

Improved Room Cooler Shown at Lake Forest Public Service Store

"That more and more people will be enjoying the comforts and health benefits of air conditioning is evident from an inspection of the new air conditioning equipment for both home and business," says B. H. Atwood Air Conditioning Engineer of the Public Service Co. of Northern Illinois.

The spotlight of achievement in air conditioning this year shines on several outstanding developments. Now completely self contained air conditioning units for small and medium sized stores bring the same air conditioning service that has been so successful in large buildings, trains, ships, theaters and big stores at a much lower cost.

These new commercial electric air conditioning units are entirely contained in attractive cabinets which occupy but little floor space and are easily installed in one day. It's a simple matter to move these units and reinstall them at another location if that becomes necessary.

While last year one manufacturer introduced a cabinet-type commercial air conditioning unit, this year sees them made available by several

manufacturers for the first time in sizes up to 5 horsepower. One or two units of this size will probably take care of 80 per cent of future air conditioning jobs in the commercial field according to Mr. Atwood.

Among the commercial air conditioning units now available are: Westinghouse, Chrysler, Frigidaire, General Electric, York and Carrier. Electric room coolers have also been improved, says Mr. Atwood. These room coolers now can be quickly installed in homes or offices without the need of water connections or drains. For all practical purposes they are simple plug-in appliances. Cabinets are neater in design. Units are more compact and much lighter in weight. Operation is quieter.

Cost of a unit may be as little as \$249, installed. There is a working model at the Lake Forest Public Service store on Market square, or a phone call to their office, Lake Forest 2360, will bring a special air conditioning engineer to estimate cost of installation.

Parallel with the development of electric room coolers has been the more and more extensive use of night air cooling systems. These systems are ideal for homes where the owner has not reached the point

where he can install complete air conditioning but at the same time he desires some form of home cooling. In this system the entire home as well as sleeping quarters is flushed with cool night air, lowering the temperature several degrees and affording a large measure of relief during hot weather.

There are over 150 units of air conditioning units in operation in the Lake Forest area.

Junior Gardeners Will Give Away Seedlings

It's been a busy week for the Junior Gardeners of Lake Bluff, who have worked many extra hours in order to finish the transplanting they began last Thursday under the direction of Mrs. William Harvey. It was entirely a demonstration lesson, with the children asking all the questions but doing the actual work themselves. If there ever was a task perfectly suited to small hands and little fingers, it is that of transplanting seedlings. At the next regular meeting of the group—today—Miss Greta Smith will give the lesson.

The Juniors who have more plants than they will need have expressed a desire to give them away to other children in the village. Anyone who would like to have some of the following seedlings—sweet alyssum, ageratum, and bachelor buttons may arrange to get them by telephoning L.B. 1972. Requests will be taken care of in the order in which they are received.

A note of thanks is due to Jean Hanson who offered to take care of the gardens of Mary Woodsmall and Cynthia Udell during the week these children are away at camp, and to Helen Jaynes for doing the transplanting in the garden of Don Neill who is also out of town this week. Jane Green has the tallest row of sunflowers and the ageratum she transplanted to make a border all around her garden is straight enough to have been done by a grown-up. Betty Green is very busy with a little plan which she has not yet divulged, and the boys with the vegetable gardens are waiting to see what the coming week will bring forth.

C. M. T. Camp Opening Today At Fort Sheridan

The regular Citizens' Military Training Camp for young men opens at Fort Sheridan today.

Nearly 1,500 men will attend the four-week period of military training and athletics at the Fort. Instruction will be given in the infantry, cavalry or field artillery, with the government furnishing food, clothing, shelter and expenses.

The men are divided into groups, according to previous training at these camps, and after satisfactory completing four years at camp and passing a physical examination, they are eligible for commissions in the Organized Reserve corps of the United States army at the age of 21.

C. M. T. campers totalled 1,143 at Camp Custer, Mich., 1,500 at Jefferson Barracks, St. Louis, Mo., 300 at Fort Brady, Mich., and 230 at Camp McCoy, Sparta, Wis.

Hollywood Music Masters On New Show at Bon Air

From Hollywood to Chicago, comes one of the greatest dance orchestras in America today. Jimmy Grier and his famous Hollywood Music direct from Hollywood's Biltmore Bowl after being the toast of Filmland for many years will open an indefinite engagement at the Bon-Air Country club, on Milwaukee avenue one mile north of Wheeling on Friday, July 8th.

Opening on Friday with the Grier orchestra, will be an all new musical revue with "The Singing Troubador," Nick Lucas, star of the Ford program, Rosalean and Seville, international dancers, the Robbins Family, who need little introduction to entertainment seekers, and Julia Gibson, singing star of many film productions and for many years featured vocalist with Jimmy Grier and his orchestra. The Sixteen Bon-Air Glamour Girls will continue to thrill audiences with their intricate routines in the forth coming musical. The new open air roof garden with dancing has already become a popular rendezvous with the smart set at the Bon-Air.

"In Old Chicago"—The mightiest spectacle thrill any picture ever gave you. A picture of America with its shirt-sleeves rolled up . . . forging the fate of a great city and a great nation . . . Old Chicago when it was new, raw, bold . . . the raucous boom town of easy money and easy ways . . . and in it, courageous pioneers; gaudy palaces of pleasure; sprawling acres of squalid, crowded shacks; overnight wealth won by a moment's daring. The story of the magnificent O'Learys, iron-souled and great-hearted who loved and hated and fought, helping to make Chicago what it was . . . all of the worst and all of the best of America. Tyrone Power, Alice Faye, Don Ameche and Alice Brady are just a few of the many who are starred in this splendid attraction atre screen this coming Sunday, which will be on the Alcyon Theatres Monday, Tuesday and Wednesday.

Hospital Auxiliary Meets The monthly meeting of the Woman's Auxiliary of the Highland Park hospital will be held on July 13th at 10:30 a.m. at Trinity church Parish house. Luncheon will be served at noon.

Legal Notices NOTICE OF PUBLIC HEARING NOTICE is hereby given that a public hearing will be held in the Council Chamber in the City Hall in the City of Highland Park, Illinois, on Tuesday, the 26th day of July, 1938, at 7:15 o'clock P.M. which said public hearing will be conducted by the undersigned, the Zoning Committee for the City of Highland Park, designated and appointed by the Council of the City of Highland Park for that purpose to consider amending an ordinance entitled: "AN ORDINANCE Amending an Ordinance Entitled 'An Ordinance to regulate and limit the height and bulk of buildings; to regulate and

limit the intensity of the use of lot areas and to regulate and determine the area of open spaces within and surrounding such buildings; to classify, regulate, and restrict the location of trades and industries and the location of buildings designed for specified industrial, business, residential, and other uses; to divide the entire City of Highland Park into districts for the purpose of this ordinance; to fix standards to which buildings or structures shall conform; to prohibit uses, buildings, or structures incompatible with the character of such districts respectively; and to prevent additional uses and alterations or remodeling of existing buildings or structures in such a way as to avoid the restrictions and limitations lawfully imposed hereunder, and to provide penalties for violation hereof," as amended" in the following manner:

That part of East Central Avenue lying between the present business district ("C" District) and the west line of Linden Avenue, said property being known by legal description as Lots 5, 6, and 7, Block 22 and Lots 6, 7, 8, 9, 10, 11, 12, and 13, Block 23, City of Highland Park.

At said public hearing an opportunity will be afforded to all persons interested in the change above mentioned to be heard in relation to said proposed amendment.
