

A New Cake To Bake

ASK the masculine half of the family, and man or boy, he will choose almost invariably chocolate cake when asked what type he likes. Here is a new kind of chocolate cake with a dash of cinnamon spice and lemon juice that adds an intriguing flavor. This recipe makes two large fluffy layers and when they are put together and covered with a snowy white Seven Minute frosting and sprinkled with grated chocolate,

ing, add sugar and cream together until light and fluffy. Add 1 unbeaten egg and beat well. Add second egg and beat 2 minutes more. Add melted and cooled chocolate. Add flour mixture and milk alternately. Mix well. Add vanilla and lemon juice. Pour into two 9-inch greased layer cake pans and bake in a moderate oven (375° F.) 25 minutes. When cool, put together with Seven Minute Icing and cover the sides and top.

H. P. Social Service Committee Gives Annual Report

(Continued from page 1) become interested and it may be possible to have a clinic in the near future.

The community W.P.A. project which was assigned to the Township Supervisor and to this organization as sponsors, November 1936, and which employs, five days a week, three men and fourteen women, continues to play an important part in our Social Service Activities. We are the clearing house for the furnishing of all materials used and for the refinished furniture for the Arden Shore, Druce Lake Camp, Dorcas Home, Bethany Evangelical Church, "Childerly", the farm supported by the Crane Fund for Widows and Children, the Y.W.C.A., and the Sarah Hackett Stevenson Memorial, besides our own thrift articles—such as baby carriages, quilting frames, bed rests, etc. The women have made garments, rugs and quilts for Arden Shore, Lake Bluff Orphanage, Dorcas Home, Highwood Nursery School, Convalescent Home for Women and Children, the children at Childerly, Lake County Poor Farm, Highland Park Hospital, and our own Social Service work. Besides this they made and dressed dolls for firemen to distribute at Christmas time and weekly mending is one for Dorcas Home and for the Veterans' Hospital at Great Lakes. On certain days this organization can assign women for a day or two of work

to meet some specified family need which we pay for out of our created work fund. The project supervisor is very cooperative and superintends our workers as well as her own, and much good is accomplished through our combined efforts.

To meet the need of hot lunches for these workers we have a plan whereby each one wishing to do so can avail himself of a lunch for 12c a day. If this is not desired coffee or tea is furnished at cost of 1c per cup. A widow, who is a good cook, and whom we have, in past winters, had to aid in buying fuel, prepares the hot dish and salad or dessert at her home two blocks away, and for this service we pay her from our created work fund \$10.00 per month (the cost of her fuel). Another widow, the mother of two children, serves the lunch and washes the dishes, and for this she receives \$20.00 per month. This amount, which supplements that from another source, takes care of her family.

Sometimes emergencies speedily met save a life. One night last spring we were called by telephone and told that four children in one family had scarlet fever and it was feared the mother also. Before eight o'clock the next morning we had established the need for hospitalization at the county hospital (though this family had not been on relief) and had sent the four children and the mother by ambulance and had a nurse established in the home to care for two well children and one convalescing from the disease. Our ability to guarantee hospital expense for emer-

gencies within a few minutes after the appeal of a doctor, and even the use of an ambulance if it is necessary, has meant a great deal to the patient, the doctor, the hospital and the community.

Satisfactory family adjustments have been made in 15 cases, such things as bringing about better understanding of responsibility on the part of young couples and parents, a proper court adjustment for dependent children, protection for the wife and children from the cruelty of a husband and father, for supposed wife who finds after several years that her husband is a bigamist, or the family where the husband takes three-quarters of his wages for his personal uses and fails to feed and clothe his wife and children. We helped to obtain a government assignment for cripple able to do certain types of work who was forced out of a step father's home without funds of any kind. We have brought together blood parents and a child lost to them for sixteen years, and helped to establish amicable relationship between the real and foster parents, through their mutual interest in the boy's welfare. These and many other cases passed through our office in 1937.

excerpts from letters received by our officers this past fall would be of interest:

CITY OF HIGHLAND PARK October 7, 1937

Mrs. Daniel Gutman,
 Secretary H.P.S.S.

I visit many families both relief clients and border line cases, where such as fuel, bedding, medicine, milk, fruit, special foods are needed, sometimes some article for the sick room or a piece of furniture. I occasionally find a real problem which calls for more nursing care, or help for a sick mother.

In all these things I have a place to turn where I can get the help and cooperation immediately.

I would indeed miss the Social Service and hope it continues its work for years to come.

Sincerely yours,
 (Signed) A. Huhnke,

WILLIAM W. STEELE

Deerfield Township Supervisor September 20, 1937.

Mr. Lyle Gourley,
 Chairman of the H.P.S.S.,
 Highland Park, Ill.

Dear Mr. Gourley:

We wish to express our sincere appreciation of the invaluable assistance given this office by the Highland Park Social Service. We have many requests which are impossible for us to grant and these are turned over to the Highland Park Social Service and with their help many problems are solved that would otherwise be impossible, and in this way special cases may be taken care of in our Highland Park Hospital.

Both offices being in the same building is extremely helpful as records can be easily and promptly duplicated.

It would have been impossible for us to have operated our Community project without the assistance and cooperation of the Highland Park Social Service, as the Government furnishes only the labor for the project. This project has given employment to 19 persons who otherwise would have been on relief and the project has proven extremely worth while.

Very sincerely yours,
 (Signed) W. W. Steele.

BETHANY EVANGELICAL CHURCH October 4, 1937.

Chairman of the Social Service of Highland Park,
 To Whom It May Concern:

I come in frequent contact with the work that is being carried on by the Highland Park Social Service. Not only do I see some of the worthwhile work that is being done at the old city hall, but I get into many of the homes that are helped and blessed by the work carried on by this worthy organization. I feel that this work is so important that it must be continued, for Social Service steps in and gives help where our regular relief organizations cannot minister. Especially at this time when our regular relief work is being curtailed, some families must have help that can not get it from the established sources. Without Social Service there would be real suffering in our city.

Fraternally,
 (Signed) H. F. Siemsen.

THE HIGHLAND PARK PRESBYTERIAN CHURCH October 2, 1937.

To the Chairman of the Highland Park Social Service,
 Dear Sir:

I wish it were possible for me to express adequately my appreciation of the very fine service that is rendered by the Social Service committee here in Highland Park. It seems to me it is of the utmost importance that this service be accurately assessed by those in charge of the Community Chest.

From personal knowledge I am aware of the very fine and necessary contribution that the Social Service makes to our community life here. Many cases in which I have been in touch have been great-

ly helped, many of them most successfully solved, by the fine cooperation that the Social Service has given.

Very sincerely yours,
 (Signed) Louis W. Sherwin.

Mrs. Alice C. Gutmann,
 Secretary H.P.S.S. Committee,
 Dear Mrs. Gutmann:

It is with a great deal of satisfaction that I am permitted in my small way to express my appreciation for the splendid cooperation and assistance that the Highland Park Social Service has given to the work of the County Court of Lake county.

In my years of contact with your organization I have always found the finest sort of a spirit manifest toward any inquiry or investigation that I might ask for through your organization. The fact that your activity is always confidential and reliable has meant much to me through the years. I feel that the County Court of Lake County has derived much benefit from its kindly, authentic and confidential help.

Very sincerely yours,
 (Signed) Mary P. Funk,
 Probation Officer.

proved its worth to the community by acting as a clearing house for individuals having problems which they could not solve alone. By giving sympathetic ear to all those in distress, directing them to the proper agencies and if not eligible to public aid, you have assisted them in other ways; directly keeping up the morale of the individual and indirectly the community.

If each person who has received that "Social Service lift" in times of emergency could be persuaded to tell his own story, there would be no doubt in the mind of the public that your organization is a much needed one in Highland Park. The help that has been given cannot alone be measured by dollars expended.

Sincerely yours,
 (Signed) Marjorie M. Ibsen.
