#### BUYING A BOOM

Buy at home and your home will boom!  
 Now that the 1933 game of looking for prosperity's corner has given way to the 1938 pastime of watching for the up-turn in business, it is well to remember that business recovery, like charity, begins at home.  
 Despite industrial troubles, labor conflict and international clouds on the horizon, Dun and Bradstreet's January survey of retail trade in this state reveals that the public has again begun to buy. This climb is all the more encouraging because it began in the post-Christmas period, a period usually marked by a seasonal decline. Those dollars just sneaking out of hiding are potential units in community purchasing power, bricks to build our local prosperity.  
 More and more, people are learning to spend their dollars

of town to make their purchases. Today you can buy everything from pins to pianos right here at home under service, price and selection conditions unsurpassed in any other city.  
 Purchasing power is your weapon in the fight against business recession. Where you enter the battle determines where your force will be felt by the enemy. If conditions here in your home community are important to you, then join battle to win the war right here at home. With dollars as bullets, send old man recession flying out of town on a flood of buying, buying that will build a boom.  
 To speed progress—make your dollars do more work for yourself and your neighbors—BUY AT HOME!

#### Community Dinner To Be Held Feb. 10 At Bethany Church

A Community dinner will be held Thursday evening, Feb. 10, at 6:30 o'clock at Bethany Evangelical church. The ladies in charge promise a very wholesome home cooked dinner with all the trimmings, including homemade apple pie. This is truly a "man's" meal, and all

who attend may feel certain of a splendid dinner for a very slight charge. The menu is inviting, and as the proceeds go toward the church, it is hope that there will be a goodly attendance. Tickets may be had by phoning Mrs. Wells, H.P. 3459 before Wednesday.

Movies will be shown following the dinner. It is planned to show a Boy Scout film and a travel film. A small charge for the movies will be made. Everyone in Highland Park is welcome.

### Dr. Lois Greene Tells Of Return To United States

Dr. Lois D. Greene, who for the past four and one-half years has been head of the department of Otolaryngology at Hunan-Yale Medical College in Changsha, Hunan Province, China, was stricken with a very severe case of influenza in December. She left Changsha for Hongkong on December 30 and the following letter was written January 7, 1938, to her brother Alden.  
 This letter has to contain so much that I do not know just how to start. Perhaps back to Dec. 19, which was the date of my letter to Becky and Davis when I was sick. That letter should reach them about January 19, and if the Clipper is not held up this should be there on the 19th or 20th.

I came home from the hospital as a special concession of Christmas morning—two days fever free, and so limp I could hardly do anything. There was a roaring in my head and my eyes did not focus too  
 I was to leave on the international refugee train from Hankow to Hongkong leaving Changsha Dec. 29 or 30. The next four days are a rather dazed nightmare. One big Chinese suitcase and a box containing two camphor chests had already gone to Hongkong, and I had placed into cartons and packed into the trunk many other things, but I had not done much about emptying my desks etc. Clothes were a negligible factor, but lumpy and fragile things are more of a nuisance. Remember, I am more of a moppie than you, and have been here four and one-half years.

On the 30th, at 10:30 p.m. the train left. Eleven long cars draped with foreign flags tied on the top of the cars and 300 passengers—160 Americans inside. About 60 children from the American school were there, and babies filled the corners. Ruth and the four children, and the two Yale bachelors due to go home, made up our party. We had to take bedding and food for two days. Actually the trip was very pleasant, and we arrived in Hong Kong New Years morning, 36 hours. We learned later that the Japs had bombed before and behind us.

I have been staying with Mrs. Hamp, whom you may remember as the woman who was with me on the Lincoln when I came over. She has been stationed in Hongkong since the Shanghai fighting started and has been so cordial to me,

I have gotten stronger every day—but you can see by this letter that my hand still shakes and my legs are the same. This has ruled out any chance of my doing any tramping to Indo-China, as I should like to have done—for several weeks—and so-o-o-o.

I am leaving tonight, Jan. 7, on the Potsdam, connecting with a Jap-

anese boat, the Taiyo Maru, leaving Kope Jan. 10. This is the last thing I thought I would ever do, but the other passage is on the \$395 and as I only have \$350 travel money from the hospital I cannot do that. This other way is only \$265. I shall go by Honolulu and land at San Francisco on Jan. 27. I am sending a Clipper letter to Dorothy Young and Dave Greene, both living in

Palo Alto. Will you please get in touch with her and I'll send you an air mail letter when I land. She will want me to stay a few days with her in California, I know, and of course I do not know when I'll get to Chicago.  
 LOIS D. GREENE.
