

"Highwood Days" to Feature Unusual Events August 2-6

The "Highwood Days" carnival being sponsored by the Highwood Civic Improvement association from Tuesday, August 2 to Saturday, August 6 promises to be one of the most unusual events of this kind.

Entertainment and fun for all will be provided by a variety of concessions and rides. In keeping with the carnival tradition the popular bingo game will be offered with a fine assortment of prizes of unusual merit.

An outstanding feature of this carnival will be the fact that all merchandise to be used is of unusually high quality and of great public appeal.

The sensational 1939 "Mystery Control" Philco radio, a ranger "Champion" bicycle, Sunbeam Mixer, four slice electric toaster, one dozen beautiful, hand-cut glasses and a wool plaid steamer rug all included in the prize list.

Those attending will not only find entertainment of the gay carnival spirit, but will also have a chance to win one of the many outstanding prizes.

Fourth of July Is Marked by Few Accidents, Here

Independence Day in Highland Park, was an apparently quiet one. Although there had been no severe ban on fireworks here, precaution was practiced and very few accidents were reported.

The most serious occurred on the morning of July 8 when Dolores Davis, aged 9 of 8 North First street, was cut about the face and neck when a firecracker placed in a bottle, exploded, breaking the bottle, cutting her about the face and neck.

Zion Lutheran Church Plans Program July 12

The Luther League of the Zion Lutheran church, Highwood, will give a program on Tuesday evening July 12 at 8 p.m. in the church. After the program refreshments will be served and a social evening is planned.

King Kong to Meet Jim McMillan in Postponed Event

FRIDAY'S CARD KING KONG vs. JIM McMILLEN Fred Grubmier vs. Johnny Plummer "Bull" Campbell vs. Fritz Schnable Rudy Strongberg vs. Hans Schnable Held over from last Friday because of the rains and flood, King Kong, famous bearded wrestling star who has as yet to meet his first defeat in this country, will go up against Jim McMillan, the great heavyweight championship contender who is a stumbling block for up and coming stars.

King Kong easily disposed of two opponents in quick order at Grayslake and proved himself worthy of world's championship consideration. Promoters called upon Jim McMillan to stop the sensational rise of the King who had been finishing up all of their stars, and Mac answered the call when he signed articles for the match two weeks ago.

The semi-windup features the return of Freddy "Legs" Grubmier, famous Iowa scissora star who proved a big favorite here last year. He will try to tame the roughster

from Texas, Johnny Plummer, in a thirty minute go.

In the preliminary bouts two of the famous four wrestling Schnable brothers take on heavy stars. Fritz goes against "Bull" Campbell, U.S. Navy heavyweight champion who was recently transferred to the Great Lakes Naval station from the west coast, while Hans takes on Rudy Strongberg, powerful German adonis, in the other prelim.

Tickets will be available at the box-office which opens at 7 p.m. Ladies will be admitted free in the ringside section with escorts.

Several Changes In Teaching Staff At H.P. High School

Several members of the Highland Park high school faculty have secured leaves of absence for next year, and it has been necessary to secure new teachers to take their places.

Those who have secured leaves of absence are Miss Lucie Burwash, who will study for her master's degree at Columbia university in New York City; Mr. Kendig, who will also be at the Columbia university doing graduate work; and Miss Morgan, who will study at a university somewhere in the southwest.

Miss Esther Hungate, who is to take Miss Burwash's place for the year, has been substituting during the second semester at Lake Forest high school in the place of Mrs. Harriette West, who resigned in the middle of the year.

Miss Madeline Swetland, who was in charge of the junior nursing course this past year, is not returning next year, but her successor has not as yet been selected.

Mr. Lauer will be the acting head of the gym department during Mr. Kendig's absence, while Mr. Barnes, who has been on a part-time basis, will be on full-time. A part-time instructor will be secured to do the work Mr. Barnes has been doing this year.

Four additional teachers have been secured for next year. Mr. Vernon Hines, now teaching at Yorkville, Illinois, will teach mathematics and commercial arithmetic.

Another new teacher is Miss Nora Claire, who will take Miss Koester's place. She is now teaching at the Gurnee high school. Miss Koester will be at Drake university next year.

Miss Myra Thomas, a former resident of Highland Park, and a graduate of this school, will be the visiting teacher next year in the place of Mrs. Lauer. Miss Thomas is now engaged in social service work in Cleveland.

Mr. Karl Schnessler has been engaged to teach social studies and English.

How Sinclair Lewis Enjoys His Reading

Sinclair Lewis believes that there is no merit in reading just in itself. The only authentic reason for reading is that it is fun. That is, provided you read exactly what you like because you really like it and never because you think you ought to like it and will get credit for it. In The Reader's Digest you'll find exactly the kind of articles that you like. Each one skillfully condensed so that it is short, meaty and interesting.

These selections represent the reading *You Must Not Miss*. Each carefully chosen article is skillfully condensed so that the flavor, style, and essential point of the original is preserved in concentrated, time-saving, yet emphatically adequate completeness.

Only Purchasers Of New Cars Eligible To License Reduction

Springfield, Ill., June 22.—In order to clear up any misunderstanding on the question of the half year motor vehicle license fees, Secretary of State Edward J. Hughes, in response to numerous inquiries and applications for 50 per cent reduction, explained that only those motorists who purchase cars after June 30, 1938, may procure their 1938 plates at half the annual cost.

"Many motorists," said Secretary Hughes, "are under the impression that if they do not operate their cars during the first half of 1938, that they may apply after July 1 and procure a half year fee. This is not true. An individual who had a car licensed in 1937 cannot procure a half year fee even if he applies in October of 1938. The Motor Vehicle Act states that the first registration shall be reduced 50 per cent if payable during the second half of the calendar year and that no certificate for re-registration may be issued at any time except for a full fee.

"Attempts to evade the law in order to procure the semi-annual fee, by 'wash sales' and other such practices, will not be permitted."

CHRISTIAN SCIENCE CHURCHES

"God" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, July 8.

The Golden Text was, "We will rejoice in thy salvation, and in the name of our God we will set up our banners" (Psalms 20:5).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Praise ye the Lord. Praise, O ye servants of the Lord, praise the name of the Lord. Blessed be the name of the Lord from this time forth and for evermore. The Lord is high above all nations, and his glory above the heavens. Who is like unto the Lord our God, who dwelleth on high" (Psalms 113: 1, 2, 4, 5).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Not materially, but spiritually we know Him as divine Mind, as Life, Truth, and Love. We shall obey and adore in proportion as we apprehend the divine nature and love Him understandingly, warring no more over the corporeality, but rejoicing in the affluence of our God. Religion will then be of the heart and not of the head" (p. 140).

First Church of Christ, Scientist First Church of Christ, Scientist, Highland Park, Illinois, 381 Hazel avenue, is a branch of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.
