

### Renovated Kitchen Provides Light-Conditioning

By Jean Prentiss

I TALKED, not long ago, with a little elderly lady who had just visited . . . for the first time . . . one of the modern new kitchens. She was all a-sparkle.

"This kitchen," she exclaimed, "had a refrigerator big enough to hold a steer, cupboards everywhere . . . and the most marvelous lighting!"

She had visited a light-conditioned kitchen. Light-conditioning is one of the newest conveniences to be added to the room that is so important a part of the homemaker's life.

Non-technically, the term means having the right amount and the right kind of lighting available . . . regardless of whether or not the sky outside is black with night or grey with threatening clouds.

Often a kitchen has the most daylight of any room in the house.

In addition to the ceiling fixture, this renovated kitchen provides ample light at each work-center to ease labor and prevent eyestrain.

Even so, the natural light in the center of many kitchens is only 1/100th of the light at the window sill. This is not enough for quick seeing and nimble fingers at work, and the addition of scientific lighting is the answer.

When a kitchen is light-conditioned, you do not stand at the sink or stove with your shadow falling

on your work. There are side-wall fixtures or lamps with 60-watt bulbs over each work area, and a 100 or 150-watt bulb in the center ceiling fixture to give general lighting.

In the light-conditioned kitchen shown here, note the smartly-styled center ceiling fixture, the new "soft-fit" lighting above the sink, and a matching fixture at the cupboard.

### County Council Of Religious Education Plans Annual Meet

Twenty-five district and county officers of the Lake County Council of Religious Education were present at the yearly supper meeting of the Council, at the Waukegan Y. M. C. A., last Tuesday evening, Oct. 5. William C. Haltenhoff, of Lake Forest, presided, and reports were submitted by the county workers, showing a satisfactory financial condition, and progress and activity particularly in the training of teachers of children for work in the churches of the county, and in the work with young people.

Officers were nominated for the coming year, the nominations to be confirmed at the coming county convention, and a trustee elected to serve for three years. Plans were made for the activities of the year, recommendations to be submitted and passed upon by the larger group of delegates from the churches of the county, who will meet at the annual county convention to be held at the Gurnee Community church, Tuesday, Oct. 19.

ers of well know ability in the religious educational field will appear. An unusual feature of this year's program will be the showing of a motion picture film, for the purpose of demonstrating the use of this medium in teaching. Programs are being mailed out this week to Sunday schools and churches, and to leaders of groups of young people.

### Bannockburn Garden Club Meets Oct 4

Members of the Bannockburn Garden Club held their opening meeting on Monday, October 4th, at the home of Mrs. Walter Wecker with Mrs. Marshall Doty as assistant hostess and Mrs. Albert W. Torbet presiding.

Following the regular business session, Mr. Purcell, who has been actively interested in the Plant Flower and Fruit Guild of Chicago gave a very appreciable talk on the origin, developments and work conducted by this very worthy organization.

At the close of the meeting members and guests enjoyed a walk

### Faculty to Confer With Mothers At P.T.A. Meet Today

The opening regular meeting of the high school P.T.A. will be held in the charming English club room at the school on Thursday, October 7th. The program chairman, Mrs. Edwin T. R. Murfey, Jr. feels that this occasion should be devoted to the business affairs of the organization and to conferences between mothers of the students and the members of the faculty.

The meeting will be called promptly at 3 o'clock with a short address of welcome by the president, Mrs. Frank Ronan. There will be a complete report by Mrs. James A. Lytle, the treasurer, and the chairman of the Membership committee, Mrs. Kent Wonnell, will explain the plans of her committee for the year.

The High school String Quartette, consisting of Rosemary Holm, 1st violin; Ruth Lidicker, 2nd violin; Peggy Bingham, cello; Gale Bray, double bass, and Andrew Jacobs, Jr., piano, which is directed by the stimulating leader of the orchestra, Mrs. Helen Mayer Mannings, will play

gifted musicians, and their ensemble work should be an artistic delight.

At the close of the business meeting, tea will be served by the Hospitality and Social committees, of which Mrs. David Suttle and Mrs. Ernest Volwiler, respectively, are chairmen, and the quintette will play a number of lovely selections during this hour. Then an opportunity will be given to the mothers present to meet their children's teachers, and to talk over any problems which may have arisen during the first weeks of school. This contact between parent and teachers is especially valuable, as it enables both mother and teacher to get each other's viewpoint, and to smooth out many difficulties.

### Highwood Dry Goods Stores Operate On New Time Schedule

The Highwood dry goods stores are instituting a new schedule of working hours. The stores will open every morning at 8 o'clock and will remain open until 7:30 p.m. excepting on Saturday when they will

has been prepared, on which speak-

lowed by a tea.

Saenger. These students are all
