Brief Sketches Of Candidates Is Being Presented

A brief resume of several of the candidates who are seeking nomination at the primaries on April 12th is again being presented.

Every person who is eligible to vote should know for whom they are voting and what their qualifications are. In today's issue we are presenting a review of Lew A. Hendee, Richard J. Lyons, J. B. Morse, Victor O. Siegler and William J. Stratton.

J. B. Morse

Jay B. Morse, Republican candidate for County Clerk, is a resident of Libertyville, and well-known in all parts of the county.

Mr. Morse was, for a number of years, Deputy County Clerk and, as such, familiarized himself with the duties and operation of the office. In 1927 he was appointed County Treasurer by the Board of Supervisors, to fill a vacancy; and in 1930 the voters elected him County Treasurer. His knowledge of the tax department of the Office of County Clerk was thus supplemented as he carried out the duties of County Treasurer.

Well-acquainted with county affairs, Mr. Morse has earned the reputation of an efficient and economical administrator, working in the interest of the taxpayers.

He solicits the support of the voters on his training and on his record.

William J. Stratton

Wm. J. Stratton is a candidate for County Clerk. He has been a resident of Lake County all his life, having been born near Ingleside, his present address.

Early in life he took an active interest in politics, serving fourteen years on the board of supervisors as a member from Grant township. He was chairman of the Lake County Republican Central committee for eight years, being elected to that position four successive terms.

In 1917 he was appointed a deputy game warden by Governor Lowden. In 1921 he was named chief game warden by Governor Small, and when the Department of Conservation was created in 1925 by Act of the General Assembly, Mr. Stratton was appointed its first director. He served in this capacity until he resigned in March, 1928 to seek the Republican nomination for Secretary of State, an office which he held until January 1933.

While Secretary of State he inaugurated the policy of earning and paying into the State Treasury, interest on the receipts of his office, and during the state's most critical financial period, when 600 banks within the state closed their doors, Mr. Stratton accounted for and paid into the State Treasury every penny of principal and interest

"Rosalie" Showing On Alcyon Screen

"Beg, Borrow or Steal" is comedy of the chuckle inducing rather than the stomach laugh from its first to last scene. A lovable sliker, his wife, daughter and her stuffed shirt fiancé, his parents, and a charming fellow from whom the first named borrows a chateau, are the main characters. Mr. Ralph Morgan has a role into which he can and does set his teeth. He's perfectly delightful! Herman Bing, George Givot, Eric Rhodes, Reginald Denny are mighty amusing as his pals. Florence Rice is precious as the daughter and John Beal is the nicest sort of fellow imaginable. I repeat—"Beg, Borrow or Steal" is a lot of fun. On the Alcyon theatre screen this Friday and Saturday.

Eye-filling with enormous sets and beautiful ballet numbers, gay with charming Cole Porter tunes beautifully sung by Nelson Eddy, and quickened to top speed by the magic tap-dancing feet of Eleanor Powell, "Rosalie," showing at the Alcyon on Sunday, Monday, Tuesday and Wednesday, is a musical of extraordinary entertainment power. Included in the cast is Frank Morgan as a king with an eye for a pretty girl, and Edna May Oliver as a queen quite able to curb such tendencies. Morgan as ruler with ventriloquism as a hobby strikes a new high note in laugh-producing gags. Nothing is missed to make this a picture to remember.

There will be music and revelry, dancing and entertainment with strolling singers, vagabond musicians and even Romany gypsies.

It is expected every villager will be there, some in brilliant costumes, feathered hats and embroidered jackets. Genial hospitality will prevail, for the whole community is invited.

Colored Pictures Illustrate Talk In Ravinia Sunday

Both newcomers and older residents in Ravinia welcome the infrequent but always attractive "Twilight Gatherings" at the charming Village House on Dean Avenue, for they always include a delightful program and a pleasant social hour about the tea table with light but appetizing refreshments, and a friendly atmosphere in which everyone feels at home.

At the coming "Twilight Gathering," Sunday, March 13, promptly at 4 o'clock, Mr. Morris Greenberg, an industrial engineer, a vice-president of Hart, Schaffner & Marx, a devotee of the camera and an observant and enthusiastic traveler, will tell of his and his wife's interesting experiences in Mexico and Guatemala, illustrating his talk with colored motion pictures. These exotic countries in the South, which are colorful in their brilliant flowers, gaudy dress, fantastically ornamented and colored houses, market-places and public buildings, tempt the camera lover at every turn, and the stay-at-home is indeed happy to experience the joys of travel by attending such an exhibition of beauty and interest.

Following this delightful program, delicious sandwiches and coffee will be served by the members of the Arts Committee of the Ravinia Woman's Club, under whose auspices this entertainment is being held. They will also act as hostesses of the afternoon, personally greeting everyone and making all who come aware of the "Ravinia spirit" of informal friendliness. In the absence of Mrs. Dudley Crafts Watson, chairman of this committee, Mrs. Mary Helms, co-chairman, will have charge of the meeting, assisted by her committee members, Mesdames William Savin, John Warmington, Lew Saret, Harry Epstein, David Clarke, and Arthur Raff, and the president of the club, Mrs. John Van Bergen.

"Get Acquainted" Party To Be Staged By Young Republicans

A "Get Acquainted" party will be held by the Young Republican Club of Highland Park Monday evening, March 21, at 8 o'clock in the basement of the SherPark apartment building. Brief talks by the Republican candidates who will be the guests for the evening will feature the meeting.

The meeting will be in the form of a rally, similar to others which have been held at Libertyville, Waukegan, Lake Forest and other places throughout the county. Afterwards there will be an informal reception at which those attending will have an opportunity to meet the candidates. Refreshments will be served and everybody is invited to attend.

The Men's Fellowship Club will have as its guest tonight, March 10, Dr. F. Cyril James, young English economist. The dinner is at 7 o'clock and the meeting will follow directly, held in the Parish House of the Highland Park Presbyterian church.

He is chairman of the Graduate Faculty in the Wharton School of Finance and Politics at the University of Pennsylvania. On special leave of absence from the University at this time, he is making a study of the Chicago money market for the First National Bank.

All the men in the community are cordially invited to attend. Dr. James will certainly have a fine talk to give.

Boys Club to Hear Sam Campbell in Illustrated Talk

Sam Campbell, naturalist, author and photographer, is to lecture on "The Great North Woods" to the Highland Park High School Boys Club on Friday, March 11.

He will show his natural color motion pictures of wild animals and the glorious scenery of the north and west. He speaks with the natural authority of a man of the woods. His forest home, The Sanctuary of Wegmind, near Three Lakes, Wisconsin, is a model of natural beauty.

During the last six years, Mr. Campbell has appeared before more than 2000 audiences through the courtesy of the Chicago and North Western Railway Co.

Byrd Arnold Smith Noted Psychologist in Lecture Series

The Winnetka Junior Auxiliary of the Cradle is sponsoring a series of six lectures by the eminent consulting psychologist, Byrd Arnold Smith. Her subject will be "The Study of Business and Social Relations, Problems in the Home and Child Psychology."

There will be an introductory lecture on Monday, March 14, at 8 o'clock in the evening at the home of Mrs. Robert H. Ripley, 29 Indian Hill road, Winnetka, for which there will be no charge. Anyone interested in the series is cordially invited to attend this lecture.

Improvement Plans and Report Mark Safety Activity

With the approach of warmer weather and greater traffic not far distant the Highland Park Citizens Safety committee has been actively engaged in compiling information, making surveys and preparation of facilities and plans for the years safety program.

A city map atlas is being prepared by Philip Cole, city engineer and Harry Pertz, vice president of the organization which will include maps to show each set of safety facts pertaining to the city. A separate map will show all safety signs, one will show all accidents during the past year and others to be included will be devoted exclusively to other important matters. These will be in addition to the large master map, on public display making available a complete visual record of every important set of facts with which to accurately guide in conducting a coordinated city wide safety program.

Edwin Gilroy, chairman of the Safety committee announces that Mr. Cole and Mr. Pertz are now preparing the annual report to be forwarded to the National Safety Council of which the City of Highland Park recently became an official member through application of the Citizens Safety committee. Further that a copy of this report will be published as soon as completed and that it will reflect a number of further accomplishments.

Extensive plans are being made for the annual Safety Week which will be held the week of May 16, and Commander Wm. Heinrichs of the Dumereq Spencer post of the American Legion, original sponsors of the civic safety program advises that the American Legion will as in the past, take an active part in the activities of the week.

Chairman Gilroy states that plans for greater safety at the grade crossings are progressing and that it is expected that arrangements with the North Shore Electric concerning the conditions at Central and St. Johns avenue will be concluded in the near future. Several new and needed safety signs have been installed since the first of the year and a recent and most valuable contribution has been made by the Chicago Motor club in placing Stop signs on the side streets entering Greenbay road.

Every church, school, civic, fraternal, business, patriotic and similar organization in Highland Park is eligible to membership to the Citizens Safety committee. Each organization joining has the right to appoint a representative and alternate to represent them and take part in conducting the affairs of the Safety committee. There are no dues and the annual re-enrollment of organizations will take place this month. All organizations interested in community and national safety and all those desiring to take part and assist in this important cause are requested to communicate with Mr. Philip Cole, secretary, 21 N. Sheridan road, Highland Park.

85 Students Will Participate in 1938 Revue on March 19

Over eighty-five Highland Park high school pupils are in strenuous rehearsals this week in preparation for the twelfth annual presentation of "Student Stunts" to be given in the school auditorium Saturday night, March 19. Fifteen peppy acts will be introduced in the 1938 Revue, each one of which is almost ready for the opening curtain.

Among the individual acts are tiny Mary Casario in a tap presentation and Margot Hartman in a striking exhibition of toe dancing. Another youthful performer is Eva Dinelli who handles the Steinway with startling dexterity.

Jasmine Sessa returns to this year's "Stunts" with another year of experience that should make her even more popular with the audience. Mort Raff will play the first violin solo seen in "Stunts" for many years, while Daniel Cobb is practically certain to "bring down the house" with his "I Love Life," an extraordinary performance for a high school baritone.

"Student Stunts" has been sponsored by the high school P.T.A. since the first show in 1927. The proceeds are used to provide funds for scholarships and aid granted to needy pupils who wish to remain in school. A success from its initial performance, "Student Stunts" has grown into one of the most popular annual productions along the North Shore.

Tickets for "Stunts" will go on sale next Wednesday at 8 a.m. at the high school auditorium box office.

Business Women of 3 Towns Unite in Banquet Here

March 29th is an important date in the YWCA Business and Professional Women's Clubs. Once a year, YWCA clubs have a nation wide celebration, usually in the form of a banquet.

In this locality, Highland Park, Lake Forest and Waukegan unite forces, taking turns as hostesses. This year, Highland Park will entertain the banquet, providing local talent for entertainment.

A theme with a wide public appeal is chosen each year, to be the high point of the meeting, usually with a competent speaker giving an inspirational message; or, as at last year's event in Waukegan, by a discussion group. The theme for this year is: A Business Woman's Share in Democracy.

The Highland Park committee in charge is anxious to have all business women keep this date in mind and watch for further details of the program.
