

### Several Local Youths To Be Confirmed At Glencoe Church June 9

### Women Voters League Honor Mrs. Rubens With Party Wednesday

In lighter vein was the theme of the party which the incoming board of the Highland Park League of Women Voters together with the retiring board gave in honor of Mrs. Walter Rubens, retiring president, on Wednesday afternoon at the home of Mrs. Louis Haller. A literary treasure hunt, charades and a song fest took the place of the usual serious entertainment which occupies most meetings of the League of Women Voters. Mrs. George Gaidzik, Mrs. Philip Ringer, Mrs. Robert Grinnell and Mrs. Monroe Ottenheimer planned the very original entertainment and the tea which followed. About forty board members were guests.

The Highland Park League of Women Voters is actively co-operating in the program of the Community Chest which is taking place Friday evening, May 27, at the Y.W.C.A. All members have been notified of the meeting and urged to attend. The speaker, Dr. Thomas H. Reed, director of the Consultant Service of the National Municipal League, is to address the meeting on Civic Planning and the Modern Municipal Government. Since League members have just recently concluded a study of municipal government in Highland Park this meeting comes as an appropriate climax.

### New Gelafinish Boneless Ham Is Latest Development

The phenomenal success of Wilson & Co's Tender Made Ham, "the ham you cut with a fork," is still fresh in mind. It was a glorious step forward in the processing of ham that has made everything else obsolete.

Now, from the same source, comes another revolutionary creation—a new bone-less all-purpose Tender Made Ham finished in a way that is absolutely new, offering many wonderful advantages.

This new and spectacular development is an exclusive gelatin finish, called Wilson's Gelafinish. Never before has ham or any other meat product been finished so enticingly, so usefully, and so appetizingly.

Wilson's new Gelafinish is exactly what it says—a thin, transparent finish of real gelatin applied by an exclusive Secret Process. It becomes literally a part of the meat itself and seals in the rich flavor and natural juices of the meat. Unlike artificial coverings, this new Wilson Gelafinish is wholesome, edible gelatin, a food in itself. It does not have to be removed.

Gelafinish is transparent, so that the natural colors of the meat, with all their appetite appeal, show through. The result is very attractive and distinctive.

Women will be interested in the economy feature of Wilson's Gelafinish meat products. In the case of the new, improved Wilson Gela-

finish Boneless Tender Made Ham, for example, there is literally, no waste. It can be sliced perfectly, from end to end, and every slice is servable. Furthermore, the amazing protective qualities of Gelafinish tend to keep meats fresh for a much longer time.

Another important feature of this new and revolutionary Gelafinish is product identification. You can not mistake it because where Gelafinish is used even a single slice will carry enough of the brand marking to identify it and prevent substitution.

You will find that this new Wilson Gelafinish, created by the experts of Wilson & Co. is the most convenient method of putting-up ham and other fine meat products that has ever been used.

### Flowers Bring Joy To Many Shut-Ins

Into the hand of a nine year old who has had his leg in a "stretcher" for months, or on the bedside table

of a gaunt T.B. patient who is likely to "go on" any minute according to the nurse, go your flowers. But patients have to beg for the privilege of having the bouquet on their own bedside table, because the sad part is that no matter how hard the women who make up the bouquets try to stretch the contributions there never seems to be enough flowers to allow more than one bouquet in a ward.

Flowers go from Highland Park and Ravinia every Friday to United Charities (Haymarket Dist.), Visiting Nurse Association, Chase House Settlement, Howell Neighborhood Settlement, Presbyterian Hospital Occupational Therapy Ward, and Cook County Hospital Children's Ward and Tuberculosis Ward, so make up your mind to make the 9 o'clock every Friday morning with your bit of happiness for those less fortunate, or phone Mrs. K. E. Wagner, local chairman of the Plant, Flower and Fruit Guild, at H.P. 3113 the night before for flower pick-up service.

### Brookfield Zoo Is Next Destination Of Bus Tour, June 2

A bus trip to the Brookfield Zoo will be enjoyed by members and friends of the Friendship Club of the Y.W.C.A. Thursday, June 2. Reservations for the trip, which will be made in a specially chartered bus, must be made at the Y.W.C.A. office by May 30.

As there were more people who wanted to take the last bus trip than the bus could accommodate, it is suggested that those desiring to go make their reservations early. Some entertainment will be provided for the dinner hour and evening before the party returns to Highland Park.
