

Mr. and Mrs. F. J. Spaulding and daughter LaNelle spent a few days last week with their son, Orin, and his wife in Des Moines, Iowa. LaNelle stayed on in Des Moines for a short visit.

Mr. and Mrs. P. N. Gould of Westview road are the proud parents of a daughter, Nancy, born Friday, July 1, at the Evanston hospital.

Whitt Schultz, Jr., is spending July and August at Camp Owakanz, Ontario, Canada.

The Misses Lily Muench and Edith Christy of Olney, Ill., spent Sunday with the Charles Guyot's.

Miss Priscilla Mann and her sister, Mrs. C. A. Buhl, left Wednesday for a two weeks sojourn in Bermuda.

Mr. and Mrs. Irving Randall had as their guests over the Fourth, Mrs. Randall's brother and family, Mr. and Mrs. William Duvall Dickey and three daughters of San Francisco, Calif.

Mr. and Mrs. Fritz Andersen and daughter Helen spent the week end at Sturgeon Bay, Wis.

Miss Olive Erickson and Miss Violet Fisher left Saturday by train for a month's trip through the West, stopping at Denver, Colo., San Francisco and Los Angeles, Calif.

Mrs. Sewall Truax had as her week end guests her son-in-law and daughter, Mr. and Mrs. Marvin Tippey, Miss Joanna Tippey and Miss Anna Lindkog of Chicago.

The rapidity with which the water rose last week is almost inconceivable. A truck driver was going slowly under a Lake Bluff viaduct. All at once, he reports, the water poured in so rapidly that he had to abandon his truck and wade to safety. Another car stopped under the viaduct in order to get out of the severest rainfall. The water rose so quickly that they had to leave their car. Here, however, it came up so fast that wading was impossible; they had to swim for it!

**Victory Workshop Sale To Be Held July 12 At Mrs. Shamberg's**

(Continued from page 1)  
fences along dangerous parts of the ravines.  
Such artistry will lend itself so well to the Victory Workshop sale, for the garden room, a long gallery completely windowed on one side overlooking the terrace and ravine in back, will be cleared out for the Victory merchandise, which, incidentally, is more beautiful than ever.

Five years ago there was nothing being done for deaf and hard of hearing boys and girls who had graduated from grammar school. At that time there was no high school for the deaf. Unemployment was even greater than now. Mrs. Clarence Goldman, founder of the Victory Workshop, felt something should be done for these handicapped young people. She interested the Board of Education who offered rooms in the Haven school at 1472 S. Wabash, Chicago. The WPA okayed the project and paid for a teacher. Three women's organizations sponsored the project, and the Victory Workshop was founded as a non-sectarian organization to teach deaf and hard of hearing young people a trade . . . sewing, cabinetmaking, painting, anything that would equip them to get employment. And in addition to learning, they receive the proceeds of all Victory Workshop sales.

When the Victory first started, they had seven pupils, all of whom were wary and suspicious of being exploited. After two weeks, they had a sale, and sold \$14 worth of merchandise. Each pupil got \$2. Such excitement! It was the first money any of them had ever earned. The next Monday the class doubled in size, and has since grown steadily. Soon the WPA donated the services of another teacher, a man to teach the boys woodworking and cabinetmaking.

At the start, the girls had seldom had a needle in their hands, the boys not a hammer. Today the girls make beautiful aprons of all kinds, lingerie cases, bags, luncheon sets, and baby gifts. Their weaving is excellent. They weave bathroom rugs, luncheon sets, and knitting bags. They make stunning cork novelties. The boys make toys, trays, and juvenile furniture of all kinds . . . really beautiful pieces of cabinet work.

The Victory Workshop pays the children's carfare and also gives them milk at noon. They also pay for materials used to make the articles. In order to do this, the Victory Workshop committee works faithfully and hard to raise funds.

Many of the Victory students have already been placed in industry. One boy was placed in a cabinet shop, and with the recent depression was laid off. Now the WPA has employed him as assistant instructor at the Victory, and he is very capable. As he himself puts it . . . four years ago he had nothing, no training, no job, no future. Now he feels he has a place in the world, and that he has the Victory Workshop, the Board of Education, and the WPA to thank.

**Deerfield Church Ice Cream Social**  
Attention is again called to the

important date of July 16 when the Deerfield Presbyterian church school will hold its ice cream social on the church lawn. Delicious homemade cakes and pies will be served, and all Deerfieldians are invited to be present.

**Floods Sweep West Highland Park; \$50,000 Damage**

(Continued from page 1)  
Cows, which had been accustomed to placidly chewing their cud, had to stand on tiptoe in order to keep their noses out of the water. Several of the weaker ones were drowned.

If anyone had wished to play golf he would have had to have done so in hipboots, or perhaps a motorboat for the deep places. Huge ponds dotted the Sunset Valley and Bob o'Link Golf courses, while Exmoor, which wasn't quite as bad, had much soggy ground. Deerfield's Briergate golf and Northmoor golf courses were the only ones available for play in this vicinity for the three day holiday and hundreds of golf enthusiasts, turned to them for their week-end entertainment.

Although the water receded quite rapidly, after the weather had cleared, it was early this week before many homes had gotten the water entirely out of their basements. Those who were not fortunate enough to own pumps of their own to remove the water were furnished aid by the city.

Several state highways throughout the county are still closed as in many places the road beds had been washed away.

Unless we experience another storm of like proportion before the end of the week, all golf courses will be available for play this weekend. Outside of a slimy skum on the surface of the grass little damage has resulted.

**Champions Learn from American Boy Magazine**

Many famous athletes in all sports credit much of their success to playing tips and suggestions received from sports articles carried in The American Boy Magazine.

Virtually every issue of The American Boy offers advice from a coach or player. Football, basketball, baseball, track, tennis, in fact, every major sport is covered in fiction and articles.

This is just one feature of The American Boy Magazine. Adventure, exploration, sports, humor, flying, science, travel, detecting, ani-

**MAYTAG Excels IN CONVENIENCE AS WELL AS IN SERVICE AND ECONOMY**

Any Maytag electric washer may be had with in-built electric pump that empties the tub completely. It is an added convenience in homes that have no laundry floor drain.

If you want the last word in washer quality and convenience, you'll find it in a Maytag. If you want extra value per dollar, you'll find it in a Maytag—even in the low-priced models. If you want the lowest cost per washing for more years, own a Maytag.

**Carl Bates Resigns As Superintendent Of Deerfield Schools**

(Continued from page 1)  
dence in Deerfield, and I will continue to take a very lively and, I hope, wholesome interest in the Deerfield school, if for no other reason than that I want my two sons to go through this school. I sincerely hope you will feel perfectly free to call upon me at any time for any assistance I may be able to give.

"I sincerely wish you and the school every success.  
"Very truly yours,  
"CARL E. BATES"  
(Original Signed)

**Dr. Stockwell Will Leave L. F. College**

Announcement has been made of the resignation from the faculty of Lake Forest college of Dr. La Tourrette Stockwell, who for the past year has acted as assistant to President Herbert McComb Moore, and as instructor in English. Dr. Stockwell leaves to assume a new position on the faculty of Lawrence college, Appleton, Wis.

Prior to her appointment at Lake Forest, Dr. Stockwell acted as research assistant to the late Warren H. Manning, dean of American landscape architects. She received her A.B. degree from Smith college, did two years of post graduate study at Trinity college, Dublin, and subsequently received her A.M.

and Ph.D. degrees from Radcliffe college, Harvard university. She is the author of numerous articles which have appeared in the Dublin Magazine Irish Booklover, Scholastic, Opportunity, etc. Her book on "The Dublin Theatre in the Eighteenth Century" is being published next month.

**Renovation of College Hall Will Cost \$15,000**

Work on the renovation of College hall, historic building at Lake Forest college, is now well under way and is scheduled to be completed the latter part of August.

The approximate sum of \$15,000 is being spent by the college in the building of fireproof concrete and steel stairways and in constructing a new entrance to the building. The project is a continuation of a program for the improvement of the college equipment which was started last year with the enlargement of Reid Memorial library at a cost of \$21,000.

College hall, the original college building, was erected in 1878 and has been in constant use since that time. Although originally it housed library, chapel, classrooms, laboratories and dormitories for men, it is now used largely for laboratories and recitation rooms.

**Attic Fan Night-Time Cooling Brings**

**SLEEPING-PORCH COMFORT IN EVERY BED ROOM!**

Come in for your **FREE Thermometer**  
. . . Then prove for yourself that it usually is at least 10° to 15° cooler outdoors than in your home at nightfall. (U. S. Weather Bureau statistics show that it averages 20° difference between maximum day temperature and minimum night temperature.)

Model illustrated costs only  
**\$84.50**  
(Small carrying charge for deferred payments)  
**QUIET, ECONOMICAL OPERATION**  
This Attic Fan for night-time cooling delivers 6000 cubic feet of air per minute.

**Corrects Air Conditions Throughout the Entire House**

Come in and get your FREE thermometer. Then compare temperatures for yourself . . . Tests show it is usually from 10° to 15° warmer in your home than outdoors at nightfall. Think of the added comfort for your family when you bring outdoor temperatures into bedrooms during sleeping hours.  
That's just what an Attic Fan Night-Time cooling system does—brings you low cost sleeping porch comfort for every bedroom. Because this system corrects air conditions three important ways . . . First, it drives out hot, stale daytime air . . . Second, it draws in cool night air . . . And, third, it cools all rooms with constant circulation.

Here's all you do. Open your windows in the cool of the evening and start the fan. Run it during the night. Then, as temperatures lower hourly outdoors, you get constantly falling temperatures indoors, and your whole family may enjoy refreshing sleep.

How easy it is to operate this system . . . and it's so easy to own, too! Inquire about special payment terms for an Attic Cooling System for your home. Come in today for complete details. Don't forget to ask for a FREE thermometer.

Other dealers are making attractive offers on air-conditioning units. Visit their stores NOW.
