Ravinia Resident To Show Pictures At Twilight Meet

It is generous of those residents who can travel to foreign lands to share their experiences with the stay-at-homes. Such a delight is in store for any interested person in the community, members of the Ravinia Woman's club and their guests, Sunday, March 13, promptly at 4 o'clock, in the attractive Village House on Dean avenue. At one of the always enjoyable "Twilight Gatherings" sponsored by the arts committee of the club, Morris Greenberg, a resident of Ravinia,

will show pictures of two of the dream lands of the south, Mexico and Guatemala. Mr. Greenberg, among whose many interests is picture taking, has exhibited pictures at the Chicago Camera club, and those who have seen the ones to be displayed on the thirteenth, have found them exquisite and entertaining. It is tempting for the photographer to "snap" a picture on almost every corner in these exotic lands, and the image of a colorfully dressed native, a beautiful scene, an interesting church or crooked street, thrills the beholder.

After the program, the committee members will serve unusually attractive goodies and a cup of coffee, so that the audience will have a chance to talk to Mr. Greenberg personally, comparing experiences or inquiring further, or to chat with old friends or meet some of the newcomers in the community. A delightful afternoon is promised those who come, and it is expected that an exceptionally large audience will assemble in the Village House that day.

Alcyon Presents Jeanette McDonald In "The Firefly"

A juvenile character actress who tumbles like a veteran; a comedienne who wrings tears and laughter from her audience with equal ease; a songstress and dancer with an amazingly clever mimic who impersonates screen, radio and stage notables. All this perfectly describes Jane Withers. She will be on the Alcyon screen on Friday and Saturday in "45 Fathers," which is fast, furious, frolicsome entertainment. Here is a picture that the whole family will certainly enjoy.

The foremost musical picture of the year, and probably in screen history, is the film adaptation of Rudolf Friml's operetta, "The Firefly," which the Alcyon theatre will present on Sunday, Monday, Tuesday and Wednesday. Here is screen artistry at its height. Here is the combination of music and drama which the public has been waiting for. Jeanette McDonald scores a personal triumph in the title role as the colorful dancing girl of Madrid. Allan Jones has his finest acting and singing role. Warren Williams adds new laurels to his reputation as a distinguished actor and every member of the cast is truly fine. "The Firefly" is the screen's most illuminating example of its own artistic ideals. This is one screen attraction that each and everyone should see.

Parents to Confer with Teachers at P-T.A. Meet March 2

Lincoln School P. T. A. will hold its regular meeting next Wednesday afternoon at 2:30 o'clock. The program will be in the nature of progressive conferences with the teachers and patterned after a similar one of last year which was so thoroughly enjoyed by all.

Upon arrival each mother will be given a program of classes and the time of each. The afternoon will be divided into twenty minute periods and at the end of each period a bell will ring at which time the mothers are urged to go immediately to the next class. In each class the teacher will give a perspective of the year's work and the parents may ask questions. At the end of the conferences tea will be served in the auditorium. As a Parent-Teacher meeting this is surely one of the most important of the year and it is hoped that each mother will push aside any other engagement for this afternoon so she may attend.

This meeting will take place Thursday, March 3, with the usual conferences with the teachers and a pleasant chat over the tea table preceding the program. The conferences start at 3 o'clock, and the members are urged to conclude these in time to be present at the

There will be a unique and interesting handling of this subject, "Movies for High School Students." A short talk on this important matter will be given by Mrs. Ruth Porter Martin of the school faculty, followed by a general discussion by some of the members of the group of girls she sponsors, known as "Cinema Critics." Mrs. Martin, a graduate of the University of Chicago, has been on the high school faculty for the past nine years, and welcomes into this group all girls in the school who are interested in discussing movies. She has a delightful personality, and a breadth of point of view which makes these discussions lively and interesting. Every other week, the girls go to movies recommended by the "Movie Digest," and then it is thoroughly discussed from the point of view of recreation, and the establishment of principles of judgment.

Before the program, the members are invited to look at the exhibit of the work of the students in the art classes under the direction of Miss Lucille Wood. This consists of attractive pottery in the trophy case near the office, and interesting murals in Study hall, E 216.

"Y" Group Presents Mrs. J. S. Baker In Picture Travel Talk March 3rd

A new venture is to be launched by the busy "Y" on Laurel avenue, which should bring much joy and friendliness to those who attend the program to be presented from tent to tent. Under the chairmanship of Miss Dorothy Simpson, all of the business groups of the "Y" are extending a welcome to all of the business girls and women in the vicinity, and to any others who may be interested, to come to the "Y" Thursday evening, March 3, when an exceptionally attractive program will be given. Mrs. James Stannard Baker, a graduate of the University of Wisconsin, former society editor of the Cedar Rapids Gazette, on the committee of management

of the South Side "Y", now editor of the Sigma Kappa Triangle, will re-tell the thrilling story of the 1,750 miles of travel by river and canal through the byways of France, Switzerland, Germany, Holland, Belgium, Austria, and Hungary. It is a story recorded in hundreds of pictures, taken by Mr. Baker, a safety expert of national reputation and a photographer of great ability, son of Ray Stannard Baker, the well known travel lecturer, but the intimate tale of a carefree holiday spiced with stories of unexpected encounters, merry difficulties with foreign languages, and frank impressions of unfamiliar customs. Study Possibility Of Stop Lights At Green Bay Crossing

Last week the Highland Park Citizens Safety Committee received from the National Safety Council its charter, and the information and services of the National Safety Council will be available to our community.

The Highland Park Citizens Safety Committee is making an active study of the possibility of stop and go lights for the intersection at Greenbay and Central avenue. Some months ago, under the supervision

of Mr. H. J. ... a survey was made of this important intersection. The survey showed that on a normal day between 8 a.m. and 8 p.m., 693 automobiles and 80 trucks passed this intersection each hour. This is a total of 773 automobiles per hour, or an automobile passes this intersection approximately each 4 1/2 seconds.

Our Safety Committee recognizes the seriousness of this traffic situation. In order that the Highland Park Citizens Safety Committee may intelligently appraise the cost of stop and go lights for this intersection, figures will be obtained from several reliable companies and these figures then will be submitted to the citizens of Highland Park for their consideration on this vital traffic problem.

March will be a busy month for the members of the Highland Park Woman's club, for many and varied are the opportunities for enjoyment and interest offered.

On Tuesday, March 1, at 11 o'clock in the morning, an important business meeting will be held, which should be attended by everyone who is interested in the activities of the club.

Following this meeting, a delicious cafeteria luncheon at a most reasonable cost will be served from 12:00 to 1:00. No reservations can be accepted for lunch after Sunday, February 27, and members may

bring their own plates.

The next hour will be spent in a very lively manner, for an informal Club Conference will take place at which members are urged to express themselves freely on Club matters, and present constructive criticisms of existing conditions. The afternoon program is one that should be entertaining and delightful. Dr. Leonard A. Parr, an Englishman born in the Shakespeare country, a man of charm of manner and of keen judgment, will discourse on books, authors, and personalities in the book world. Year Old Promise May Be Fulfilled in Deerfield

Raymond Meyer, in his successful campaign last year for member of the Deerfield Grammar School Board District 109, promised that, to the best of his ability, he would try to bring about a favorable decision for a Board of Education of seven members.

That his efforts are receiving consideration is evidenced by the fact that, at the Special Board meeting held on February 14th, the President, Mr. C. W. Boyle, recommended that an immediate survey be made to determine whether or not District 109 could fulfill the requirements for a Board of Education.

Press To Give Unbiased Review Of Office Seekers

Prior to the Primary election on Tuesday, April 12th, the Highland Park Press will run a series of non-partisan articles on Democratic and Republican candidates who are seeking State and County offices.

Nelson is an ex-service man and a former finance officer of the Waukegan Legion post.

William J. Strattan, of Ingleside, former secretary of state is Republican candidate for Secretary of State at the primary election April 12th.
