Clarence Randall Of Inland Steel Co. Mens Club Speaker

On Tuesday, October 26th, the Men's Fellowship Club of Highland Park will have its first dinner and meeting of the season with Mr. Clarence Randall, vice president of the Inland Steel company as the guest speaker. The meeting will be held at the Highland Park Presbyterian church at 7 o'clock.

Aside from being one of the most intelligent civic minded men of Chicago and suburbs, Mr. Randall is at the same time one of Chicago's most forceful public speakers. He is a speaker of national reputation. The subject of his address will be "Some Side-Lights on the Steel Industry."

In addition to this address there will be a film shown of the construction from beginning to end of Boulder Dam. Those who have seen this movie say it is well worth seeing.

The club is anxious to have a large number of special members this year. A special membership entitles the bearer to the five dinners plus the annual dues. Anyone who would like his name on the mailing list of the club will please call H.P. 683.

Reservations for the dinner Tuesday should be in by Saturday of this week.

'Between Two Women' Showing Next Week On Alcyon Screen

What the stage and screen has always needed (and never had) to make a dramatic masterpiece out of Mark Twain's immortal story called "The Prince and the Pauper" was a pair of identical twins. At last, just such a pair has been found and used in the film version of the book, which will delight audiences at the Alcyon theatre on Friday and Saturday this week. The twins are Billy and Bobby Mauch, 12 year old stars of Twain's literary classic.

A motion picture that might well have been filmed in some modern city hospital will be at the Alcyon on Sunday, Monday and Tuesday. "Between Two Women" not only presents authentic atmosphere, but enlivens the realism of its settings with a moving story of love in which two women concentrate on one bewildered and courageous man.

Based on the Rider Haggard romance of the same name, a story read and loved by millions, "King Solomon's Mines" will be one of the Double Attraction pictures on Wednesday and Thursday of next week.

The second feature is "London by Night" featuring George Murphy and Rita Johnson. It is a mystery story and to reveal the plot would be only to deprive readers of a thrill which they deserve to enjoy.

Badminton Class Offered As Part of Adult Education

In response to many requests badminton will be offered as a part of the Adult Education program offered at the evening classes of the Highland Park high school.

Badminton as a sport has gained rapid popularity, is a great exercise and can be enjoyed by all. Fundamentals of the game will be taught; while the more experienced players may play games.

There will be a number of rackets furnished, so you need not own a racket until you are sure that you enjoy the game.

Community Service is co-operating with the high school and the Adult Education Council in carrying on this activity.

Interested? Then come over on Monday night.

Dancing Club For Young People Is New Venture Here

In response to a definite need for community dancing facilities for young people, expressed by boys and girls of high school age in Highland Park, the Highland Park Woman's Club is sponsoring a Dancing Club in its attractive Club House, for Juniors and Seniors living in the town, for children of members living elsewhere and for other sponsored by any members of the Woman's Club. Ten dances will be held every alternate Saturday evening, from 9 to 12, at the Club House, beginning Saturday, November 6th, and the cost is nominal. After October 30th, the group will welcome any Sophomores, should there be room for them, wishing to join, who live in the town, are children of members living elsewhere, or are sponsored by a member of the Woman's Club.

The Chairman of the Committee on Arrangements is Mrs. Claburn Jones, and she has had the good fortune to obtain the services of an eleven piece orchestra, led by Lind Johnson, whose peppy music will insure a happy evening's entertainment for the young people. In addition to this fine dance orchestra, a couple will be engaged to teach the latest steps, and to act as Master and Mistress of Ceremonies, so that every boy and girl on the floor will be assured of a good time. Members of the Board and of the Committee will act as chaperones at each dance, and will serve punch throughout the evening.

There will be room for one hundred couples, only, and the first two hundred checks received by Mrs. Jones will close the group. These checks will serve as registration cards, and admission cards will be mailed to the first two hundred who apply. Checks, made out to the Highland Park Woman's Club, addressed to Mrs. Claburn Jones, 199 Roger Williams Avenue, with the name and address of the applicant clearly written, should be sent at the earliest possible moment.

This is a new venture of the Woman's Club, and it is one that should receive wholehearted co-operation from the community, as it aims to provide wholesome and enjoyable entertainment for the local boys and girls. The Board of the Club feels that this is the opportune time to make the lovely Club House a social center for the young people as well as for the women of the community.

Luncheon Bridge Oct. 26, Next Event H. P. Woman's Club

In spite of the inclement weather, there was a record attendance at the opening meeting of the Highland Park Woman's club Tuesday afternoon. Welcomed in a gracious speech by the new president, Mrs. Herbert R. Smith, the club members listened attentively to the important announcements made by the three department chairmen, Mrs. Claburn Jones, Mrs. John Oliver and Mrs. Leonard Keaster, while the secretary, Mrs. Harry Earhart read the names of thirty four new members who have joined the club this Fall.

Gracefully introduced by the program chairman, Mrs. Poyntz M. Murray, the speaker of the afternoon, Ella Enslow, kept the audience enthralled for an hour while she recounted tale after tale of her experiences in teaching in a mountain community in the backwoods of Tennessee. The next meeting of the members will be the Buffet Luncheon Bridge, which will be held at the club house next Tuesday, October 26th, at 1 o'clock. Highwood Residence Damaged By Fire

A one story brick bungalow owned by Silvio Muzarelli, 229 Morgan place, Highwood was damaged by fire early Friday morning. The damage was estimated at \$1,500.

The fire which is believed to have started in a collection of wood pilings in the basement, gutted a bedroom and other portions of the residence.

The fire was discovered by Tony Farone, a milkman who saw smoke emitting from the roof of the house. He forced the front door and investigated to see if anyone was trapped in the house. He then turned in the alarm. Volunteer firemen worked for over an hour to extinguish the blaze.

Picket Paces H. P. Business District Early This Week

Highland Park's business district resembled the Edgewater Beach hotel district in Chicago early this week when a picket or sandwich man promenaded the street in front of the North Shore Grocery on Central ave. with a sign "Unfair to Organized Labor." The difficulty arose over the fact that the grocery was having milk delivered to its store by a non-union milk truck driver. The matter has been adjusted now, to the satisfaction of both the merchant and the union and the picket has been removed.

Pickets also were reported in Deerfield and Highwood during the past week.

Former Students Urged to Return For Gala Event

"Welcome Alumni" is the slogan of the week at the Highland Park high school. Once each year a game is designated as the Homecoming game. This year a special effort is being made to interest alumni in this occasion. All former students as well as graduates of the local high school are asked to set aside Saturday, October 23rd, as a date upon which they will renew their relations with the Highland Park High school and their fellow alumni.

The spirit of Homecoming is evident in many school affairs this week. The Girls' club is paying tribute to eighteen parents who graduated from Deerfield-Shields who now have daughters in high school. Their banquet is to be held Thursday evening.

The assembly on Friday is to be a "pep" meeting in which alumni will have a part, but the big day is Saturday.

The Frosh-Soph team and our Varsity will play Morton at the high school athletic field; first game at 12:30, the Varsity game at 2:00.

The climax of the week is the Homecoming Dance. The Boys' club and Girls' club are offering, "Football Frolics" with the music by Lind Johnson's orchestra in the Boys' gym at 8:30. Tickets will be sold to alumni at the door. Alumni are invited to bring their friends as partners regardless of their school affiliations. This change in school regulations is only for this dance.

Lind Johnson's orchestra is a splendid organization of experienced musicians. The twelve members of this group are each capable of solo appearances. Several of them will be featured at "Football Frolics."

Mr. Lee Kochan is associated with the Lee Sims School of Music as an instructor of piano. He features "swing styles and effects." Jack Byrum, a student of Lake Forest college, is the tenor soloist. He has had the lead parts at New Trier and has sung on WBBM and WCFL.

Lind Johnson, himself, is a specialist on the trombone. He and two trumpet players constitute the brass section. Steve Hubeck, the first trumpet, is known for his purity of tone and Wynne Hartland, the second trumpet, specializes in "riding" the melody. The brasses feature a suite style.

The program committee has canvassed the school for the best student talent and promises a fine show during the dance intermissions.

All in all this promises to be the outstanding Homecoming in a score of years. All that is needed is alumni support, so all the students are saying, "Welcome Alumni."

Let Contract For New Fire Engine

At a meeting of the Highland Park City Council last week, the contract was let for a new fire engine to Peter Firsch and Sons of Kenosha.

Five bids were submitted for the 750 gallon pumper with enclosed cab, with Firsch submitting the low bid of \$8,512.45.

The new engine will replace the old Packard 750 gallon pumper which has been in service at the Ravinia station. It will be the only cab enclosed vehicle among the three engines now in use by the city.
