabeth and once the residence of the present Queen, must also be torn down.

Jewish Women in Conference, Sept. 13

The Conference of Jewish Women's organizations will start its season's activities with a regular board meeting on Monday, September 13, at 185 N. Wabash at 10 a.m. promptly, Mrs. Harry L. Canmann, president, presiding. The conference, now in its 28th year, is composed of delegates from 92 organizations representing 52,000 women. It is a clearing for all its constituent members and by means of committees, it centralizes and coordinates the work of similar committees in the individual clubs. The range of these committees extends to social science, philanthropy, cultural education, religion, civic improvements, city, state, and national legislation. Every year the scope of the conference widens as additional groups join and extend the horizon of its interests.

The first general meeting, open not only to delegates but to all members and friends, will be held on Wednesday, September 29 at the Covenant club. It will be a breakfast to honor the birthdays of Mmes. Hannah Solomon, Benhamin Davis, Martin Barbe, and Miss Julia Fel-senthal.

Carnival Sponsored by Mothers Club Is Huge Success

The carnival and card party sponsored by the Mothers club of the Y.W.C.A. was a huge success. It was the beginning of the 1937-38 club activities.

The Suburban Sound company furnished music during the evening, their only competitor being the Kitchen band.

Mrs. Merritt as "Madam Tellu" in her little brown tent, was very much in demand by the young people as well as the old. Her clients marveling at her wonderful insight into their future. All carnivals have one or more games of lottery, the Art Gallery surpassed them all from our forefathers up to the present day.

The "hot dog" and pop stand was well patronized as well as the corn and other games on the ground.

Should Girls Go Out to Work?
This is a question that seems to be agitating a few of our readers. We can only reply that most of the modern girls we know seem to prefer a life of he's.

A sultan at odds with his harem
Thought of a way he could scare 'em.
He caught him a mouse—
Let it loose in the house,
Thus starting the first harem-scarem.—U.S.S. Maryland Catapult.

Neighboring Villages Plan Beautification Along R. R. Tracks

A township-wide movement having for its objective the beautification of the villages, highway and railroad right-of-ways had its inception at a luncheon Tuesday at the Shawnee Country club, attended by representatives of the various garden clubs and park district boards of the four villages namely, Wilmette, Kenilworth, Winnetka and Glencoe.

Following the luncheon an informal discussion was had in which the feasibility of the proposed project received considerable attention. The consensus being that it is not only practical but highly desirable, and that it can be accomplished through the united support of the various interested agencies, the trend of discussion passed to the formation of a plan, the nature of plantings and maintenance, upon which many valuable suggestions were offered.

In view of the fact that plantings have already been made in some parts of the villages, the thought was expressed that these should be taken into consideration before any definite program is adopted. It was therefore accepted by the conferees, followed by agreement that a survey of existing plantings should be made in each village preparatory to the formulation and adoption of a comprehensive and predetermined plan that will insure unity of action and harmony of achievement.

To accomplish this important feature, Robert Everly, superintendent of the Glencoe park system and consultant engineer on the extensive development of Washington park, Wilmette, now in progress, generously consented to lend his aid. Upon completion of the surveys, Mr. Everly will present a tentative program for submission to the memberships of the garden clubs and the various park boards. It is expected that this will be completed in two or three months.

Those present unanimously agreed with Mr. Everly that shrubs, flowers and low growing trees indigenous to this locality, many of which are becoming extinct, should be preponderantly employed in order that they may be restored and preserved for the enjoyment of this and coming generations.

While the garden clubs and park boards are taking the initiative in the movement, the intention is that the public will be given opportunity, through these agencies, to cooperate in the work of planting as well as of maintenance.

Two Highway Cops Under Suspension

Two Cook county highway policemen were under suspension today pending an investigating into the charge of Thomas H. Alexander, of 9116 LaCrosse ave., Niles Center, owner of dress shops in Highland Park and Wilmette, that he paid the policemen \$49 after he was arrested on a charge of disorderly conduct.

Alexander claimed that he gave Officers Joseph Borcia and Edward Holcomb \$48, or half of the \$96 he received back on his \$100 bond after Justice of the Peace Henry W. Wirtz of Niles fined him \$1 and \$3 costs on the disorderly conduct charge. He said he had been arrested for sleeping in his car parked off the highway.

To Operate Buses During Winter

The American Coach company, operators of the bus line connecting Waukegan, Antioch, Fox Lake and points in between, announced today that the bus line will continue operations all during the winter, running a schedule of five round trips to Antioch daily and one daily to Fox Lake. The company will also operate a bus schedule serving the Warren Township High school at Gurnee and Grant Township High school at Fox Lake.

Hayfever Victims May Find Refuge in Pollen Free Areas

For those of us who are going around sneezing and dripping tears by the gallon because of the ragweed pollen which now fills the middle-western air, relief is within easy reach, Bert Vanderwarf, manager of the touring and travel bureau of the Chicago Motor club, said today.

"Hayfever sufferers can be out and away from affected territories and into havens of refuge in a matter of hours," Mr. Vanderwarf said. "We have been in touch with health authorities throughout the country and have compiled a list of all those areas where tests have been made which show either an extremely low or absolutely negative pollen count."

A total of 21,124 square miles, or, to expand it to even larger propor-

tions, 12,921,360 acres of pollen-free territory is located in Wisconsin, Michigan and Minnesota, Mr. Vanderwarf said. He lists the following counties in each state as bona-fide hayfever havens, recommended by respective state boards of health:

Minnesota — St. Louis county, 6,503 square miles; Cook county, 1,498 square miles; Lake county, 2,099 square miles.

Michigan—Grand Traverse county, 467 square miles; Charlevoix county, 411 square miles; Emmet county, 485 square miles; Cheboygan county, 725 square miles; Mackinac county (Mackinac Island), 1,044 square miles; Keeweenaw county, 554 square miles; Roscommon county, 538 square miles; Marquette county, 1,870 square miles.

Wisconsin — Vilas county, 934 square miles; Bayfield county, 1,503 square miles; Oneida county, 1,183 square miles; Sawyer coun-

ty, 1,320 square miles. "Each of the counties mentioned harbors many established resorts and state parks and also has camping grounds. Facilities for all kinds of sport—swimming, fishing, golfing, tennis, boating and riding—are plentiful," Mr. Vanderwarf said. The regions mentioned are within 24 hours driving distance of almost any spot in Illinois or Indiana, he asserted.

For those who want to combine long-distance travel with their flight, Mr. Vanderwarf said that pollen-free areas also can be found in the region around Kenora and Nester Falls in Western Ontario, Canada, in the southwestern plateau region of New Mexico and Arizona, the Pacific slope area of Northern California, Oregon and Washington, the Puget Sound area of Washington and in Northern New England.

Office Positions Office Positions
For Young Men For Young Women

Below is a partial list of young men and women from Lake College of Commerce who have accepted positions since September with the following organizations. Our business men depend more and more on the Lake College of Commerce for their Office Help.

- Blenda Dahlbo—Lake County Farm Bureau
- Agnes Andrachi—Grices-Pfleger Tanning Co.
- Violet Whitten—P. M. LaRose, Atty.
- Lillian Glozier—North Shore Foundry
- Mary Carolyn Sloan—Johns-Manville Corp.
- Marguerite Courson—C. N. S. & M. E. R.
- Margaret Atkinson—Abbott Laboratories
- Benah Cannon—Fenster Products Co.
- Lillian Berg—Sager Lock Company
- Vera Wise—Johns-Manville Corp.
- Ruth Williams—Medical and Dental Arts
- Miriam Kutz—Miller Motor Sales, Inc.
- Betty Jane Koepfel—Abbott Laboratories
- Helen Meisenheimer—Zion Institutions
- Mary Beth Phillips—Kalva Corporation
- Tulla Flocchi—Faul Pettengill & Co.
- Everett Faddock—Johns-Manville Corp.
- Myrtle Krueger—Lake-Cook Farm Supply
- Dennis Murtha—Johns-Manville Corp.
- Vivian Johnson—Zion Institutions
- Ray Caldwell—Miller Motor Sales, Inc.
- Cynthia Kraft—Singer Sewing Machine Co.
- Josephine Iwanicki—Waukegan Tire Shop
- Helen Sengenberger—American Can Company
- Virginia Levandoski—Ahlbell Battery Corp.
- Charlotte Dahl—James Anderson & Co.
- Rosetta Lester—Marshall Field & Co.
- Marge Winter—H. C. Mitchell, Atty.
- Jane Menzel—Johns-Manville Corp.
- Foarl Hangebrack—Fenster Corp.
- Robert Brooks—Abbott Laboratories
- Helen Worth—Johns-Manville Corp.
- John Schumaker—Chicago Hardware Co.
- Marie Zimmer—Waukegan Dry Goods
- Elmer Adams—Ahlbell Battery Corp.
- Marion Haines—Waukegan Dry Goods
- Eleanor Lossman—Abbott Laboratories
- Edward Paluska—U. S. Government
- Marie DeMeyer—Illinois Title Co.
