

### Ravinia Woman's Club Closes Year With Luncheon

On May 11, a tasty luncheon served at the very attractive tables set by Miss Virginia Wheeler and the members of her House committee was enjoyed by the Ravinia Woman's club in the final meeting of the season.

While still seated at the luncheon tables the club members heard the annual reports of the officers and committee chairmen. Mrs. John Van Bergen, president, expressed her appreciation of the wonderful work done by her outgoing board, and asked for volunteers for committee work for the coming year.

The program for the afternoon was presented by Mrs. Raymond Watts, an informed and charming nature speaker of our own community. Her subject, "The Ravinia Landscape," covered the period beginning 30,000 years ago when this region was under water to the present day when our native vegetation is needlessly lost as a result of thoughtless and misinformed property owners. Her subject was more graphically portrayed by her use of chalk and blackboard, but everyone's attention was easily held as Mrs. Watts described the dandelion as the Daniel Boone type of plant pioneer or told how the County Line Road cemetery must be preserved as long as the grass grew and the waters flowed.

### Paul Downing To Address Garden Class On Banding of Birds

The last meeting of the Garden class of the Highland Park Woman's club will be held Tuesday, May 24 at the home of Mrs. O. Laurance Olesen, 369 Moraine road. The speaker will be Mr. Paul E. Downing of Highland Park who spends all of his spare time banding birds. The information is sent to the United States Biological Survey. Mr. Downing is one of 2,000 bird banders in this country who devote themselves to this work as a hobby. In addition to the great pleasure it affords these bird banders, their work enable them to supply valuable information to the U. S. Biological Survey in Washington. They are able to determine the migratory habits of birds, their life span, and obtain other valuable data.

Co-hostesses will be Mrs. John McDougall, Mrs. Thomas Marks and Mrs. Caroline Bletsch.

### Pioneer Settler Celebrates Birthday

Fifty relatives of Miss Julia Monahan or "Auntie Cox," as she is affectionately named by all who know her, surprised her on the occasion of her 89th birthday Sunday, May 15. Miss Monahan is the oldest living settler born in Everett, Ill., now West Lake Forest. She came with her parents, Owen and Sarah Monahan, to Port Clinton, now the north end of Highland Park, when she was 2 years old, their means of transportation being an ox team.

### Comedy Prevails This Week at Deerpath

Comedy at its supreme best is featured at the Deerpath theatre this coming week as "Tovarich," "Merrily We Live," "Bringing Up Baby," and "The First Hundred Years" follow each other in quick succession.

"Tovarich," starring Claudette Colbert and Charles Boyer, winds up its Lake Forest run tonight. It is one of the pictures that everyone has been wanting to see.

"Merrily We Live," starring Connie Bennett and Brian Aherne, boasts a supporting cast that is unexcelled. Billie Burke, Alan Mowbray, Patsy Kelly, Ann Dvorak, Tom Brown, and Bonita Granville comprise, in part, the outstanding list of players featured in this picture considered one of the finest of current comedy hits. It will be at the Deerpath on Friday and Saturday.

Cary Grant and Katharine Hepburn are co-stars in "Bringing Up Baby" generally acknowledged the "tops" among the season's comedies. Grant is better than in "Topper" and "The Awful Truth," and Hepburn's performance has had all of Hollywood agog at its excellence. It begins a three-day showing at the Deerpath on Sunday.

Robert Montgomery and Virginia Bruce are starred in "The First Hundred Years," another of the

current comedy hits. Warren William is also featured in the hilarious tale of a man who wanted his wife to give up her career and concentrate on being a wife. Wednesday and Thursday are its days of tenure in Lake Forest.
