

Deerfield Couple Celebrate Golden Wedding June 7th

Mr. and Mrs. James Mitchell Grantham of Mill road, Deerfield, celebrated their fiftieth wedding anniversary on Tuesday, June 7, at a large family gathering at their home. The two sons, Harold Grantham of Glencoe and James G. Grantham of Evanston and the two daughters, Miss Esther Grantham of Chicago and Mrs. E. E. Bent of Evanston, and their families were among the guests at the Golden Wedding.

Mr. Grantham was born in West Jefferson, Ohio, in 1860. Mrs. Grantham spent her girlhood in Akron. They were married in 1888 in DeWitt, Nebraska, and moved to Deerfield in 1921. Mr. Grantham, who was in the advertising business, is now retired.

David Stryker of Deerfield Carries Off College Honors

David Stryker, son of Mr. and Mrs. Frederick W. Stryker of Deerfield, was one of six seniors at Lake Forest college on Saturday who graduated cum laude. Stryker also received the McPherson prize for general excellence in scholarship and particularly in English.

David Stryker

During his four years at Lake Forest, Stryker has not only been an honor scholarship student but has also been extremely active in both musical and literary affairs of the college. He was a member of the chorus, the band, the orchestra, and Pi Alpha Chi, honorary musical fraternity, editor of Tusitala, student literary magazine, a member of the editorial staff of the Forester, college year book, features editor of the Stentor, the weekly student publication, and a member of Sigma Tau Delta, honorary literary fraternity. In the annual college music festival last month he sang the title role in Milhaud's opera, "The Poor Sailor", and was the tenor soloist in Honnegger's "King David."

Deerfield Civic Association Elects New Officers June 7

With the election of officers, June 7, the Deerfield Civic association embarked on its second year in the village. Kenneth J. Weir is the new president; George T. Scott, Lawrence R. Fry and Harry A. Olendorf are vice-presidents. Other officers are Oliver F. Brunett, Jr., secretary, and William M. Stewart, treasurer.

Six new directors, unanimously elected by the residents of Deerfield at the association's annual meeting June 1, attended the director's meeting at which so many civic problems were presented that a program committee will be appointed to determine which problems will be studied at each ensuing monthly meeting.

New directors include William Cruickshank, Kenneth R. Ross and Edward B. Crush. Three of the officers, Mr. Scott, Mr. Fry and Mr. Stewart, were selected from the new directors.

A study of Deerfield's water supply will be made at an early meeting, Mr. Weir states. Acting on a suggestion from Mr. Crush, a committee will be appointed to welcome new residents. Committee appointments will be made following a meeting of officers this week.

Outgoing officers of the association are: Burton B. McRoy, president, Robert L. Johnson, first vice-president, Charles E. Piper, second vice-president, Irwin F. Plagge, secretary, and Lewis E. Ashman, treasurer.

Deerfield School Board of Education Holds Monthly Meet

The regular monthly meeting of the Board of Education of the Deerfield Grammar school was held on Monday evening. President B. E. McRoy presided and members who were in attendance were George Harder, H. C. Hawes, Raymond Meyer, R. F. Grohe, Agnes Tennermann and Myrtle Weiss.

Finance Officer Hawes stated that an unofficial report had been made of the receipt of the first installment of 1937 taxes, \$7,788, Educational fund and \$4,212 building fund. The board approved the payment of outstanding bills and the retirement of tax warrants in the amount to be recommended by the finance chairman.

Building and Grounds Chairman, G. C. Harder gave a concise report on the condition of the school building with recommendations for repairs needed. Materials will be ordered so that the summer work of repairing and redecorating may go forward without delay.

Mrs. Tennermann reported progress on the Federal Recreation Project which the board is sponsoring, stating that the definite schedule cannot be announced until completion of certification of workers. The project is expected to open within two weeks.

Sight Seeing Flight To Be Staged Again Sunday At Glenview

So great was the response to Sunday's (June 12) educational sight-seeing flights over the North Shore in a United Air Lines Mainliner that the company will conduct eight more 100 mile trips next Sunday (June 19). R. F. Ahrens, United's district traffic manager, said that 163 passengers were carried on nine flights from the Curtiss Airport in Glenview last Sunday.

These educational flights, conducted as a part of United's summer program to acquaint the public with air transportation, give North Shore residents an opportunity to see their home from the air, since the twelve-ton 21 passenger ship flies over all suburban communities between Evanston and Waukegan. Each flight is completed by a circle over the Chicago loop.

Again next Sunday the 200 mile an hour Mainliner will be in command of Captain John Pincomb, veteran million mile United pilot; First Officer William Helfert and a stewardess.

Half Price Sale At Thrift Shop

Because of the small space to accommodate the ever increasing supply of thrift, the Thrift Shop will hold a two day half price sale Monday and Tuesday, June 20-21. These sales are becoming known for their many bargains and wise shoppers will do well to be early. Shop hours are from 9:30 to 6.

Medical Society Annual Meeting Held Last Night

Dentists and druggists and their wives were guests of the Lake County Medical society at its annual dinner and social meeting held at 7 p.m. last evening at Glen Flora Country club.

Dr. W. L. Winters, president of the society, and Dr. E. L. Ross of Waukegan, chairman of the committee in charge of the program for the dinner, extended invitations to the dentists and druggists to meet with the physicians and surgeons at the meeting.

Dr. William F. Peterson, professor of pathology at the University of Illinois medical school and author of seven large volumes of the weather and its effect on patients, gave an illustrated talk on "The Relation of Climate and Weather to Health."
