Mr. and Mrs. Adolph Goelitz announced the engagement of their daughter Olivia Augusta to William Douglas McGann of Chicago.

TEN YEARS AGO October 13, 1927

James H. Duffy, police magistrate and township assessor, died suddenly Saturday.

Days of '49 Will Feature Benefit Baseball Team Party

The rough and ready days of '49 will be lived again Saturday night in the Masonic temple when the members of the Highland Park Baseball team hold their benefit party.

According to the Dumaresq-Spencer post of the American Legion, under whose auspices the event is being held, the motif of the fall festival will be that of the rip-roarin' days just prior to the Civil war.

Games, highly reminiscent of the days and nights of '49, will be set up and played by the guests during the evening. Dancing to the music of Dave Inman and his orchestra, a floor show, and refreshments served at a real western bar will complete the program.

The entertainment is under the supervision of the following members of the Highland Park baseball team: Ray Chambers, Al Sordyl, Eddie Rogan, Eb Inman and Johnny Austin.

Tickets to the first annual "Days of '49" festival can be secured now from any member of the athletic organization. P. S. Wear appropriate costumes if you wish.

Boy Scout News

Many New Scout Leaders

Scouting is now beginning to realize in a larger measure than ever before that from the present generation of men who were once Scouts there are many who desire to become very active again in the Scout program.

From Europe; To Open Music Studio

Mr. Roger Balke, son of Dr. and Mrs. C. W. Balke, of 40 Deere Park Drive South, returned from Europe during the past week to establish on the north shore a studio of music and engage in the teaching of piano and musical theory.

Mr. Balke comes to Highland Park after concluding several years study with Isidor Philipp, first Professor of Piano of the National Conservatory of Paris, and Mlle. Boulanger, professor of harmony and history of music in Ecole Normale of Paris.

During his stay in Europe Mr. Balke married Miss Annemarie Wirz of Lougenthal, Switzerland, also an accomplished pianist and teacher of piano and the pedagogy of music.

Mrs. Balke is the daughter of Mr. Ernest Wirz, who, among other activities, is the proprietor of Wirz & Co., a firm founded in the year 1855 for the manufacture, sale, and export of hand knit woolen garments, and their products have received many medals of merit in exhibitions in Austria and Switzerland.

Mrs. Balke is a graduate of the Conservatory of Basel, where her work in piano was done under the direction of Felix Weingartner and Egon Petri. She also studied with Rudolf Serkin in Switzerland. Later she studied in Berlin, and finally she had several years work with Philipp in Paris.

For the last year and a half Mr. and Mrs. Balke have been working intensively on duo-piano concert work under the direction of Philipp in Paris and have given a number of highly appreciated concerts in Europe.

Pending the final location of their studios, Mr. and Mrs. Balke will reside at 40 Deere Park Drive South.

a copy should communicate with Council Headquarters, Highland Park 629.

University of Scouting

Scouters of the North Shore Area Council should put a red circle on their calendars around the dates Oct. 30th and 31st. On these two days at Camp Evanbosco three worthwhile Training Courses will be given with the cooperation of five Councils, Evanston, West Suburban, Oak Park Area, Northwest Suburban and the North Shore Area.

Scouters attending the complete two day University of Scouting will be guests of the Council in which they are registered. Detailed information of this University of Scouting will be in the hands of Scout Leaders within a few days.

Blitzen Dies Under Local Hunter's Fire

A volley of fire from a 30-30 ended the life last week of the famous "Blitzen Reindeer."

Paul Olson, well known local haberdasher, while presumably hunting for rare species of skunk in the wilds of Canada, made the kill.

After completing this exciting feat, it might be mentioned that he narrowly escaped injury, in his continued search for the rare Mephitis Mephitis.

While canoeing down the river with his Indian guide, a gigantic

Bull Moose swam out into the water, and lifted Mr. Olson's frail craft high into the air, on his horns.

Mr. Olson, quickly sizing up the situation, leaped from the canoe onto the back of the moose, and rode him to shore.

Perspective hunters will do well to consult Mr. Olson before planning similar trips. Due to his own experience, he is capable of advising the type of tires to be used, when overloaded with game, to avoid blowouts on return journeys.

Anyone interested in Indian language and life might also find a chat with Paul very educational and enjoyable.

Skokie Lagoons Project Is Now Nearly Completed

Excavation work in connection with the Skokie Lagoons project is 75 per cent complete, it was announced this week.

The summer has been favorable for these operations, it is explained, and many other details in connection with the project have also been finished.

Only four companies of men have

camp the past few months but this force is to be augmented by the addition of two more companies in November, which will mean a speeding up of the work.

With the force maintained at its present status, and with other favorable conditions, it is thought the entire project, with the exception perhaps, of a few minor finishing touches on bridge trails, planting, etc., will be completed by the end of 1938. The project was started in 1933. E. J. Ludin is principal project superintendent.

Four of the seven lagoons, starting with No. 1, at Willow road, are complete. The top soil has been scraped out of the areas comprising lagoons 5 and 6, and Lagoon No. 7 at the north end, just south of Dundee road, is 33 per cent finished.

The channels and dikes along the entire west side, from Willow road to Dundee road, are complete, and all connecting channels are being finished as rapidly as the work on the lagoons is completed.

The east diversion ditch is finished, as are all the dikes from Willow road to Jackson avenue, while on the west side the dikes are complete to Dundee road.

All planting has been finished from Willow road to a point north of Tower road.

The 150 ft bridge on Tower rd., at the west side of the project, is in, as is the culvert on the east diversion ditch. The fill for the extension of Tower road across the project is practically finished and ready for construction of the roadway by the county highway department.

The 250 foot Willow road dam, with its controlled flood gates, has been finished, as has also the 150 foot dam at Pine street and the 107 foot dam at Tower road. The most northerly dam, 75 feet in length and located opposite Glencoe, is 75 per cent finished.

Mrs. Scornavacco To Be Buried Today

Mrs. Louise Scornavacco, 61, a resident of Highwood for many years, died Tuesday at her home, 326 Railway ave.

Services were held this morning at 9:30 o'clock at St. James church, Highwood. She is survived by a son, Frank, and several daughters.

An Appeal What we regard a step forward—conversion into a National institution—is now completed. Automatically, we acquire membership in the Federal Reserve Bank, with its various advantages. The insurance of deposits up to \$5,000 through the Federal Deposit Insurance Corporation continues. Resources exceed four million dollars. Equipment is modern in every respect. Management and personnel thoroughly organized. This condition, we think, justifies an appeal to the people of Highland Park and vicinity for their patronage and good will. Such an appeal is presented herewith. S. M. HASTINGS M. R. MAVOR F. A. WATKINS J. M. APPEL C. F. GRANT Directors. The First National Bank of Highland Park Member of the Federal Deposit Insurance Corporation
