29 Fire Squads Take Part in National Fire Fighters Meet

Can the crack fire departments of Chicago's suburbs match the efficiency and skill of other departments in the nation's cities at fighting fires?

Picked fire fighters from sixteen towns and cities near Chicago will attempt to answer that question Labor Day week-end, September 5 and 6, when a total of twenty-nine fire squads take part in the First National Fire Fighters' Tournament. The two-day spectacle, which is sponsored by the Chicago Charter Jubilee, is free to the public.

All the thrills and dangers of combating fires under all conditions will be re-enacted on the giant field by crack fire fighting teams seeking honors and cash prizes totaling \$2,750. According to Fred J. Ashley, chairman of the tournament, spectators from all over the nation will come to Chicago to see the spectacular events.

Suburban fire fighting teams to take part in the events include Rockford, Cicero, Evanston, Oak Park, Blue Island, Naperville, Abingdon, Willow Springs, Elmhurst, Western Springs, Hazelcrest, Crystal Lake, Steger and Lake Zurich, Illinois; also from Gary, Markle and Dunkirk, Indiana.

Although there is no admission charge, requests from more than 2,000 rooters for the Cicero team have been received by Mr. Ashley. Similar requests for reserved sections are pouring in from other cities represented by teams.

Highest honor at the tournament will be the Mayor Edward J. Kelly trophy, to be awarded to best all-round teams in both the professional and volunteer classes. A cash prize of \$1,000 to the best professional team and another of \$500 to the outstanding volunteer team is being offered by the Chicago Board of Underwriters.

According to Barnet Hodes, corporation counsel of Chicago and secretary of the Chicago Charter Jubilee, the tournament will be one of the greatest of its kind ever held

in the country. Fire departments from such distant cities as Baltimore, Maryland, and Menlo Park, California, will compete in the events.

Contests and events to be held at the tournament include a special water fight, fire alarm turnout, charging fire lines, scaling walls, life net drill, raising ladders, sliding rope contest, bringing hose to roof, salvage drill, first aid test, and "rescuing" pretty girls from "burning" buildings.

Adventure Is Coming In The American Boy

Readers who like adventure and the lure of far places will find plenty to please them in coming issues of *The American Boy Magazine*. They'll read, for instance, of seamen and sabotage and San Francisco water-front trouble; of daring adventure in the world of pseudo-science, and of a feud aboard a plunging, rolling battleship.

They'll read, too, of excitement aboard a transport plane blaring over jungled Mexican mountains, and of stranger planes that are not bound to earth but swing through the noiselessness of space. Readers can follow a young ex-Mountie as he searches for clues in the wild northlands, and Tierney, the pie-eating detective, on the trail of city criminals.

A new feature in *The American Boy* is picture pages that tell stories. Pictures, for instance, that vividly show a day in the life of a coast guardman, and how an Eskimo husky sled dog does his work. They transmit the thrill of battling a hundred pound, water-churning tarpon. Tips on how it's done are also given pictorially—ranging from how to run a broken field to how to be correct in a ballroom!
