

## DEERFIELD LOCALS

### THE DEPOT

A shelter is being erected on the east side of the tracks for north bound passengers at the Deerfield station of the C. M. & St. P. R. R. The depot grounds, which are so beautiful at this time of the year, stand as a lasting memorial to the Deerfield Garden club, whose members worked so faithfully, and contributed financially for the landscaping and planting of the property. The Garden club, now out of existence, could not have selected a more appropriate lasting memory. The upkeep of the grounds is now done by employees of the railroad. Another civic project of the Garden club was the planting and caring for Journal Place park, a small triangular plot of ground on North Waukegan road at Hazel avenue and Journal place.

January, 50 cases, 166 persons.
