CHRISTIAN SCIENCE CHURCHES

"Sacrament" was the subject of the Lesson-Sermon in all Churches of Christ Scientist, on Sunday, July

The Golden Text was, "Let us keep the feast, not with old leaven, neither with the leaven of malice and wickedness; but with the unleavened bread of sincerity and truth" (I Corinthians 5:8).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Have mercy upon me, O God, according unto the multitude of thy tender mercies blot out my transgressions. Create in me a clean heart, O God: and renew a right spirit within me. Restore unto me the joy of thy salvation; and uphold me with thy free spirit" (Psalms 51: 1, 10, 12).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "We cannot choose for ourselves, but must work out our salvation in the way Jesus taught. First in the The Sunday morning service is list of Christian duties, he taught his followers the healing power of Truth and Love. Science Replaces **Home Treatment**

The care of the feet was brough to our attention to no small extent in the late war, and there is not a man, woman or child in the country who does not know the importance of their care. In spite of this knowledge there is hardly any other part of the human body that receives less care.

The removal of corns and bunions is still left to the family razor in unskilled hands or to cheap patent medicines that threaten the user with blood poison or other serious maladies. Broken arches are left to illfitting supports purchased from unskilled dealers which bring pain and disaster to the wearer.

Now let us consider science. With sterilized instruments and employing the most modern methods of his profession, Dr. G. A. Spector, whose office is located in Cutler's Beauty Shop, 18 N. Sheridan road, is able to treat the feet and bring constant ready relief.
