

"Swing Club" for Young People Opens at Woman's Club

The opening dance of the series sponsored by the Highland Park Woman's club for the sophomores, juniors and seniors of this community, to be known as the "Swing Club" will be held at the club house on Saturday evening, Nov. 20, with Lind Johnson's peppy orchestra, and as master of ceremonies, one of the best dancers on the North Shore, Hess McClean.

Mr. McClean was a pupil of Miss Jessie Pocock, later becoming her assistant in Glencoe, has had charge of special dances for the past few years at the Evanston Hi-Yi club, and has recently been engaged as master of ceremonies for the Congress hotel college night dances. He is planning some unusual features for this series of dances which will appeal especially to the young people. He will also demonstrate the latest dance steps, such as "Big Apple" and the new "Tango." He has a pleasing personality, is young and enthusiastic, and will make an ideal leader for this group.

There is already a large registration for the series, which will close with seventy-five couples. Those wishing to join, should communicate with the chairman of arrangements, Mrs. Claburn E. Jones, H. P. 714, and checks are to be sent to her at 199 Roger Williams avenue, made out to the Highland Park Woman's club.

Deerfield P.T.A. to Meet Next Friday

The Deerfield Grammar School Parent-Teacher Association will meet on Friday afternoon, Nov. 19 at 2:30 o'clock in the school gymnasium. Mrs. G. R. Bailey, program chairman, in carrying out the theme of the year, "Adequate Parenthood" has planned the November meeting in observance of National Book Week. The topic of this meeting will be "The Parent's Part in Developing the Child's Reading."

Book Week Begins Nov. 15 at Elm Place

Every year the Book Fair is one of the most successful of P. T. A. projects at Elm Place and Green Bay Road school. This year the fair will be held at Elm Place during the day and also at night on November 15, 16 and 17. Books for children of all ages, with especial attention paid to library recommendations, are attractively arranged in the Hall of Pictures at Elm Place. While all the latest publications are there, the old favorites for generations are not left out. Besides the large collection of children's books, there are also the new books for adults.

There will be programs Monday and Tuesday nights in the auditorium at Elm Place to which parents and friends are invited. Monday night the first four grades of Elm Place and Green Bay have charge of the program. The children of Green Bay will trace the evolution of book making while those from Elm Place will present a library scene, the children acting out scenes from favorite books. On Tuesday evening the four higher grades of both schools will use the theme of Book Week, which is observed the week of the 15th of November all over the country, and will dramatize scenes from well known books and stories of adventure. After the program the parents will be invited to look at the books in the Hall of Pictures.

The books will be on display for three days and three nights, and each evening there will be teachers present to make any suggestions that may be required. On Monday evening Miss McMunn and Miss Marks will be on hand, Tuesday evening Miss Grunwald, and Wednesday evening Miss White. Members of the P.T.A. will be there to take the book orders. Everyone is not only urged to come to the Book Fair November 15, 16, and 17 at Elm Place but also to allow plenty of time for browsing around before making their selection.

Natalie Ruders will be the soloist for the open meeting of Hadassah on Wednesday, Nov. 17th at the temple. There will be a luncheon preceding the musicale in honor of the 80th birthday of Mrs. Benj. Davis. Chicago Hadassah is planting a grove of trees in Palestine in her honor and all of the districts, including North Shore, are helping to make this as large a grove as possible.

Miss Ruders is a pupil of Sergei Tamowsky, who was Horowitz's teacher. At the conclusion of a concert she gave at Mandel Hall, President Hutchins gave her a four year scholarship. The following are a few comments from some of the papers. "Sergei Tamowsky uncovered for the public delight last evening, an outstanding talent Natalie Ruders. Miss Ruders having not only natural talent, but development which makes for outstanding performance demonstrated these requisites in the first movement of the Arenske Concerts. Her playing at all times carries force and virility." "Although she is young Natalie Ruders has an outstanding technique. Her playing of the Chopin variations was in the Chopin style. She displayed a beautiful singing tone."

She will play the following program on the 17th:
