

### William Kilpatrick to Be Heard Nov. 17 by Women Voters

The years working project of the Highland Park League of Women Voters is getting under way. The department heads who will conduct the year's working project are enrolling members in their groups which consist of Government and operation, Government and Child Welfare, Government and Economic Welfare, Government and Legal Status, Government and Education.

The last named department is furnishing the speaker for the next regular meeting of the league on Nov. 17th at the Y.W.C.A. He will be William H. Kilpatrick, visiting professor at Northwestern university, who is at present conducting a conference for Parents and Teachers of the North Shore on "Problems of Public Education."

The sixth department of the league known as "Government and Foreign Policy" will meet with its chairman Mrs. I. M. Greenberg, for study purposes the 2nd and 4th Wednesday of the month from 9:30 to 11:30 at the Public Library, beginning Nov. 10. Considering the great interest in present foreign affairs, this group promises to be a large one.

### Deerfield Librarians Attend Conference

The 41st annual conference of the Illinois Library Association, attended by librarians and library trustees of the entire state, opened Wednesday, Nov. 3, at the Palmer House in Chicago and will continue thru Friday, Nov. 5.

Deerfield librarians who are attending are Mrs. Chester Wolf, Mrs. Eugene Becker, and Miss Mary Jane Galloway.

The general theme of the conference will be "Co-ordinated Library Service," a theme which demonstrates a quickened interest in the extension of library opportunities in all areas in the state. The purpose of the Illinois Library Association is the equalization of library service through co-ordinated action among all branches of library service.

The opening address at the conference will be delivered by Prof. Malcolm S. McLean of the University of Minnesota. Prof. McLean is dean of the General College of the University. There is a newly established college which aims at providing a course, short in time but broad in view, for the many students who for one reason or another cannot remain in school long enough to complete the regular college course.

Other featured speakers during the conference will be Prof. Percy H. Boynton, of the English Department of the University of Chicago, Howard Vincent O'Brien, author of the newspaper column "All Things Considered," and Helen H. Rogers, superintendent, Library Division Illinois State Library, who will speak on the State Library's part in the extension and equalization of library opportunity throughout the state.

### Course in Music Appreciation Draws Splendid Response

The American public has become so music minded the past few years that everyone attends concerts at some time or another, and everyone wants to know more about music in order to appreciate these concerts to the utmost. The Music Club of the Highland Park Woman's Club has just started a course entitled "The Art of Listening to Music" in order to meet that need. The select group of women who attended the first meeting last Wednesday was well repaid for attendance by the interesting way in which the attractive lecturer, Miss Rosalin Wallach, explained and illustrated musical terms and forms. Those who attended are eager for the next talk in the series of five, which will fit them for a more thorough understanding of both vocal and instrumental music.

Tickets for the course can still be obtained from Mrs. Clarence W. Schaaf or Mrs. John Oliver. For members the price is nominal, and very reasonable for non-members, while tickets for each lecture may be bought at the door at the Club. The lectures start promptly at ten o'clock.

### Martial Permits Decrease in October

Marriage licenses issued in the county clerk's office during October dropped 13 behind September's total, according to figures compiled today. There were 79 licenses during the month compared to 92 in September. Following are the number of licenses issued during the first ten months of each of the past three years:

	1937	1936	1935
January	277	207	356
February	231	239	340
March	254	244	385
April	305	304	453
May	323	297	452
June	563	481	683
July	33	419	562
August	68	441	662
September	92	396	603
October	79	360	613
Totals	2,230	3,388	5,109

### Lake College of Commerce Elects 1937-38 Officers

At an assembly held Monday afternoon at the Lake College of Commerce, officers for the class of 1937-38 were elected by the student body. John Mahnich of Waukegan was the successful candidate for the class presidency. Ellois Satterfield of Libertyville was chosen to fill the position of vice-president, and Inez Sandelin of Waukegan was elected to fill the post of secretary. Harvey Sorenson of Dwight, Illinois, will fulfill the duties of the class treasurer.

The officers elected will preside at the graduation banquet which will be held in the latter part of November. Other duties have been outlined to them, and in these officers the responsibilities of the

club will be an evening meeting to which husbands and escorts of members are invited free of charge. The speaker will be a man whose varied experiences and colorful personality will appeal both to men and women. Gordon B. Enders is an American who has spent most of his life in the mysterious country of Tibet, where his knowledge and character has so endeared him to the Grand Lama of that little known country that he has become Foreign Advisor to this almost god-like figure. Mr. Enders will speak on "Nowhere Else in the World—the Story of Tibet," at 8 o'clock Tuesday, November 16, and a large attendance is expected.

A student council is being organized at Lake College this fall for the first time in an attempt to keep pace with the more progressive colleges and universities who use this form of student government to promote the well-being of the school. It is the objective of the student council of Lake College to help make necessary adjustments between students and the faculty and to establish and promote school policies and ideals.

The student body elected five of its members to serve on the student council. These young people are: Harriet Hudson of Libertyville, chairman; Mildred DeYoung of Waukegan, secretary; Earle Harris of Gurnee; Honore Beers of Highland Park, and Francis Keefe of Deerfield. These council members will meet at regular intervals with an ex-officio faculty member and it is hoped that it may prove to be of some distinct service in helping the class of 1937-38 "trim its sails for success."

### November Offers Varied Activities at Woman's Club

November is a busy month in the calendar of the Highland Park Woman's Club, for the club house is open for some interesting activity every week in the month.

The second in the series of Buffet Bridge Parties is to be held on Tuesday, November ninth, at one o'clock. The delicious informal luncheon will be followed by an entertaining afternoon of bridge, at which members and their guests will play at the same table all afternoon. There will be a door prize, a traveling prize and a prize for each table. Held in the delightful atmosphere of the lounge, the party should be most attractive. Reservations for luncheon must be made before Saturday evening, November 6, either to Mrs. George Strecker, H.P. 970, or to Mrs. Marvin Wallach, H.P. 2262.

The Home Department, of which Mrs. H. M. Allison is chairman, promises an interesting and instructive morning talk, at the club house, Friday, November 12, at 10:45. Mrs. Fowkes, Craft Supervisor of the Dennison Company of Chicago, will give a demonstration of suggestions for the holiday season. Everyone who attends will gain much practical information on attractive ways of doing up Christmas gifts or using paper to decorate the Christmas dining table. If the members wish to stay to lunch, they are requested to bring their own sandwiches, and coffee will be served at the club at little cost. Non-members are welcome upon payment of a small fee.

The next regular meeting of the

club will be an evening meeting to which husbands and escorts of members are invited free of charge. The speaker will be a man whose varied experiences and colorful personality will appeal both to men and women. Gordon B. Enders is an American who has spent most of his life in the mysterious country of Tibet, where his knowledge and character has so endeared him to the Grand Lama of that little known country that he has become Foreign Advisor to this almost god-like figure. Mr. Enders will speak on "Nowhere Else in the World—the Story of Tibet," at 8 o'clock Tuesday, November 16, and a large attendance is expected.

### Petrie-Fanfare Quintette to Give Concert Here Nov. 12

The Petrie-Fanfare Quintette which was to have appeared at Bethany church about a month ago, but had to cancel their date at that time due to illness, will appear at Bethany Evangelical church, Friday, Nov. 12, at 7:45 p.m.

This Quintette is known in many areas of the United States and in Canada. They completed a 3 months tour in Canada recently and booked for the remainder of 1937. They have signed up for 30 consecutive weeks of concert work in 1938 and have many of their bookings for 1939 filled. This Quintette appeared in an assembly program at Deerfield-Shields a few years ago and have made two previous appearances at Bethany; they are therefore well known in this community. The public is cordially invited to attend this concert.

### United Air Lines Completes 20,000th Flight to Coasts

What company officials say is an international record for long distance scheduled passenger plane flights was set Thursday when United Air Lines completes the 20,000th coast-to-coast passenger plane trip on its Mid-Continent airway. In commemoration of the flight each division of the overnight "Continental" sleeper plane schedule will be flown by one of United's million mile pilots.

The first coast-to-coast passenger schedule in 1927 was provided by a connecting service at Chicago by Boeing Air Transport and National Air Transport which were merged into United Air Lines. That schedule was flown with a single-engined mail plane carrying two passengers. United's first transcontinental flight required thirty-three hours and fourteen refueling stops. The fare was 15c a mile. United's

twenty thousandth anniversary flight is made by a transport capably 100 miles longer than today's three refueling stops in only one-half the time, and with fares one-third of what they were on the original flight between the two seaboards ten years ago.

The mileage flown on the passenger flight ten years ago was approximately 190 miles longer than today's mileage of 2633 miles from New York to the Pacific Coast, the shortening of the route being due to the route having been straightened out approximately 100 miles with the installation of modern air navigation aids.

During the first year of coast-to-coast operation United carried 1,697 passengers contrasted with 220,000 the company will transport this year.

### Gets Varied Crop from Apple Tree

Orleans, Ind., Oct. 27 (A.P.) — Harvesting one tree in R. A. Troth's orchard turned out to be quite a job.

He started the tree as a seedling because he "wanted to see how far a grower could go in grafting."

Now, he says, he has almost finished getting from the tree 70 varieties of apples, five of pears and three of crab-apples.

### "East Goes West" To Be Reviewed By Mrs. Faxon

The second in the series of book reviews by Mrs. Lloyd Faxon of Winnetka, will be given next Monday, Nov. 8th at 2 p.m. in the Parish House of the Presbyterian church.

An increasingly large group has come each year to enjoy her unusual and charming manner in presenting books. This month Mrs. Faxon will review "East Goes West" by Younghill Kang. This series is sponsored by the Woman's association of the Presbyterian church and is open to the public. Tickets may be obtained at the door.
