

Representative Lyons Announces Candidacy For Re-election

State Representative Richard J. Lyons, Libertyville Republican, announced today he will be a candidate again for the position of representative in the General Assembly for the eighth senatorial district, comprising the counties of McHenry, Lake and Boone. His announcement set at rest all speculations as to his possible state candidacy for some other position. He has been mentioned as a possible candidate for United States Senator from Illinois.

In connection with his announcement he will seek re-election as State Representative, Mr. Lyons issued the following statement:

"I appreciate more than I can tell you the compliment the press and friends from almost every county in

Rep. Lyons it is understood will run with practically a united Republican backing in the primary. Moreover, he has been pledged active support by many other groups and organizations having to do with the economic and civic as well as the labor, agricultural and industrial life of the community.

Rep. Lyons has an enviable record in the house. He has been lauded editorially by the press all over the state for his courageous action on many occasions. His fight to put an end to the political criminal alliances via the parole board has been heard all over the United States. He spoke on the latter subject in Washington before the World Organization of Identification experts and his speech was lauded by J. Edgar Hoover, chief of the Federal Bureau of Investigation, who said, "Rep. Lyons has made a great contribution to law enforcement, he is courageous and does not pull his punches when dealing with politics and crime."

HON. RICHARD J. LYONS
State Representative
8th Senatorial District
Libertyville, Ill.

Illinois have paid me in suggesting my name for state wide office this year.

It happens, however, that I chose not to attempt a state race, requiring as it would, vastly heavier obligations than I am capable of discharging.

Instead, I will ask the voters of Lake, McHenry and Boone counties for re-election as Representative in the General Assembly; where, if returned, I shall continue my loyal faithfulness to the citizens of this great section of Illinois.

My services, I believe, will be of greater value at Springfield in view of the economic and political condition of our state. My five terms in the house have placed me in a more or less commanding position where I can better promote the interest of my district.

During my incumbence I have always been a staunch Republican, never bartering my principles or party in any form to a bi-partisan deal, of which we have had too much from some sections of the state. I have only one viewpoint; and that is, the betterment of our state and the election of a complete Republican ticket to bring that about."
