

WASHINGTON'S BIRTHDAY, FEB. 22. 1938

George Washington—1732-1799

Open Mid-Winter Festivities Friday At L. F. Academy

Mrs. James R. Bremner, Jr., of Evanston, and Mrs. Roy Carney of Lake Forest, will pour tomorrow afternoon (Feb. 18), at the Headmaster's tea and reception which will open Lake Forest Academy's annual Mid-Winter festivities week-end.

Tomorrow evening (Feb. 18) the Academy Musical Clubs will hold their annual concert and "Follies" show in Reid Hall Chapel. Informal dancing will follow in the gymnasium.

Saturday's program includes many interesting events for the school's week-end guests. Weather permitting, skating and hockey will be enjoyed on the school's new ice hockey rink. At 10:30 a.m. the guests will assemble in the college gymnasium to witness a basketball game between two teams composed of students and faculty members. At 2:15 Saturday afternoon the Gargoyle club, the Academy dramatic organization, will present "The Hottentot," a three-act farce, at the Ferry Hall gymnasium.

The annual Mid-Winter dance, to be held in the Academy gymnasium, Saturday evening (Feb. 19), will climax the week-end festivities.

Demonstrate New Fire Truck Here

City officials and residents of Highland Park were privileged to view a demonstration of a new fire truck, containing a 65 foot aerial ladder and pumper which was en route to Springfield, Ill., where it will be put into actual service, yesterday.

An unusual feature of this new truck were metal ladders which are automatically operated and made of dual aluminum. The introduction of this new feature will greatly increase the efficiency of the fire department, as the ladders are lighter to handle and will speed up the work. The truck was made by Peter Persch and Sons of Kenosha, the same firm which will supply a new pumper for Highland Park in the near future. The truck which was demonstrated sells for about \$15,000.

Christmas Seal Sale Still Short For 1937

The Lake County Tuberculosis Association wishes to remind the people of Lake county that the chest clinic maintained by this association is now held each Wednesday morning at St. Therese hospital from 8 to 11 a.m.

As the clinics are held only of mornings it would be helpful if new patients desiring examination would get in touch with the association office in the Court House—telephone Majestic 1805.

Dr. Charles K. Petter, Medical Director of the Lake County Tuberculosis Sanatorium, is serving as clinician at these clinics. This arrangement with Dr. Petter and the Sanatorium Board has proven of great benefit in making immediate decisions in cases of emergency.

Miss Orpha L. White, executive secretary, reports that four clinics were held by the association during the month of January with 129 patients in attendance, 80 of whom were children. Examinations were made for 27 new patients; 15 for children and 12 for adults. Fifteen

X-rays were taken and fourteen tuberculin tests were given. One hundred and ten visits were made in the interest of the association and into homes of tuberculosis patients. Thirty-three conferences were held relative to the business of the association.

The amount realized from the Christmas Seal Sale to Feb. 9 is \$7213.50. The association is still \$91.39 short of last year's total. Of the letters mailed in December 4865 have not been heard from. If only 1000 of these were to respond with a contribution of only 50c each the association would more than make its first proposed goal of \$7,500. Many of these letters have been laid aside and forgotten, and the association is sure that it will receive several more contributions before March 1st. You may pay for Christmas Seals at any time.

Prairie View Woman Dies at Hospital from Crash Injuries

The dense fog that covered northern Illinois Saturday night and early Sunday was blamed for an auto collision near Half Day which was responsible for the first auto fatality for 1938 in Lake county.

Mrs. Helen Pierce, 64, of Prairie View, died at the Highland Park hospital early Sunday from injuries she received in an auto crash on Milwaukee avenue about a mile south of route 22, near Half Day.

She was a passenger in a car driven by John Torgersen, 36, of 4123 Kilbourn avenue Chicago, which was traveling south on Milwaukee avenue. South of route 22 the car collided with an automobile going north on Milwaukee avenue and operated by Mrs. Donna Novak, 31, of Prairie View. Mrs. Novak was accompanied by her husband, Clifford, 36.

In the Torgersen car in addition to Mrs. Pierce were Mrs. Alice Gray, 39, of 4062 Colmar avenue Chicago, and her husband Arthur, 4; Erma Ritzman, 37, of Sterling, and Mrs. Torgersen. All of them suffered cuts and bruises and were removed to the Highland Park hospital.

Both Novaks were hurt, Mrs. Novak suffering internal injuries and broken ribs. They were treated at the Wheeling hospital where Mrs. Novak was said to be in a serious condition.

The heavy fog and wet pavement was blamed for the accident.

While patrolling the highways in a sheriff's radio car shortly after 10 p.m. Saturday, Deputies Ray Simmers and Valenta were informed by a passing motorist that an automobile had been in an accident with a train on route 59-A near Half Day.

The sheriff's squad started traveling east on the Diamond Lake-Half Day road to check at the Soo line railroad crossing when about a mile east of route 54, south of Mundelein, the squad crashed headon with an automobile traveling west and operated by Carl Schmitz, 22, of 5121 Winona street Chicago, who was accompanied by Arthur E. Lindstrom, 23, of 5109 Winona street Chicago.

Schmitz, according to the deputies, had turned off his headlights in the heavy fog so as to be able to see the roadway by the reflection of the wet pavement. The sheriff's squad had also dimmed the headlights.

Valenta, driver of the squad car, received a fractured knee cap, fractured ribs and was cut and bruised. Simmers suffered bruises on the arms. Both Schmitz and Lindstrom

were cut and bruised about the face and body. All were removed to the Libertyville hospital.

Large Attendance At Vesper Service

More than seventy-five interested people attended the Vesper Services last Sunday at the "Y," and enjoyed the devotional service, the soloists and the Community Chorus. This splendid organization which is developing so beautifully under George Paul's able direction, rendered many numbers which were enthusiastically received.

It is eager to enlist new members and its organizer, Mrs. Garfield Canright, and president, Mr. Garfield Canright, urge residents with an ability and a desire to sing to join its ranks now, as it is beginning to work on the Cantata it will give in the Spring. The Chorus meets every Tuesday evening at the "Y" at 8:15, and the group has a jolly and interesting time practicing.

St. Paul's Evangelical Church
Deerfield
Rev. F. G. Piepenbrok, Pastor

Church school and worship service 10:30 a.m.
Friday, February 18, 1:30 p.m.—

- 3-thread chiffon
- 4-thread chiffon
- Also semi-service

Quality doubly certified by Good Housekeeping and Better Fabrics Testing Bureau

GARNETT'S

"Nothing," SAID THE SQUIRRELS, "ever tasted quite as good as this!"

Just why any self-respecting squirrels should want to eat the lead sheathing from telephone cable is one of those difficult questions like "Why is the cat?" But eat it they did, with unhappy results to telephone service.

Their sharp little teeth made holes which let in moisture and put a lot of telephones out of commission. The problem was put up to the Bell Telephone Laboratories. (That's one of the advantages, you see, of having a universal telephone system back of you... you can quickly get expert assistance on almost anything that comes up.)

The job proved a lot harder than you might think; squirrels are persistent rascals. But the engineers finally solved it. The squirrels moved on, and telephone service

was protected from one more possible source of trouble.

"Squirrel-proofing" is a small matter, of course... but it's just an interesting little example of the extreme care taken to make your telephone service dependable at all times. Anything which might conceivably interfere with your service is under constant vigilance.

It is the aim of the Illinois Bell Telephone Company to furnish you the finest telephone service in the world, at the lowest possible cost consistent with financial safety. We are aided in this effort by the fact that we are a local organization, geared to local conditions, yet backed by the resources and experience of a nation-wide telephone system.

ILLINOIS BELL TELEPHONE COMPANY
