

American Red Cross Appeals For Aid In Tornado District

An appeal for \$30,000 for tornado relief has been launched by James B. Forgan, chairman of the Chicago chapter, American Red Cross. This amount has been designated as Chicago's share of the fund being raised in the midwest for relief of the victims of the tornadoes that have created widespread havoc through 27 counties of Illinois, Missouri, Kansas, Oklahoma and Arkansas.

"The death toll has mounted to 40," Mr. Forgan stated, "with 439 injured, 484 homes destroyed and 600 seriously damaged. The Red Cross has already put 57 trained disaster relief workers into the devastated areas.

"South Pekin was hardest struck with only three buildings left standing. These are being used by the Red Cross as relief headquarters. Over 225 homes were destroyed with an additional 25 badly damaged. The city has nine dead and 80 injured.

"Added to the tornado devastation is a serious flood in Arkansas where

continued heavy rains and floods have driven 850 families from their homes in the Red and White River valleys."

H. F. KELLY, Chairman
Highland Park Branch
American Red Cross.

Highland Park High Makes Fine Showing In Oak Park Relays

The Highland Park High school track team, coached by Chas. Lauer and Mark Panther, registered a distinct upset in the Oak Park relays last Saturday by placing third with 27 points in a field of over 40 participating schools. New Trier finished in first place with 43½ points, beating out Oak Park with a narrow ½ point margin.

Eight boys, running in relay teams of four each, copped firsts in the two mile and medley relay events and a third in the four lap race. Aldie Harris took a fifth place for one point in the 60 yd. low hurdles. Of the seven trophies awarded in the meet, three now rest in the display case in Shields hall.

Coach Lauer was elated at his team's showing because the team distinctly lacks unusual individual talent and because it was Highland Park's greatest showing in the history of the Oak Park Relays.

Finishing behind the locals were York, Proviso, Austin, Rockford, and Evanston. No other school scored as much as ten points. A total of 538 boys were entered in the meet.

Louie Soefker, Robin Gourley, Ray Johnson and Wally Repholz led the field in the 2-mile event while John Rompel, Harris, Norm Dument, and Repholz took the medley.

Dument, John Heath, Rompel, and Harirs ran the 4 lap event in 1:26.1, just 1/10 seconds out of second place and one of the best times any team has ever registered for Highland Park.

Spring Festival Is Legion's Gala Event Of Season, Apr. 20

The Dumaresq Spencer Post of Highland Park announces a Spring Festival to be held at the Sky Rocket Wednesday evening, April 20. It will be one of the bright social events of the season. Legionnaires and their families and friends from Highland Park and surrounding communities will gather at the Sky Rocket for this gay occasion.

The Dumaresq Spencer Post is planning elaborate entertainment for this evening which will appeal to everybody. Commander William C. Hinrichs announces that entertainment includes a torch singer, comedy tap dancer and interpretive dancing. An excellent orchestra will be on hand to furnish snappy dance music for everybody. The entertainment and dinner is included with each ticket. Members of the Spring Festival committee are Leslie McCaffrey, Lester L. Stanger, John Olson, Rocco Stella, Paul N. Webb, Henry Eitner, Dewitt Manasee, P. E. Cole, John Peters, Saylor Shanafeldt, Miller W. Schreiner, B. D. Greene, Max Ekelman, George Abernathy, Henry Mrazek, Wilson Richardson, Steve Urban, Art Stem, Tom Sutherland, Arthur Swanson, John Olson.

Local Government To Be Discussed By Voters League

What do you know, or what don't you know about our local government and its services here in Highland Park?

To answer this question the League of Women Voters will devote the entire April meeting on Wednesday, April 20, following the luncheon which will be served at 12:30 at the Y.W.C.A. on Laurel avenue.

Following the league's national program for study and support in its departments of child welfare, economic welfare, education and government and its operation, members have for the past year been interviewing local officials and employees and citizens serving on various boards. The result of all this research has been arranged and correlated into an interesting and enlightening program, under the guidance of Mrs. Walter Rubens, president of the Highland Park league.

Mrs. William Briddle, chairman of child welfare, will tell how this city takes care of its dependent and delinquent children as told in interviews with Mrs. Raymond Flinn, director of Social Service, Police Chief Edward Moroney, and Dr. Donald Rossiter of the Board of Health.

Mrs. Norman Meiners and Mrs. Clarence Balke, co-chairmen of the department of government and its operation, have interviewed Mayor Dooley, Mr. Musser, city clerk, and some of the commissioners in order to give a living picture of our city and its needs as they are handled by our elected officials.

Mrs. Monroe Ottenheimer sent out a large committee of women who have interviewed school board members, school principals, teachers and school trustees. For this rather complicated job, a questionnaire

was prepared so that information from the grammar school districts could be compared.

Mrs. George Lyman and Mrs. George Carr, co-chairmen of the department of economic welfare, have interviewed local merchants and employees and are preparing an interesting report on local working conditions in such industries as milk and laundries, old age compensation in its actual practice, etc.

The annual board meeting of the league will be held at 10 o'clock preceding the luncheon, and it is hoped that all league members will attend to hear the reports on the years work which will be given then instead of in the afternoon.

There was an attendance of almost two hundred persons at the candidates meeting at Lake Forest last Saturday. Candidates and audience all felt that it was a most valuable method for presenting qualifications and stating exactly what policies were to be supported.
