

Attractive Series Of Programs Features Woman's Club Year

When the Highland Park Woman's Club opens its doors in the attractive recently remodeled building, on Tuesday, October 19, a series of programs will be inaugurated which should be of interest to every member. Mrs. Poyntz M. Murray, program chairman, and her committee have scoured the country for speakers and entertainers who will delight, entertain and instruct the membership of the club.

On the nineteenth, Ella Enslow, the charming young Southern woman who had the courage to invade the feud-ridden backwoods of Tennessee to found a school for old and young, will tell of her experiences as teacher, nurse, adviser and friend in a talk entitled "The Little Schoolhouse in the Foothills."

On Tuesday, November 2, one of the high spots of the year will be the appearance of Joan and Betty Raynor, Troubadors. These two young artists will present dramatic tales, songs, catches and dances with rapid changes of costume, in a spirit of artistic joyousness and irresistible gaiety which will delight

On the evening of Tuesday, November 16, to interest both members and their husbands, Gordon B. Enders, the noted explorer of Tibet and for the past four years "foreign adviser" to the Grand Lama of Tibet, in a lecture entitled "No where Else in the World, the Story of Tibet," in which he recounts the mysterious customs and discusses the economic situation of that too little known country.

Tuesday, December 7, will herald in Paula Lecler, a noted news commentator, who has a most unusual gift of presenting a human word picture of striking personalities and events. Her work as a foreign correspondent has put her "in touch with world leaders and she knows how to share her experience in a way that delights and informs the listener. Her lecture will be entitled "Interviewing the World by Air in Ten Weeks."

December 21 is an open date, and the program for that day will undoubtedly be as interesting and attractive as the foregoing and the following ones.

Tuesday, January 4, Clarence W. Sorenson, a world traveller and commentator, who has explored the Sinai Desert, is a fellow of the Royal Geographic society, and whose keen observations are read by all who are interested on the subject, "Caravan Trails in Arabia." His talk will be illustrated with slides and exclusive motion pictures. Young, cultured and full of enthusiasm, he carries his audience to the ends of the earth and gives them a glimpse of lands of beauty and mystery.

On Tuesday, January 18, Ruth Page, known throughout the country as a dancer of superb grace, Premiere Danseur and Director of the Chicago Civic Opera Ballet, will give a program of interpretative dancing which should charm every person in the club room.

The second evening program of the year will be held at 8 o'clock Tuesday, February 1, when Sir Charles Morgan-Webb, noted lecturer, author and journalist, a man whose charm equals his knowledge, will talk on the interesting subject, "Building Activity in Britain."

On Tuesday, February 15, Howard Higgins, psychologist, investigator and noted speaker, who has had an interesting career investigating professional mediums, will expose them in a fascinating talk entitled "Among the Spirits."

The program for Tuesday, March 1, will feature Dr. Leonard A. Parr, an Englishman, a special lecturer in Literature and Drama at Ripon college who will discuss some of the current books in a talk entitled "An Afternoon in the Piccadilly Bookshop," with a unique full stage setting of a book shop.

A delightful program, sponsored by the Garden Class of the Club, will be presented on Tuesday, March 15, when Mr. Tsu Sleng Ma, a Chinese gentleman who lives at International House on the Midway, will speak on "Beauty Spots of China." This talk will be illustrated with exquisite hand colored slides, and will include slides showing examples of lovely Chinese art.

The Drama Group in the Club will present a play at the opening April meeting, Tuesday, April 5, and the final meeting, preceded by a luncheon and business meeting, will be a musicale arranged by the Music Committee of the Club.

At all of the meetings, the walls will be delightfully covered with works of art gathered by the discriminating chairman, Mrs. James Frendenthal, and members of the Art Committee. For the first two weeks, the interesting oils and water colors of a local resident, Alice Abraham Lazard, will be shown. Nationally known for her colorful negro and Mexican scenes, her studies of still life and imaginative pictures, Mrs. Lazard's work is vivid and interesting.

Following each meeting is the always delightful social hour, at which the members and guests meet about the pretty Tea Table, arranged by Mrs. Armand McFee and her able committee. Such a succession

of interesting afternoons brings many old and new members to the lovely club house, where old friends are met and new friends made, in the pleasant informal atmosphere which pervades the Club House.

Dr. Josselyn to Speak at Y.W.C.A. on Child Guidance

Dr. Irene Josselyn of the Institute for Juvenile Research opens the course on "Child Guidance" with the first of the four talks she will give, on Wednesday evening, Oct. 20 at the Y.W.C.A., 374 Laurel avenue. Whatever the age of children, mothers will benefit from the practical psychology, Dr. Josselyn explains, for tiny tots can be helped in right habit training, while adolescent children can be better understood. Children do not have to be "problem children" to require mothers who can enjoy them more because there is the right relation between parents and child.

Dr. Josselyn is a physician, a psychiatrist, and a Highland Park mother. Her training includes medical experience at the University of Chicago clinic and an advanced degree

Smith college. Dr. Gustave Weinfeld, local pediatrician and member of the University of Illinois medical faculty, and Miss Madeline Swetland, former instructor at Presbyterian Hospital Training school, now teaching junior nursing at the high school, will contribute to the well-rounded course of six talks. A question period will follow each lecture. Tickets may be secured in advance at the "Y," 374 Laurel avenue, or at the door Wednesday night.

Unsigned Articles Will Not Appear

It is, and always has been, the policy of the Highland Park Press to print authentic statements in its columns. However, occasionally sufficient data is not available and a misstatement is made. Whenever we are at fault and are convinced of our fallacy, we are willing to right the wrong. Many unsigned articles are received at this office, from time to time. The Highland Park Press will not print any anonymous letter or article. It is not always necessary to have the signature of the donor appear in the paper, but in order to protect the Press, we must know the author of all articles turned into the paper.
